January 27, 2016

Honorable Mayor, Mayor Pro Tem and Members of the City Council:

The Comprehensive Annual Financial Report of the City of La Habra (City) for the fiscal year ended June 30, 2016 is hereby submitted. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City Administration. To the best of our knowledge and belief, the enclosed data are accurate in all materials respects and are reported in a manner designed to present fairly the financial position and results of operations of the various funds of the City. Disclosures necessary to enable a reader to gain an understanding of the City’s financial activities have been included. A more comprehensive analysis of the City’s financial health can be found in the Management Discussion and Analysis section of this report.

FISCAL YEAR 2015-2016 COMPREHENSIVE ANNUAL FINANCIAL REPORT

The City is required to undergo an annual audit in conformity with the provisions of the Single Audit Act and the U.S. Office of Management and Budget’s Uniform Guidance, *Uniform Administrative Requirement, Cost Principles, and Audit Requirements for Federal Awards*. Information related to this single audit, including a schedule of expenditures of federal awards and the independent auditor’s reports on internal controls and compliance with applicable laws and regulations, is included in a separately issued compliance report.

This report includes all funds of the City (the primary government), as well as all of its component units. Component units are legally separate entities for which the primary government is financially accountable. The component units are controlled by common governing boards and, therefore, are represented as blended component units for financial reporting purposes. Blended component units, although legally separate entities are, in substance, part of the primary government’s operations and are included as part of the primary government. Accordingly, the La Habra Civic Improvement Authority (CIA), the La Habra Housing Authority (Housing Authority), and the Utility Authority of the City of La Habra (Utility Authority) are reported as funds of the primary government. In addition, the City has assumed fiduciary responsibility for the Successor Agency to the Redevelopment Agency of the City of La Habra (Successor Agency) and is reported as a Private-Purpose Trust.

The City provides a full range of traditional municipal services. Police services are provided through a department operating under the direct control of the City while fire services are contracted with the Los Angeles County Fire Department. The City’s Utility Authority operates a water distribution system and a wastewater collection system. The collection of solid waste (refuse) is provided as a City service through a franchise arrangement with a private firm. The City provides for construction, repair, and maintenance of streets, parks and storm water collection systems and is responsible for the administration and enforcement of housing and building codes, as well as economic and community development activities. The City also provides various community and social services, recreational activities and cultural events.

CITY LOCATION AND CHARACTER

The City of La Habra (population 62,064) is located in the northwest corner of the County of Orange, California, approximately 20 miles east of downtown Los Angeles. La Habra is known as a unique suburban residential community where residents have access to, and participate in, the greater Orange County and Los Angeles County economies. La Habra is largely built out (90 percent developed by the mid-1970's), with the majority of residential housing constructed in the 1950's.

Net Taxable Assessed Value (NTAV) for FY 15/16 was \$5,658,515,566, which is 6.4% more than FY 14/15. Based on data from the 2010-2014 U.S. Census Bureau-American Community Survey 5-year Estimates, the median household income is higher than the national average, but is lower than the average of Orange County cities.

The City is largely residential with a stable population that has remained virtually unchanged over the past decade. Unemployment had been relatively modest through 2007; however, it began increasing in 2008 due to the global recession that started that year. Since the end of the recession the City's unemployment has gradually declined and was 5.0% in August 2016 (latest available data).

FINANCIAL INFORMATION

The management of the City of La Habra is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the government are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: 1) the cost of a control should not exceed the benefits likely to be derived; and, 2) the valuation of costs and benefits requires estimates and judgments by management.

Single Audit

As a recipient of federal, state and local financial assistance, the City is responsible for ensuring that an adequate internal control structure is in place to ensure and document compliance with applicable laws and regulations related to these programs. This internal control structure is subject to periodic evaluation by management.

As part of the City's single audit, tests are made to determine the adequacy of the internal control structure, including that portion related to federal financial assistance programs, as well as to determine that the City has complied with applicable laws and regulations. The results of the City's single audit for the fiscal year ended June 30, 2016 are provided under a separate report.

Budget Controls

The City maintains extensive budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the annual budget appropriation adopted by resolution of the City Council for the General Fund, the Debt Service Fund, the Capital Project Funds, the Enterprise Funds, the Internal Service Funds, and the Special Revenue Funds. Some Special Revenue Funds are not included in the annual appropriation resolution, but are adopted separately on an as needed basis. Formal budgetary integration is employed as a management control during the year. Supplemental appropriations are approved by the City Council in the form of budget amendment motions, contract/project approval actions, or as part of special grant authorizing motions. The level of budgetary control is at the individual fund level, but management control is exercised at budgetary line-item level.

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded to restrict or assign that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in all governmental and proprietary funds. Encumbrances outstanding at year-end are reported as restricted or assigned fund balance in the fund balance section of the balance sheet since they do not constitute expenditures or liabilities.

The budget has been prepared in accordance with generally accepted accounting principles (GAAP). The budget statement (combined statement of revenues, expenditures and changes in fund balance), budgeted and actual, is presented on the same basis of accounting used in preparing the adopted budget.

As demonstrated by the statements and schedules included in the financial section of this report, the City continues to meet its responsibility of sound financial management.

Long-Term Financial Planning

The City typically prepares two levels of financial planning for review by its governing body. The first level involves the preparation, presentation and adoption of the City's annual operating budget. This planning effort takes into account current projects, programs and staffing levels to determine the proper level of resource allocation necessary to effectively operate the City government on a year to year basis. This short-term financial plan is flexible and can be modified by Council action to adjust for changing revenue estimates, new programs or projects, or other unanticipated operating and capital costs. The annual adopted budget is reviewed by the City Council at mid-year to determine estimated year end revenue and expenditure performance of the General Fund and other major operating funds. Amendments are approved as necessary to reflect changing financial conditions or funding availability with the goal of maintaining a balanced budget at year end.

In addition, the City prepares and updates long-term capital plans, revenue estimates, and economic projections to account for high-cost long-term capital needs, major infrastructure improvement programs, and changing trends in the City's revenue and economic base. As part of the annual budget, the City updates its five year revenue projection model to take into account current and projected economic trends, major changes in revenues and expenses, and future capital needs. These models are based on other long-term financial plans developed by City departments, including a seven year capital project plan, a multi-year pavement management plan, a ten year water system master plan and a twelve year sewer system master plan. Each capital plan is updated every one to five years depending on the need for such updates or to account for major changes. The information provided by the City's long-range capital plans is also used to determine the potential net benefit of securing long-term capital financing via debt versus the use of current cash or other resources on a pay-as-you-go basis.

General Fund Balance

The total General Fund balance as of June 30, 2016 was \$8.8 million. Of this amount, \$7.4 million is considered non-spendable and unavailable for appropriation and \$0.4 million is considered restricted. The remaining balance of \$1.0 million represented unassigned or available portion of fund balance.

During the fiscal year, the General Fund entered into a lease agreement with the Civic Improvement Authority to borrow \$5.6 million from Bank of the West for assistance in funding the construction of the new civic center. This resulted in a reduction of available fund balance. However, the City is planning to pay off the lease obligation with proceeds from sale of the current city hall in fiscal year 2016-2017. After the lease obligation is paid off, the available fund balance will immediately increase by \$5.6 million.

Long-Term Liabilities

As of fiscal year ended June 30, 2016, the City had several outstanding debt issues and other long-term liabilities totaling \$137.3 million (excluding deferred gain/loss on refunding), including:

- \$0.9 million in refunding special tax bonds reported in the Successor Agency Private-Purpose Trust Fund
- \$17.0 million in certificates of participation
- \$5.6 million in tax allocation bonds reported in the Successor Agency Private-Purpose Trust Fund
- \$38.8 million in revenue bonds
- \$5.6 million in property lease financing
- \$1.5 million in various notes, leases and loans of which \$0.6 million is reported in the Successor Agency Private-Purpose Trust Fund
- \$4.5 million for claims payable
- \$4.9 million for compensated absences
- \$2.8 million for pollution remediation liability
- \$2.3 million for postemployment benefit obligation
- \$54.4 million for net pension liability

The City, as a separate legal entity, has no general obligation debt outstanding.

