SUBJECT: Results of Continuous Auditing Using CAATS:
Auditor-Controller, Human Resources, & County Procurement
Office – Duplicate Vendor Payments and Other Routines

OBJECTIVES

Each month, the Internal Audit Department conducts a variety of continuous auditing of vendor payment and payroll activity utilizing Computer-Assisted Audit Techniques (known by the acronym CAAT). Our objectives are to analyze selected vendor payment and payroll data to identify:

1. **Duplicate Payments:** Duplicate payments made to vendors. This CAAT is performed monthly.
2. **Employee Vendor Match:** Employees that bought goods or issued contracts to themselves or a related vendor. This CAAT is performed quarterly.
3. **OC Working Retiree/Extra Help Hours:** County retirees working as extra help in excess of mandated hour limits of 960 or 720 hours for FY 10-11. The mandated limits required by Government Code Sections 31680.6 and 31641.04 are per fiscal year and this CAAT is performed monthly and annually.
4. **Payroll Direct Deposits:** Multiple employee paychecks directly deposited to the same bank account which could be an indicator of inappropriate payments. This CAAT is performed monthly.

BACKGROUND

Continuous auditing is a change to the traditional audit approach of periodic reviews of a sample of transactions to ongoing audit testing of 100 percent of transactions. Continuous auditing provides efficient and timely testing of transactions and/or controls to allow immediate notification and remediation by management. An important component of continuous auditing is the development of models for the ongoing (continuous) review of transactions at, or close to, the point at which they occur.

As a supplement to traditional audits performed, Internal Audit performs continuous auditing of selected vendor payment and payroll activities utilizing Computer Assisted Audit Techniques (CAATs).

CAATs are automated queries applied to large amounts of electronic data searching for specified characteristics. We use a proprietary, best practices and industry recognized software product to help us in this process.

CAATs differ from our traditional audits in that CAATs can query **100%** of a data universe whereas the traditional audits typically test but a **sample** of transactions from the population.

Resulting exceptions or findings are forwarded to the appropriate department for validation and/or resolution. Depending on the department's review, the exceptions may or may not be a finding.

Often there is additional data needed to validate the exception that is only known at the department level. We also partner with the departments to identify internal control enhancements with the purpose of preventing future occurrences of the type of findings identified by the CAATs.

We are keeping the details of our process and the vulnerabilities identified to a general discussion because of the risks associated with disclosing specific details of our financial and accounting processes.

SCOPE

This report details the CAAT work we performed in December 2010. Our analysis included a review of the following data:

1. **Duplicate Payments:** 16,843 vendor invoices totaling \$145,535,122 for potential duplicate payments.
2. **Employee Vendor Match:** This routine is performed on a quarterly basis; therefore, it was not performed in November 2010. The next analysis will be performed at 12/31/10.
3. **OC Working Retiree/Extra Help Hours:** County working retiree/extra help hours worked during FY 10/11 for individuals exceeding annual limits of 960 or 720 hours, as mandated by Government Code Sections 31680.6 and 31641.04.
4. **Payroll Direct Deposits:** 36,801 payroll direct deposit transactions processed for pay periods #23 (10/22/10 – 11/4/10) and #24 (11/5/10 – 11/18/10) for suspicious direct deposit activity.

RESULTS

For the month of December 2010, we found the following:

■ **Objective #1 - Duplicate Payments:**

We identified one (1) duplicate payment made to a vendor totaling \$10,874 or .007% of the **\$146 million** of vendor invoices processed during November 2010.

Value-added Information

Based on the to-date recoveries of **\$904,864** from the duplicate vendor payment routine, these computer assisted routines have paid for themselves and are returning monies to the County that may otherwise be lost. To date, we have issued 103 monthly performance reports for the CAATs.

■ **Objective #2 – Employee Vendor Match:**

This routine is performed on a quarterly basis. All potential employee/vendor matches identified to date have been researched and resolved to HRD's satisfaction.

■ **Objective #3 – OC Working Retiree/Extra Help Hours:**

As of 11/23/10, no working retirees exceeded the annual limits of 960 or 720 hours for FY 10/11, as mandated by Government Code Sections 31680.6 and 31641.04.

■ **Objective #4 – Payroll Direct Deposits:**

Analysis performed with no findings noted.

See the Detailed Results section for further information.

Detailed Results

1. Duplicate Payments (Objective #1)

We used a CAAT routine to identify potential duplicate payments made to vendors during November 2010.

A. Results

We identified one (1) duplicate payment for \$10,874 or .007% of the \$146 million of vendor invoices processed during November 2010. The Auditor-Controller continues to investigate all duplicate payments and is pursuing collection. Currently, the County has a recovery rate of about **94%** on these duplicate payments that have been identified since the inception of the CAAT routines.

The table below summarizes the duplicate payment activity to date:

B. Background

This CAAT routine concentrates on a sub-set of vendor invoices paid by the County that possesses certain common attributes. The sub-set excludes one-time payments (such as election worker pay, jury duty pay, etc.) as well as recurring payments (periodic payments to the same payee for the same amount such as welfare, family support, etc.).

During the month of December 2010, 16,843 invoices for \$145,535,122 were added to this data sub-set representing November 2010 transactions. Currently, the data sub-set includes 1,141,195 invoices totaling \$12,154,291,049.

Detailed Results

The total data file from which the sub-set is derived includes 3,311,991 records totaling \$24,755,519,829. For FY 09-10, established vendor payments were about \$2.2 billion.

Our prior research has indicated that the duplicate payments are typically caused by a compounded human clerical error.

2. Employee Vendor Match (Objective #2)

We used a CAAT routine to identify employees that share a similar address or phone number as a vendor. This may identify employees buying goods or issuing contracts to themselves or a related vendor. This routine is performed quarterly.

Status:

All potential employee/vendor matches identified to date have been researched and resolved to HRD's satisfaction. Our next analysis will be performed at 12/31/10.

3. OC Working Retiree/Extra Help Hours (Objective #3)

We performed an analysis of working retiree hours to identify retirees working as extra help in excess of Government Code Sections 31680.6 and 31641.04 mandated limits.

Our criteria are 960 hours (maximum allowed for regular retirees) or 720 hours (maximum for early retirees) during the fiscal year (FY).

Status:

The Government Code Section 31680.6 and 31641.04 mandated limits are per fiscal year and we perform this review monthly. To date in FY 10-11, there have been approximately 91 OC working retirees with hours; non-County working retirees are excluded from these totals (e.g. Superior Court, OCERS, LAFCO, etc.). As of November 23, 2010, no individuals have exceeded the annual limits for FY 10-11.

For FY 10-11, OC working retiree/extra-help data as of November 23, 2010 is:

Department	No. of OC Working Retirees	Total FY Hours to Date
Sheriff-Coroner	59	16,379
District Attorney	9	3,504
Health Care Agency	10	3,129
Assessor	9	1,807
OC Public Works	2	666
County Counsel	1	388
Auditor-Controller	1	289
Total	91	26,162

4. Payroll Direct Deposits (Objective #4)

We used a CAAT to identify multiple employee paychecks directly deposited to the same bank account in the same pay period. We review results to determine there has been no irregular direct deposit activity. For FY 09-10, direct deposits for regular payroll were about \$1.3 billion.

Results:

This CAAT was applied in December 2010 with no significant findings.