Capital Assets

The capital assets of the City's governmental activities are those used in the performance of general government functions and exclude the capital assets of the Enterprise Funds and the Successor Agency Private-Purpose Trust Fund, but does include the capital assets of the Internal Service Funds. As of June 30, 2016, the capital assets (net of depreciation) of the City's governmental activities amounted to \$96.4 million. This amount represents the original cost of the assets or estimated historical cost if actual historical cost is not available. Depreciation of capital assets is recognized in the City's financial statements using the straight-line method based on the estimated useful life of an asset.

Enterprise Operations

The enterprise operations of the City comprise several distinct business-type activities as shown in the following table:

Enterprise Operation	Net Position Beginning (Restated)	Operating Revenue	Operating Expenses	Non-Operating Revenues (Expenses)	Net Transfers In and (Out)	Net Position Ending
Water	\$ 22,101,043	\$ 12,209,656	\$ 10,029,994	\$ (1,681,122)	\$ 464,337	\$ 23,063,920
Sewer	7,689,234	1,628,705	1,934,381	35,748	(281,293)	7,138,013
Housing Authority	5,615,493	1,645,982	939,392	(796,211)	168,823	5,694,695
Refuse	2,450,096	3,995,558	3,402,733	63,498	(139,067)	2,967,352
Children's Museum	332,694	507,169	534,402	5,379	97,504	408,344
Mobile Home Lease	3,073,763	2,780,492	2,385,696	12,000	-	3,480,559
	\$ 41,262,323	\$ 22,767,562	\$ 19,226,598	\$ (2,360,708)	\$ 310,304	\$ 42,752,883

INDEPENDENT AUDIT

An annual audit of the accounting and financial records of the City of La Habra is conducted by independent certified public accountants to meet the requirements of the Single Audit Act and the related U.S. Office of Management and Budget's Circular A-133, *Audits of State and Local Governments and Non-profit Organizations*. The auditors are required to audit all opinion units of the City in accordance with auditing standards generally accepted in the United States of America and the standards set forth in the General Accounting Office's *Government Auditing Standards*. The firm, White Nelson Diehl Evans, LLP, has been hired by the City under the terms of a multi-year agreement to perform auditing services.

The auditor's report on the basic financial statements and supplementary information is included in the financial section of this report. The auditor's reports on compliance and internal control over financial reporting based on an audit of financial statements performed in accordance with government auditing standards can be found in a separately issued compliance report.

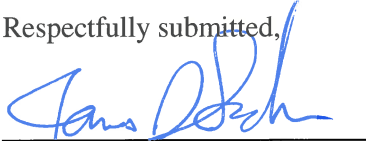

ACKNOWLEDGEMENTS

The preparation of the Comprehensive Annual Financial Report could not have been accomplished without the effort and professionalism demonstrated by the Department of Finance and Administrative Services staff. Preparation of annual financial statements requires a major effort from the entire accounting staff and we would like to express our appreciation to everyone who assisted and contributed to the effort, particularly Director of Finance Melvin Shannon, Finance Manager Jack Ponvanit, Accounting Supervisor Mary Ann Sy, Senior Accountant John Balderas, Accountant II Zukie Chiu, and Accountant Sue Suriati.

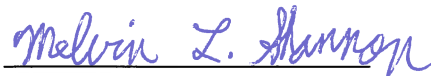

We wish to acknowledge the professional manner in which White Nelson Diehl Evans, LLP conducted the audit and express our appreciation for their assistance and expertise.

We also thank the City Council for their commitment and support in planning and conducting the financial operations of the City in a fiscally responsible manner.

Respectfully submitted,

FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

To the Honorable City Council
of the City of La Habra
La Habra, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of La Habra, California (the City), as of and for the year ended June 30, 2016, and the related notes to the basic financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note (3)(e) to the financial statements, the City has restated the governmental activities and business-type activities net position in the fiscal year 2015-16 financial statements. In addition, the City has restated fund balances of the General Fund, Other Capital Projects Capital Projects Fund, and the Non-major Governmental Funds and has restated the net position of the Water Enterprise Fund, the Housing Authority Enterprise Fund and the Internal Service Funds in the fiscal year 2015-2016 financial statements. Our opinions are not modified with respect to this matter.

Other Matters

Report on Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the postemployment healthcare plan schedule of funding progress, the schedule of changes in net pension liability and the schedule of contribution related to the agent multiple-employer defined benefit miscellaneous pension plan, the schedule of the City's proportionate share of the net pension liability and the schedule of contribution related to the cost sharing defined benefit safety pension plans, and budgetary comparison schedules for General Fund and Child Development Special Revenue Fund, identified as Required Supplementary Information (RSI) in the accompanying table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the RSI in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during the audit of the basic financial statements. We do not express an opinion or provide any assurance on the RSI because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual non-major fund financial statements, budgetary comparison schedules, and Measure T Transaction and Use Tax: Use of Funds schedule (supplementary information), and statistical section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Other Matters (Continued)

Other Information (Continued)

The supplementary information, as listed in the table of contents, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 27, 2017, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

White Nelson Dick Evans LLP

Management's Discussion and Analysis

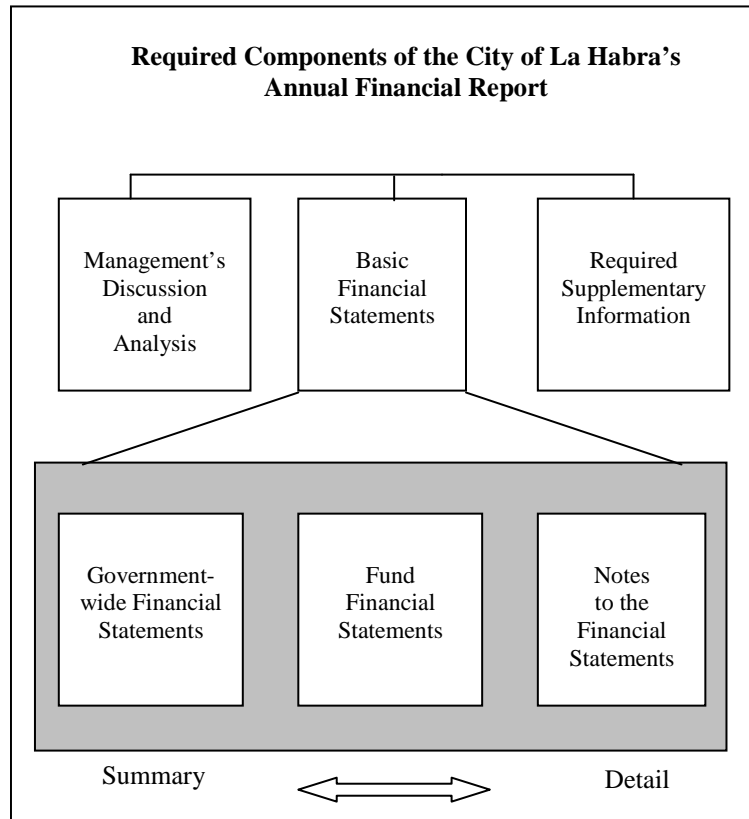

In an effort to provide insight and perspective to the City of La Habra's (City) annual financial statements, staff has prepared this management discussion of the financial activities of the City for the fiscal year ended June 30, 2016. The intent of this discussion is to assist the reader to better understand the fiscal condition of the City. Readers are encouraged to consider the information presented here in conjunction with the summary information found in the transmittal letter and the detailed information found in the body of the financial statements.

Overview of the Financial Statements

The City's annual financial report consists of four parts – *management's discussion and analysis* (this section), the *basic financial statements*, *required supplementary information*, and an optional section that presents *combining statements* for non-major governmental and enterprise funds, internal service funds, and fiduciary funds. The basic financial statements include two kinds of statements that present different views of the City.

- The first two statements are *Government-wide Financial Statements* that provide both *long-term* and *short-term* information about the City's overall financial status.
- The remaining statements are *Fund Financial Statements* that focus on *individual* parts of the City government, reporting the City's operations in *more detail* than the Government-wide Statements.
 - The *Governmental Fund* Statements detail how *general government* services such as public safety were financed in the *short term* as well as what remains for future spending.
 - *Propriety Fund* Statements offer *short-* and *long-term* financial information about the activities the City operates *like businesses*, such as the water and sewer services.
 - *Fiduciary Fund* Statements provide information about the financial relationships in which the City acts solely as a *trustee* or *agent* for the benefit of others to whom the resources belong.

The financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements. In addition to these required elements, the City has included a section with combining statements that provide detail about non-major governmental funds, enterprise funds, internal service funds, and fiduciary funds, which are added together and presented in single columns in the basic financial statements.

The remainder of this overview section of management’s discussion and analysis explains the structure and contents of each of the statements.

Government-wide Financial Statements

The Government-wide Financial Statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes *all* of the City’s assets, deferred outflows of resources, liabilities, and deferred inflows of resources. All of the fiscal year’s revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two Government-wide Financial Statements report the City’s *net position* and how it has changed. Net Position – the difference between the City’s assets plus deferred outflows resources and liabilities plus deferred inflows of resources – are one way to measure the City’s financial health, or *position*. Over time, increases or decreases in the City’s net position is an indicator of whether the City’s financial health is improving or deteriorating, respectively. One needs to consider additional non-financial factors, such as changes in the City’s property tax base and the condition of the City’s infrastructure, to assess the overall fiscal condition of the City.

The Government-wide Financial Statements of the City are divided into two categories:

- *Governmental activities* – Most of the City’s basic services, such as police, fire, public works, community services, community development, and general administration, are included here. Taxes, revenues from other governments and agencies, income from property and investments, grants and contributions, and charges for services finance most of these activities.
- *Business-type activities* – The City charges fees to customers to cover the costs of certain services it provides. The City’s water, sewer, refuse, and housing authority are the primary business-type activities.

Fund Financial Statements

The Fund Financial Statements provide more detailed information about the City’s most significant *funds* – not the City as a whole. Funds are accounting devices that the City uses to keep track of specific sources of funding and spending for particular purposes.

Some funds are required by State law or bond covenants, while the City establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

The City has three types of funds:

- *Governmental funds* – Most of the City’s basic services are included in governmental funds. These funds are used to account for (1) *cash and other financial assets* that can readily be converted to cash flow in and out, and (2) balances left at year-end that are available for spending. Consequently, the Governmental Funds Statements provide a detailed *short-term* view that helps the reader determine the amount of financial resources that can be spent in the near future to finance the City’s programs. Reconciliation between the long-term and short-term focus of the Government-wide Financial Statements is provided immediately following each statement. The basic financial statements also include budgetary comparison schedules as required supplementary information for the General Fund and Child Development Special Revenue Fund to demonstrate compliance with the annual budget as adopted and amended.
- *Proprietary funds* – Services for which the City charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the Government-wide Financial Statements, provide both long- and short-term financial information.

- There are two types of proprietary funds: *enterprise funds* and *internal service funds*.
 - o The City uses *enterprise funds* to report activities that provide business-type services, generally to external customers – such as water, sewer and refuse services. In both the Government-wide Financial Statements and the Fund Financial Statements, these funds are shown under business-type activities.
 - o The City uses *internal service funds* to report activities that provide service and support for the City’s other programs and activities – such as fleet maintenance and replacement, liability management, and information technology. The majority of this activity is included in the governmental activities in the government-wide financial statements.
- *Fiduciary funds* – These funds are used to account for situations where the City’s role is purely custodial, such as the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments. All of the City’s fiduciary activities are reported in a separate Statement of Fiduciary Net Position. The City excludes these activities from the Government-wide Financial Statements because the City cannot use these assets to finance its operations.

Financial Analysis of the City as a Whole

Net Position

As noted earlier, comparing net position over time may serve as a useful indicator of the City’s financial position. The following is an analysis that summarizes the City’s net position (Table 1) at fiscal year ended June 30, 2016, and 2015, respectively:

**TABLE 1
STATEMENTS OF NET POSITION**

	Governmental Activities		Business-Type Activities		Total		Change (\$)	Change (%)

Net Investment in Capital Assets

The City's *combined* net position for the fiscal year ended June 30, 2016, as shown above, was \$116.3 million. 94.8% of this the net position, or \$110.2 million, represents capital assets such as land, buildings, machinery, equipment, and infrastructure, less depreciation and any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets cannot be easily liquidated and are ***not*** available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other revenue sources since the capital assets themselves are not usually able to pay for the associated debt.

Restricted Net Position

12.3%, or \$14.3 million, of the City's net position represents resources that are subject to external restrictions regarding how they may be used. The restricted net position for public works increased \$4.8 million during the FY 15/16 primarily due to park and development impact fees collected from developers.

Unrestricted Net Position

The unrestricted net position of the City's business-type activities total \$19.4 million, and these resources cannot be used to help fund general governmental activities. The City can only use these resources to finance the continuing operations of its enterprise funds such as the Refuse fund, Mobile Home Lease fund and the Children's Museum, or its agencies and authorities, such as the Utility Authority and Housing Authority. That leaves a negative \$27.7 million balance of unrestricted net position in the governmental activities. The negative unrestricted net position is primarily the result of the City's unfunded net pension liability.

During the current fiscal year, the City restated the beginning net position for \$6.9 million due to overstatement of receivables and understatement of cash and investments, payables and capital assets. Although the City's combined total net position increased by \$6.0 million during the current fiscal year, the condensed statement of net position above shows an increase in net position of \$12.9 million. The Statement of Net Position for FY 14/15 presented in Table 1 above was not restated.

Changes in Net Position

The condensed summary of activities (Table 2) shows that the City's total net position increased by \$6.0 million during the year with Governmental Activities accounting for \$5.0 million of that increase.

Approximately 55.0% of the City's governmental revenue is generated through taxes collected (property, sales and use, transaction and use, and franchise), and approximately 97.7% of the City's business-type revenue is generated through charges for services.

Net Position - Beginning of Year, as Restated	68,554,937	61,276,344	41,698,804	39,864,933	110,253,741	101,141,277
Net Position - End of year	\$ 73,529,987	\$ 62,377,180	\$ 42,752,883	\$41,018,505	\$116,282,870	\$103,395,685

Governmental Activities

The increase in net position for *governmental* activities was \$5.0 million, caused as a result of total revenues for *governmental* activities of \$59.5 million being offset by \$54.6 million in total costs for *governmental* activities, with transfers in from the business-type activities of \$0.1 million.

The primary reason for growth in net position is due to a steady growth in economy which increased most of general revenues compared to the prior fiscal year. The combination of property tax, sales tax, transaction tax, and franchise tax increased by \$2.0 million or 6.7% compared to FY 14/15.

Non-tax program revenues are generated through several sources to cover the cost of the City's programs. Charges for Services increased significantly by \$4.0 million due to park and development impact fees collected from developers. Meanwhile, Operating Grants and Contributions reflect a slight decrease of \$0.4 million compared to FY 14/15 due mainly to the decrease in activities in Community Development Block Grant and Air Quality Management District programs, resulting in less operating grant reimbursements in FY 15/16. Capital Grants and Contributions increased by \$1.0 million due mainly to construction project activities which were being reimbursed through Measure M2 grant fund.

The City of La Habra is a full-service city providing residents, businesses and visitors with the following functional services:

General Government is comprised of four departments (City Manager, City Clerk, Finance, and Human Resources) providing general governance, executive management, legal services, public information, human resources, records management, information technology, accounting, budget, treasury, utility customer service and purchasing.

Public Safety is comprised of Police Service and Fire Service (contracted with Los Angeles County Fire Department) providing general law enforcement, public safety dispatch, fire suppression, fire prevention, paramedic services and emergency preparedness.

Public Works is comprised of the following seven divisions; engineering, fleet, NPDES, parks, refuse, streets, and water/sewer. The department is responsible for water production, and distribution, sewer system maintenance, maintenance of streets, sidewalks, traffic systems, gutters and storm drains, maintenance of parks, civic building landscaping, administration of refuse and recycling programs, and maintenance and replacement of the City's fleet. The department is also responsible for the design and construction of new and replacement of public facilities and infrastructures.

Community Development is comprised of four divisions (Planning, Building, Community Preservation, and Housing Economic Development) providing planning, zoning and building services, redevelopment services, economic development and housing services.

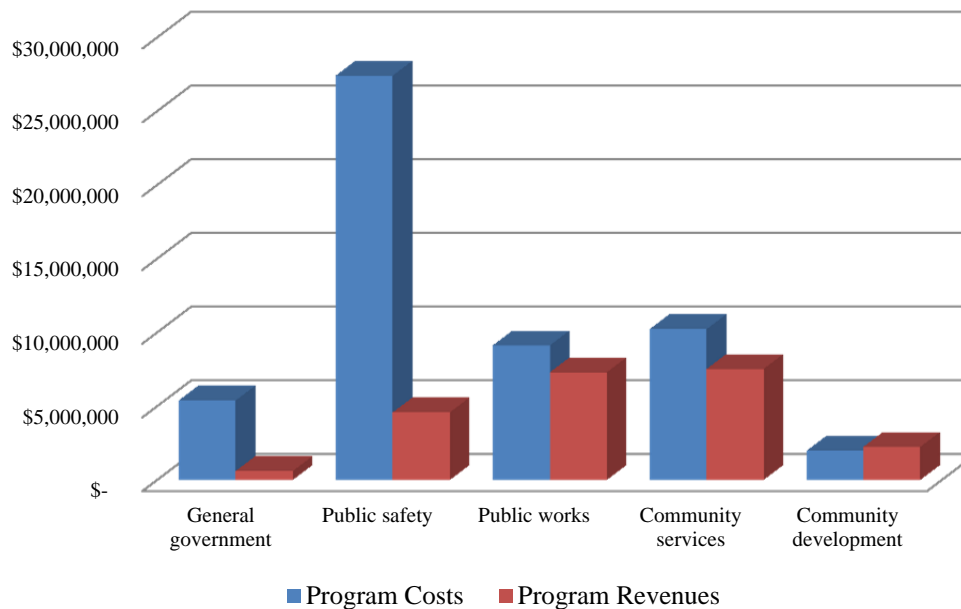

Community Services is comprised of six divisions (Building Maintenance, Child Development, Children's Museum, Employment and Training, Recreation, and Senior and Social Services) providing various programs, services, and special events for the citizens

Table 3 presents the cost of each program as well as each program's net cost (total cost less revenue generated by the program activities). The net cost shows the extent to which the City's general revenues support each of the programs.

**TABLE 3
GOVERNMENTAL ACTIVITIES

**Program Costs VS Program Revenues
Governmental Activities FY 15/16**

Business-Type Activities

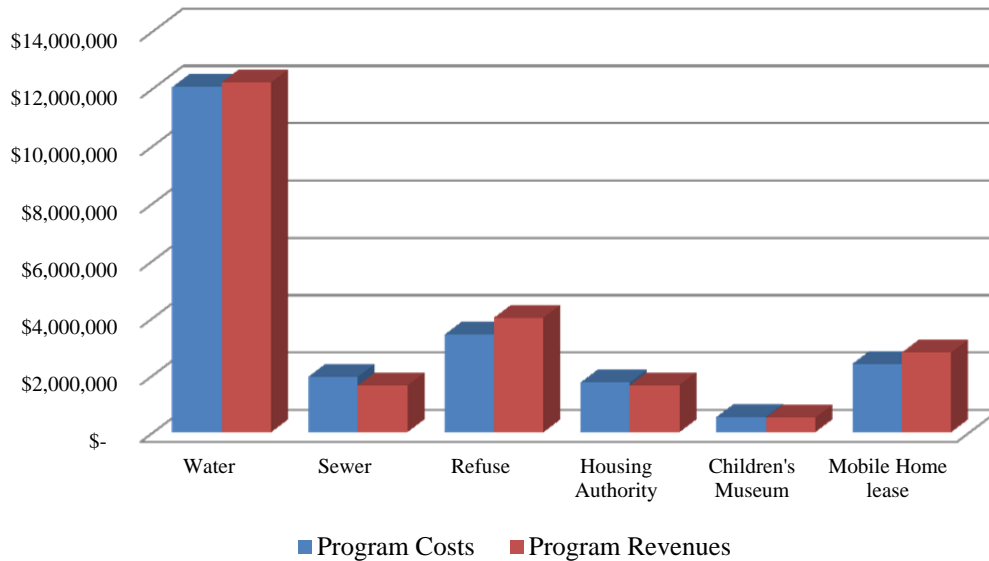

As of June 30, 2016, the revenues of the business-type activities decreased by 0.8%, or \$0.2 million (\$23.3 million in 2016 compared to \$23.5 million in 2015) and expenses decreased by 0.7%, or \$0.2 million. The factors driving these results include:

- The total water consumption decreased by 16.2% due to the impact of the mandatory water conservation regulation in April 2015 which requiring an immediate 25% reduction in overall potable urban water uses statewide. Meanwhile, utility rates increased by 4.2% effective on January 1, 2016. As a result, total revenues in water enterprise fund decreased by approximately \$1.0 million comparing to prior year while revenues of the other funds in business-type activities either remained unchanged or slightly increased comparing to prior year.
- The decrease in expenses can primarily attributed to decrease in water purchase due to reduction in consumption and a \$0.5 million one-time adjustment of pollution remediation liability for estimated project costs related Vista Grande project in refuse enterprise fund.

**TABLE 4
BUSINESS-TYPE ACTIVITIES
PROGRAM COSTS VS PROGRAM REVENUES**

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, Assigned and Unassigned fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of June 30, 2016, the City's governmental funds reported combined ending fund balances of \$28.3 million, a decrease of \$3.0 million compared to the prior fiscal year. The following fund balances are considered to be non-spendable, restricted, or assigned for the City:

- \$7.3 million non-spendable for long-term advances
- \$59,072 non-spendable for inventories
- \$38,734 non-spendable for prepaid items
- \$0.4 million restricted for public works
- \$12.8 million restricted for special revenue funds
- \$6.6 million assigned for capital projects fund.

The General Fund is the chief operating fund of the City and, as of June 30, 2016, had a total fund balance of \$8.8 million. The General Fund ended the year with \$4.3 million in operating surplus primarily due to increase in home values, savings from vacancy positions, various one-time reimbursements, along with other factors. During the fiscal year, the General Fund borrowed \$2.0 million from the Utility Authority and entered into a lease agreement with the Civic Improvement Authority to borrow \$5.6 million from Bank of the West for assistance in funding the construction of the new civic center. At Council direction, the General Fund also transferred additional \$3.1 million of the operating surplus to the Capital Projects Fund to fund various capital projects including the construction of the new civic center and \$0.5 million of the surplus to special revenue funds, debt service fund, and internal service funds. As a result, the General Fund transferred a total of \$11.2 million to the other funds. With \$4.3 million in operating surplus, the fund balance decreased by \$6.9 million from last year.

The fund balance of Child Development Special Revenue Fund stayed essentially the same comparing to prior fiscal year. This special revenue fund is generally operated on a reimbursement basis; therefore, revenues and expenditures in any given year are substantially the same unless there are reimbursement costs that are not collected within availability period. The fund balance in Child Development Fund is restricted for community services function by the funding agency.

For fiscal year ended June 30, 2016, the City's general Capital Projects Fund balance decreased by \$0.6 million, due primarily to capital spending on the construction of the new civic center. The City maintains an active capital improvement program with numerous projects underway or in planning each fiscal year. Fluctuations in the reported fund balances for capital funds are typically due to timing between the approval and appropriation of funds for various capital projects and the actual application and receipt of those funds to design and build the projects.

Proprietary Funds

The City's Proprietary Funds presented in the Fund Financial Statements section basically provide the same type of information in the Government-wide Financial Statements, but include individual fund information. Generally, the operation of an enterprise fund is designed to generate enough revenue through fees and charges to fund current operation as well as future infrastructures such as water mains, sewer connection lines, etc. Therefore, annual surplus from normal operation is expected.

At fiscal year-end, net position for the Water Enterprise Fund grew by \$1.0 million due to operating income in the fund. Although the total water consumption decreased by 16.2% due to the impact of the mandatory water conservation regulation, the fund continued to generate sufficient revenues from water sales to cover operating expenses, meet debt service requirements as well as building a reserve for future projects.

The current utility rates of the Sewer Enterprise Fund are designed to operate at a break even or slight loss because of substantial reserve built up in the fund for a past few years. As expected, the fund had a slight operating loss of \$0.3 million in FY 15/16. The fund also transferred \$0.3 million to an internal service fund for vehicle acquisitions. Therefore, the net position of the Sewer Enterprise Fund decreased by approximately \$0.6 million.

The Housing Authority's net position slightly increased over the course of FY 15/16 due to the refund of internal fees charged in the prior year.

The Refuse Enterprise Fund's net position slightly increased over the course of FY 15/16 due to the operating income.

General Fund Budgetary Highlights

At fiscal year-end, essentially all revenue sources had met or outperformed budget. Property taxes ended the year 6.6% above budget estimates, due to an increase in home values all across California especially in Orange County. Sales tax and transaction tax ended the year 6.5% above budget estimates. The increase in sales and transaction tax revenues is reflective of a growing economy.

Overall revenues exceeded budget estimates by \$4.1 million, primarily due to increases in charges for services, fines and forfeitures, and licenses and permits revenues which reflects the increase in residential and commercial development activity. When combined with expenditures, which ended the year slightly above budget, the City realized a surplus of \$4.0 million. This year-end surplus was transferred, at Council direction, to capital projects fund and internal service funds.

Capital Asset and Debt Administration

Capital Assets

At June 30, 2016, the City had recorded an investment of over \$243.0 million (before accumulated depreciation) in a broad range of capital assets categories, including park facilities, land, buildings, roads, bridges, water and sewer lines, police and fire vehicles, and other maintenance equipment.

**TABLE 5

TOTALS	\$96,386,510	\$86,403,664	\$55,991,842	\$57,336,510	\$1,401,060	\$1,410,848	\$153,779,412	\$145,151,022

Governmental Capital Assets, before accumulated depreciation, increased by \$14.7 million over the prior year. The increase was attributed, primarily to the construction of new civic center. The construction cost of this project

during the FY 15/16 was \$10.9 million. The remaining of the increase in Governmental Capital Assets was attributed to various citywide street and road rehabilitation projects, sidewalk/storm drain improvements, handicap access ramps, traffic signal improvements as well as purchases of vehicles and equipment. Business-Type Capital Assets, before accumulated depreciation, increased by \$0.3 million over the prior year. The increase was mainly attributed to \$0.2 million of infrastructure improvements in the water fund.

More detail about the City’s capital assets is presented in Notes 2(d) to the financial statements (Page 65 to 67).

Long-Term Debt

At year-end, the City had \$67.6 million in bonds, certificates of participation, loans, and leases payable, an increase of \$3.4 million from last year, as shown in the table below. The Private-Purpose Trust activities are being reported to account for the custodial responsibilities assigned to the Successor Agency pursuant to the State of California’s redevelopment agency dissolution law.

More detail about the City’s long-term liabilities is presented in Notes 2(f) to the financial statements (Page 68).

Economic Factors and Future Budgets and Rates

- The City’s FY 15/16 net taxable property values totaled \$5.7 billion, approximately 20.2% more than five years ago, and it is 6.4% higher than FY 14/15.
- FY 16/17 CalPERS rate for the miscellaneous plan increases from 14.757% of payroll to 16.072% of payroll. For the public safety plan, contribution rate increases from 20.230% of payroll plus \$1,795,525 of unfunded liability to 21.230% plus \$2,069,274 of unfunded liability.
- Projected FY 17/18 CalPERS rate for the miscellaneous plan will increase from 16.072% to 16.413%, and the rate for public safety will increase from 21.230% plus \$2,069,274 unfunded liability to 21.418% plus \$2,447,111 unfunded liability.
- The Consumer Price Index (CPI) for the Los Angeles/Riverside/Orange County Metropolitan Statistical Area for all urban consumers increased by 1.8 percent from June 2015 to June 2016.

These, among other factors, were considered in preparing the City of La Habra's General Fund budget for FY 16/17, which resulted in budgeted expenditures growing by 6.0% to \$40.9 million compared to the FY 15/16 amended budget of \$38.5 million.

The City's projected business-type activities reflect the following:

- The anticipation that modest enterprise fund rate increases will continue to be necessary over the course of the fiscal year to maintain sufficient cash flow for operations, capital reserves, and debt service coverage requirements.
- Water consumption is anticipated to continue to decline due to the mandatory water conservation regulation enforced by the State. When combined with increases in utility rates, water sales revenue is expected to slightly decrease from the previous year.
- The continuing opportunity for the Utility Authority to purchase privately held Cal Domestic water shares and water rights in the San Gabriel Basin as they become available.

In preparing the budget for FY 15/16, management considered the possible impact that the State of California and the national economies will have on the City's budget. Recent economic data reflects a generally favorable outlook for the U.S. economy.

In recent years, the federal government has taken extraordinary steps to stabilize financial markets, encourage economic growth, and keep interest rates low. Inflationary pressures appear contained for now which coupled with continuing strong trends in the labor market may leave the door open for the Federal Reserve to continue normalizing monetary policy in the near future.

The State continues to show signs of slow, but improved economic growth, and it is anticipated that this may continue for an extended period of time. In January 2016, the Governor presented his 2016-17 budget proposal stressing fiscal prudence and proper planning for future recessions. Furthermore, the Governor warned that California must not be lulled into a false sense of security by economic recovery.

Development activity within the region continues to show signs of improvement and staff expects to see a significant increase in the City development during the next few years. This increase in development will provide for increases in revenue.

The FY 16/17 budget was adopted with an identified General Fund surplus of \$0.2 million. Property tax revenues are expected to grow by \$1.2 million or 8.7% in FY 16/17; sales/transaction tax revenues are expected to grow by approximately \$0.3 million or 2.9%. Property tax and sales/transaction tax combined constitute approximately two-third of the General Fund revenue base. It is clear that the local and state economies are strengthening, albeit at a modest pace. Improving property values, growing retail sales activity and numerous public and private development projects throughout the City will help generate revenue growth that will bolster the City's General Fund for the next several years. What is unknown, however, is the timing of the next economic slowdown. To help prepare for this, staff continuously monitors spending, looks for efficiencies to control costs over the long term, and proactively seeks economic development opportunities to help broaden the City's revenue base.

Contacting the City's Department of Finance and Administrative Services

This financial report is designed to provide our elected officials, residents, business owners, taxpayers, ratepayers, customers, investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the funds it is entrusted with. If you have any questions about this report or need additional information, please contact the Department of Finance and Administrative Services, 201 E. La Habra Boulevard, La Habra, CA 90631. The Finance Department can also be reached at (562) 383-4050, or visit us online at "www.lahabracalifornia.gov".

CITY OF LA HABRA, CALIFORNIA
Reconciliation of the Balance Sheet of Governmental Funds
to the Statement of Net Position
June 30, 2016

Total fund balances, governmental funds \$ 28,274,850

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets, net of accumulated depreciation, used in governmental activities are not financial resources and, therefore, are not reported in the funds.

Capital assets	\$ 147,285,502	
Accumulated depreciation	<u>(53,208,980)</u>	94,076,522

Internal service funds are used by management to charge the costs of certain activities, such as risk management and fleet management, to individual funds. The assets and liabilities of the internal service funds, other than certain assets and liabilities of the Civic Improvement Authority which are business-activity related, are included in governmental activities in the statement of net position. 4,532,505

Certain receivables are not available to pay for current period expenditures and therefore, are reported as unavailable revenues in the governmental funds. However, these revenues are reported in the governmental activities. 3,878,253

Long-term liabilities, including bonds payable are not due and payable in the current period and, therefore, are not reported in the funds.

Energy loan	\$ (249,642)	
Energy capital lease	(478,757)	
Notes payable	(230,552)	
Compensated absences	(3,255,067)	
Net OPEB obligation	(2,314,000)	
Net pension liability and related deferred inflows of resources and outflows of resources	<u>(50,704,125)</u>	<u>(57,232,143)</u>

Net position of governmental activities \$ 73,529,987

See Accompanying Notes to Financial Statements.

CITY OF LA HABRA, CALIFORNIA
Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of
Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2016

Net change in fund balances - total governmental funds: \$ (3,031,464)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation expense in the current period.

Capital outlay	\$ 13,851,464	
Additional expenses capitalized	177,406	
Depreciation expense	<u>(4,206,131)</u>	9,822,739

The issuance of long-term liabilities provides current financial resources to governmental funds, while the repayment of the principal of long-term liabilities consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount is the net effect of these differences in the treatment of long-term liabilities and related items.

Debt service - principal	\$ 261,639	
Increase in compensated absences	(241,974)	
Decrease in OPEB obligation	528,000	
Decrease in pension liability and related deferred inflows and outflows of resources	<u>406,604</u>	954,269

Some revenues in statement of activities that do not provide current financial resources are not reported as revenues in the funds. 488,058

Internal service funds are used by management to charge the costs of certain activities, such as risk management and fleet management, to individual funds. The net expense of the internal service funds is reported with governmental

Net change in Internal service funds' net position	\$ (3,695,033)	
Business-Type Activities's asset transferred	<u>436,481</u>	<u>(3,258,552)</u>

Change in net position of governmental activities \$ 4,975,050

See Accompanying Notes to Financial Statements.

NOTES TO FINANCIAL STATEMENTS

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements
June 30, 2016

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Reporting Entity

The City of La Habra, California (City), was incorporated in 1925 under the general laws of the State of California. The City operates under an elected Council/City Manager form of government. The City's major operations include police and fire protection, public works, parks, recreation, and certain social services and general administration services. In addition, the City operates four major enterprise activities comprising water, sewer, housing authority, and refuse.

Accounting principles generally accepted in the United States of America require that these financial statements represent the City and its component units. The component units discussed below are included in the City's reporting entity because of their operational significance or financial relationships with the City. All component units included in the reporting entity report their financial information on a fiscal year ending June 30. These component units are controlled by common governing boards comprised of all City Council members and are presented as blended component units for financial reporting purposes as follows:

The La Habra Civic Improvement Authority (Authority) was formed by a joint exercise of powers agreement between the City and the former Redevelopment Agency of the City of La Habra (Agency) in September 1982. The purpose of the agreement is to provide a single public agency to acquire property for both the City and the former Agency. Subsequent to the dissolution of the former Redevelopment Agency on February 1, 2012, the City of La Habra Housing Authority joined the Authority as a member on March 5, 2012. Separate financial statements are not prepared for this blended component unit.

The City of La Habra Housing Authority (Housing Authority) was formed on September 23, 1992, by resolution of the City Council. The purpose of the Housing Authority is to assist the City in financing the acquisition and construction of low and moderate income housing projects within the City. The Community Development Department of the City has operational responsibility for the Housing Authority. Separate financial statements are not prepared for this blended component unit.

The Utility Authority of the City of La Habra (Utility Authority) was formed a joint exercise of powers agreement between the City and the former Redevelopment Agency of the City of La Habra on January 16, 2007, and began legal operation on July 1, 2007. The Utility Authority was formed by the City to maintain and operate the City's Water and Sewer systems. The Utility Authority is responsible for establishing utility rates, performing routine system maintenance, establishing and executing necessary capital improvement plans, purchasing and selling water, and performing other necessary utility system operations. Subsequent to the dissolution of the former Redevelopment Agency on February 1, 2012, the City of La Habra Housing Authority joined the Utility Authority as a member on March 5, 2012. Separately issued financial statements for the Utility Authority may be obtained through written request to the City Department of Finance.

Fiduciary Component Unit

The Successor Agency to the Redevelopment Agency of the City of La Habra (Successor Agency) is a separate legal entity, which was formed to hold the assets and liabilities of the

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

former Redevelopment Agency pursuant to City Council actions taken on January 12, 2012. The activity of the Successor Agency is overseen by an Oversight Board comprised of individuals appointed by various government agencies and the City as Successor Agency of the former Redevelopment Agency. The nature and significance of the relationship between the City and the Successor Agency is such that it would be misleading to exclude the Successor Agency from the City's financial statements. The Successor Agency is presented herein in the City's fiduciary fund statements as a private-purpose trust fund. Separate financial statements are not prepared for this component unit. See Note (3)(d) for further detail regarding the dissolution.

(b) *Government-Wide and Fund Financial Statements*

The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City and its blended component units. As a general rule, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on user fees and charges for support. Exceptions to this general rule are charges between the government's enterprise activity functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable to a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not classified as program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

(c) *Measurement Focus, Basis of Accounting, and Financial Statement Presentation*

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Under the economic resources measurement focus, all (both current and long-term) economic resources and obligations of the reporting government are reported in the government-wide financial statements. Basis of accounting refers to when revenues and expenses are recognized in the accounts and are reported in the financial statements. Under the accrual basis of accounting, revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues from property, sales and other taxes and fees to be available if they are collected within 60 days of the end of the current fiscal period; grant revenues are considered to be available if collected within 365 days of the end of the grant period; and other revenues are considered to be available if collected within 365 days of the end of the fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, other post-employment benefits (OPEB), claims and judgments are recorded only when payment is due.

The City has categorized the Sewer Enterprise Fund and Refuse Enterprise Fund as major funds for public benefit reasons. The City believes that these judgmentally determined major funds are particularly important to the financial statement users.

Governmental fund types are those funds through which most governmental functions typically are financed. The following comprise the City's major governmental funds:

General Fund

The General Fund is the general operating fund of the City. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. Activities accounted for in the General Fund include operation of the City's general service departments; street and highway maintenance, public safety, parks and recreation programs are accounted for in this fund.

Child Development Special Revenue Fund

The Child Development Special Revenue Fund is used to account for financial resources to be used for various childcare and childcare food programs. Financing is provided through state and federal grants.

Other Capital Projects Fund

The Other Capital Projects Fund accounts for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by Proprietary Funds or Trust Funds.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds and internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

The City reports the following major enterprise funds:

Water Fund

The Water Fund accounts for activities associated with the distribution and transmission of potable water to users.

Sewer Fund

The Sewer Fund accounts for all revenue and expenses of the sanitary sewer system. This enterprise activity, including maintenance, replacement, and improvement of capital projects, serves all residents of the City.

Housing Authority Fund

The Housing Authority Fund accounts for all revenue and expenses relating to the Housing Authority's activities.

Refuse Fund

The Refuse Fund accounts for all revenue and expenses of the refuse collection and disposal activity. Curbside collection service and transportation to a County of Orange sanitary landfill site is provided by a private contractor. User fees are collected to defray the contract, administration, billing and collection costs.

Additionally, the City reports the following:

The special revenue funds account for proceeds of specific revenue sources that are legally restricted or otherwise assigned for specific purposes.

The debt service fund accounts for debt service activity for the Lowell Joint School District (Osornio Park) note payable.

Low-Moderate Income Housing Asset Capital Projects Fund accounts for resources restricted or assigned for capital improvements relating to low and moderate income housing projects.

The internal service funds account for financing of goods or services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis. The following funds are included in this fund type:

The Fleet Management Fund accounts for the financing of the fuel, maintenance, and operation of motor vehicles owned by the City. Departments using vehicles are charged an annual amount for fuel, maintenance, and operation based on their actual experience.

The Risk Management Fund accounts for claim settlements, administrative costs, and the reserve trust fund established for future losses from liability suits; workers' compensation claims and medical, disability, and rehabilitation payments; legal and administrative costs; and the reserve trust fund established for future losses from industrial injury. This self-insurance fund is financed by departmental premiums based on historical experience.

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

The Information Technology Fund accounts for the provision of telephone and data technology services. The departments using these services are charged fees based on the number of telephones and computers assigned to each department.

The Civic Improvement Authority Fund accounts for all revenue and expenses of the separate legal entity as a joint powers agency by the City and the former Redevelopment Agency on September 14, 1982. Financing is mainly through the issuances of Certificates of Participation and Revenue Bonds used for the acquisition of equipment to be leased to the City. Additionally, until the dissolution of the former Redevelopment Agency, the Authority had purchased real property which produced rental income until it was included in a redevelopment project.

The Fleet Replacement Fund accounts for the financing of vehicles and similar types of equipment. The departments using these vehicles and equipment are charged a “rental fee” composed of depreciation calculated on the straight-line basis plus an additional amount sufficient to finance the replacement of said vehicles and equipment.

The Employee Benefits Fund accounts for the payments and reserves for compensated absences. The departments with the respective employees are charged as benefit is used.

The Other Post Employment Benefit Set-aside Fund accounts for set-aside money to fund future other post employment benefit other than pension.

Fiduciary fund types are accounted for on the accrual basis of accounting as are proprietary funds explained above. These types of funds are used to account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, and other governmental units. The City reports the following fiduciary funds, which are excluded from the government-wide financial statements:

a. Private-Purpose Trust Fund

The Private-Purpose Trust Fund accounts for the custodial responsibilities that are assigned to the Successor Agency pursuant to the California Assembly Bill X1 26 (Dissolution Act).

b. Agency Fund

The Agency Fund accounts for public deposits on a variety of City services held by the City as an agent for others. The Agency Fund is custodial in nature (assets equal liabilities) and does not involve measurement of results of operations.

(d) *Assets, Liabilities, and Net Position*

1. *Deposits and investments*

The City pools idle cash from all funds in order to maximize income from investment activities. Investments are recorded on the City’s books at fair value (quoted market price or best available estimate thereof) in accordance with Governmental Accounting Standards

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

Board (GASB) Statement No. 31, except for nonparticipating investments (i.e. investment contracts) which are recorded at cost. Interest income on investments is allocated to the various funds based on each fund's average cash and investment balance.

The City's cash is considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

The City owns approximately 30% and 56%, respectively, of the outstanding common stock and preferred stock of a mutual water company at June 30, 2016, and has valued this asset at cost as this stock does not have a readily determinable value and does not meet the requirements of accounting under the equity method (see Note (2)(e)). Cost is the amount of the City's basis in an investment less any distributions. Investments at cost are analyzed for impairment to determine if events or changes in circumstances indicate the carrying amount of the investment may not be recoverable. An investment is impaired and a loss is recognized in the period when a decline in its fair value below the amortized cost basis is other than temporary. Investment gains and losses are recognized when the investment is sold. Investment earnings, including interest and dividends, are recognized in the period earned.

2. *Statement of Cash Flows*

For purposes of the statement of cash flows of the proprietary fund types, cash and cash equivalents include all pooled cash and investments and cash with fiscal agents with an original maturity of three months or less. The City considers the cash and investment pool to be a demand deposit account where funds may be withdrawn and deposited at any time without prior notice or penalty.

3. *Receivables*

Interest receivable – The City accrues interest earned but not yet received.

Accounts receivable and due from other governments – These balances are comprised primarily of revenues that have already been earned but not yet received by the City as of June 30, 2016, from individual customers, private entities and government agencies. In addition, this includes accrued revenues due from other governmental agencies for expenditure driven types of grants whereby the City accrues grant revenues for expenditures incurred but not yet reimbursed by the grantors. Management determines the allowance for doubtful accounts by evaluating balances in the aging report. The allowance for doubtful accounts is adjusted at fiscal year end based on the amount equal to the annual uncollectible accounts. Utility customer closed accounts are written off when deemed uncollectible. Recoveries to utility customer receivables previously written off are recorded when received. For non-utility accounts receivables, delinquent notices for 30 days are sent to customers with outstanding balances. After 60 days, accounts still outstanding are forwarded to a collection company.

4. *Interfund Transactions*

Transactions among City funds that would be treated as revenues and expenditures or expenses if they involved organizations external to City government are accounted for as revenues and expenditures or expenses in the funds involved.

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

Transactions which constitute reimbursements to a fund for expenditures initially made from it which are allocable to another fund are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the reimbursed fund.

Transactions which constitute the transfer of resources from a fund receiving revenues to a fund through which the revenues are to be expended are separately reported in the respective funds' operating statements.

Activity between funds that is representative of lending/borrowing arrangements at the end of the fiscal year is referred to as "due to/from other funds" or "advances to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide statement of net position as "internal balances."

5. *Taxes Receivable*

Real property taxes are levied for the period beginning on July 1 to June 30 against property owners of record on January 1. The taxes are due in two installments, on November 1 and February 1, and become delinquent after December 10 and April 10, respectively. Tax liens attach annually as of 12:01 a.m. on the first day of January in the fiscal year for which the taxes are levied. Under the provisions of NCGA Interpretation 3, property tax revenue is recognized in the fiscal year for which the taxes have been levied, provided it is collected within 60 days of the end of the fiscal year in the governmental fund financial statements.

6. *Inventories, Prepaid Items and Land Held for Resale*

Inventory reported in governmental funds is valued at cost using the first in, first out (FIFO) method. The cost is recorded as an expense as inventory items are consumed. Inventory in the proprietary funds consists of expendable supplies and water held for consumption.

Land held for resale is valued at the lower of cost or estimated net realizable value as determined upon the execution of a disposition and development agreement.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

7. *Capital Assets*

Capital assets, which include land, buildings and improvements, vehicles, improvements other than buildings, property and equipment, and infrastructure assets (e.g. roads, bridges, traffic signals, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the respective proprietary fund financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. Capital outlay is recorded as expenditures of the General, Special Revenue and Capital Project Funds and as assets in the government-wide financial statements to the extent the

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

City's capitalization threshold is met. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

The cost of normal maintenance and repairs that do not add to the value of an asset or materially extend an asset's useful life is not capitalized.

Depreciation is charged to operations using the straight-line method based on the estimated useful life of an asset. The estimated useful lives of depreciable assets are as follows:

<u>Type of Asset</u>	<u>Life in Years</u>
Sewer:	
Main	40
Lateral	40
Manholes	40
Water:	
Pumping equipment	20-25
Reservoirs and mains	40
Meters and hydrants	30
Telemetry	25
Autos and trucks	2-15
Machinery and equipment	3-20
Buildings and improvements	5-40
Infrastructure	30-50
Improvements other than buildings	5-20

8. *Compensated Absences*

City employees accumulate vacation and sick leave hours for subsequent use or for payment upon termination, death, or retirement. Sick leave is payable when used, or upon death or retirement.

For governmental fund types, the amount of accumulated unpaid vacation and sick leave, which is payable from available resources is recorded as a liability of the respective fund only if they have matured, for example, as a result of employee retirements and resignations. For government-wide and proprietary fund statements, the liability for compensated absences is recognized as incurred.

9. *Unearned Revenue*

Unearned revenues arise when the government receives resources before it has a legal claim to them, as when grant monies are received prior to meeting all eligibility requirements. In subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, revenue is recognized.

10. *Deferred Outflows and Inflows of Resources*

In addition to assets, the statement of net position will sometimes report a separate section for *deferred outflows of resources*. This separate financial statement element, deferred outflows

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has the following items that qualify for reporting in this category:

- Unamortized loss on refunding of debt reported in the government-wide statement of net position and proprietary statement of net position. A deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.
- Deferred amount from pension plans (see Note (3)(a) for detail)

In addition to liabilities, the statement of net position and/or balance sheet will sometimes report a separate section for *deferred inflows of resources*. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue/contra expense) until that time. The City has the following items that qualify for reporting in this category:

- Unavailable revenues reported on in the governmental funds balance sheet. The governmental funds report unavailable revenues from revenues that are not collected during the “availability period”. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.
- Deferred amount from pension plans (see Note (3)(a) for detail)

11. Long-Term Obligations

In the government-wide financial statements and in the proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective-interest method. Bonds payable are reported net of the applicable bond premium or discount. Debt issuance costs are expended when incurred.

In the fund financial statements, governmental fund types recognize bond premiums, discounts, and issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

12. Pensions

For purpose of measuring the net pension liability and deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City’s participation in the California Public Employees’ Retirement System (CalPERS) plans (Plans) and additions to/deductions from the Plans’ fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

13. Budgets and Encumbrances

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds. All annual appropriations lapse at fiscal year end.

The appropriated budget is prepared by fund, function, and department. The government’s department head, with approval of the Director of Finance & Administrative Services and City Manager, may make transfers of appropriations within a department. Transfers of appropriations between departments within a fund must be approved by the City Manager. Transfers between funds must be approved by the City Council; therefore, the legal level of budgetary control is at the fund level. The council made several supplemental budgetary appropriations throughout the year.

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of moneys are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration. Encumbrances outstanding at year-end are reported as restricted, committed, or assigned fund balances and do not constitute expenditures or liabilities, because the commitments will be reappropriated and honored during the subsequent year.

14. Net Position

Net position represents the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources and is categorized as net investment in capital assets, restricted and unrestricted for the government-wide and proprietary fund financial statements. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets, excluding unspent debt proceeds. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The City first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

The following fund had a deficit at June 30, 2016:

Fund	Deficit Net Position
Fleet Management Internal Service Fund	\$ 195,061

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

The deficit net position in Fleet Management Fund is expected to be eliminated with future revenues and transfers.

15. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

16. Implementation of Pronouncements

The City has adopted and implemented the following GASB Statements during the year ended June 30, 2016:

- GASB Statement No. 72 – *Fair Value measurement and Application*. The implementation of this Statement did not impact the financial statements of the City during the year ended June 30, 2016.
- GASB Statement No. 73 – *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68 and Amendments to Certain Provisions of GASB Statements 67 and 68*. The implementation of this Statement did not impact the financial statements of the City during the year ended June 30, 2016.
- GASB Statement No. 76 – *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. The implementation of this Statement did not impact the financial statements of the City during the year ended June 30, 2016.

17. Pronouncements Issued but Not Yet Adopted

GASB has issued several pronouncements that may impact future financial presentations. Management has not currently determined what, if any, impact implementation of the following statements may have on the financial statements of the City.

- GASB Statement No. 74 – *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*. The provisions of this Statement are effective for fiscal years ending June 30, 2017.
- GASB Statement No. 75 – *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The provisions of this Statement are effective for fiscal years ending June 30, 2018.
- GASB Statement No. 77 – *Tax Abatement Disclosures*. The provisions of this Statement are effective for fiscal years ending June 30, 2017.
- GASB Statement No. 78 – *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*. The provision of this Statement are effective for fiscal year ending June 30, 2017.

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

- GASB Statement No. 79 – *Certain External Investment Pools*. The provision of this Statement are effective for fiscal year ending June 30, 2017.
- GASB Statement No. 80 – *Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14*. The provision of this Statement are effective for fiscal year ending June 30, 2017.
- GASB Statement No. 81 – *Irrevocable Split-Interest Agreements*. The provision of this Statement are effective for fiscal year ending June 30, 2018.
- GASB Statement No. 82 – *Pensions Issues – an amendment of GASB Statements No. 67, No. 68, and No. 73*. The requirements of this Statement are effective for fiscal year ending June 30, 2018, except for requirements of paragraph 7 in a circumstance in which an employer’s pension liability is measured as of a date other than the employer’s most recent fiscal year-end. In that circumstance, the requirements of paragraph 7 are effective for that employer in the first reporting period in which the measurement date of the pension liability is on or after June 15, 2017.

(2) DETAILED NOTES ON ALL FUNDS

(a) Cash and Investments

Cash and investments at June 30, 2016, consist of the following:

Statement of net position:

Cash and investments	\$ 54,217,258
Cash and investments with fiscal agents	6,439,528

Fiduciary funds:

Cash and investments	8,956,335
Cash and investments with fiscal agents	1,022,965

Total	\$ 70,636,086
-------	---------------

Cash and investments at June 30, 2016 are classified as follows:

Petty cash	\$ 1,830
Deposits with financial institutions	13,062,072
Investments:	
City pool	50,109,691
Held by fiscal agent	7,462,493
Total cash and investments	\$ 70,636,086

The City maintains a cash and investment pool that is available for use by all funds. Each fund’s share of the pool balance is reported in the financial statements as cash and investments. Separate cash and investment accounts are not maintained for each City fund; however, individual accounting records are maintained showing the balance attributable to each fund. Investment income resulting from this pooling is allocated to the respective funds based on the sources of funds invested as required by law.

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)

Investments Authorized by the California Government Code and the City of La Habra Adopted Investment Policy

The table below identifies the investment types that are authorized for the City of La Habra by the California Government Code and by the City's adopted investment policy. The table also identifies certain provisions of the California Government Code or the City's adopted investment policy, where more restrictive, that address interest rate risk, credit risk, and concentration of credit risk. This table does not address investments of debt proceeds held by bond trustee that are governed by the provisions of debt agreements of the City or its Authorities, rather than the general provisions of the California Government Code or the City's adopted investment policy

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>	<u>Maximum Percentage of Portfolio</u>	<u>Maximum Investment in One Issuer</u>
City or City Agency Bonds	5 years	10%	None
U.S. Treasury Obligations	5 years	100%	None
State of California Obligations	5 years	20%	None
California Local Agency Bonds	5 years	20%	None
U.S. Agency Obligations	5 years	100%	35% *
Bankers' Acceptance	180 days	20% *	5% *
Commercial Paper	270 days	25%	5% *
Negotiable CDs	5 years	20% *	5% *

Repurchase Agreements	90 days *	100%	None
Medium Term Notes	5 years	20% *	5% *
Money Market Mutual Funds	N/A	20%	10% *
Asset-Backed and Mortgage-Back Securities	5 years	5% *	5% *
Supranational Securities	5 years	10% *	5% *
Local Agency Investment Fund (LAIF)	N/A	100%	\$50 million per account

* Represents where the City's investment policy is more restrictive than the California Government Code:

- U.S. Agency Obligations – The California Government Code allows a city to invest 100% of its portfolio in a single issuer of this investment type.
- Bankers' Acceptance – The California Government Code allows a city to invest up to 40% of its portfolio and up to 30% in a single issuer.
- Commercial Paper – The California Government Code allows a city to invest up to 10% of its portfolio in in a single issuer.
- Negotiable CDs – The California Government Code allows a city to invest up to 30% of its portfolio and up to 30% in a single issuer.
- Repurchase Agreements – The California Government Code allows a city to invest in repurchase agreements with a maximum maturity of 92 days.
- Medium Term Notes – The California Government Code allows a city to invest up to 30% of its portfolio and up to 30% in a single issuer.

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

- Money Market Mutual Funds – The California Government Code does not have an investment limitation in a single issuer.

Investments Authorized by Debt Agreements

Investment of debt proceeds held by bond trustee is governed by provisions of the debt agreements rather than the general provisions of the California Government Code or the City’s investment policy. The table below identifies the general investment types that are authorized for investments held by the bond trustee. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>	<u>Maximum Percentage Allowed</u>	<u>Maximum Investment in One Issuer</u>
U.S. Treasury Obligations	None	None	None
Federal Housing Administration Debentures	None	None	None
U.S. Agency Securities	None	None	None

Commercial Paper	270 days	None	None
Money Market Mutual Funds	N/A	None	None
State Obligations	None	None	None
Pre-funded Municipal Obligations	None	None	None
Repurchase Agreements	90 days	None	None
Investment Agreements	None	None	None
Local Agency Investment Fund (LAIF)	None	None	\$50 million per account

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Information about the sensitivity of the fair values of the City’s investment to market interest rate fluctuations is provided by the following table that shows the distribution of the City’s investments by maturity, except for fiscal agent investments which are reported in a following separate section:

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)

Total	\$ 50,109,691	\$ 23,242,229	\$ 15,517,033	\$ 11,350,429

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by the California Government Code or the City's investment policy, and the actual rating as of year end for each investment type, except for fiscal agent investments which are reported in a separate section below.

<u>Investment Types</u>	<u>Amount</u>	<u>Minimum Legal Rating</u>	<u>Standard & Poor's Rating as of Year End (where applicable)</u>				
			<u>Exempt from Disclosure</u>	<u>AAA</u>	<u>AA</u>	<u>A</u>	<u>Not Rated</u>
U.S. Agency obligations	\$ 14,515,587	N/A	\$ -	\$ -	\$ 14,515,587	\$ -	\$ -
LAIF	18,754,838	Not Rated	-	-	-	-	18,754,838

Commercial paper	623,497	A	623,497	-	-	-	-
Money market mutual funds	236,470	AAA	-	236,470	-	-	-
	<u>\$ 50,109,691</u>		<u>\$ 11,455,882</u>	<u>\$ 1,485,748</u>	<u>\$ 16,136,471</u>	<u>\$ 2,276,752</u>	<u>\$ 18,754,838</u>

Concentration of Credit Risk

The City's investment policy contains certain limitations as disclosed in the accompanying table on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. The distribution of investments, by issuer that represents 5% or more of the City's investments is as follows:

<u>Issuer Name</u>	<u>Investment Type</u>	<u>Reported Amount</u>
U.S. Treasury obligations ⁽¹⁾	U.S. Treasury obligations ⁽¹⁾	\$ 10,832,385
U.S. Agency obligations	Federal National Mortgage Association	7,136,609
U.S. Agency obligations	Federal Home Loan Mortgage Corp.	3,564,613
U.S. Agency obligations	Federal Home Loan Bank	3,814,365

⁽¹⁾ Exempt from disclosure

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits. The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits. The City's deposits were not subject to custodial credit risk at June 30, 2016.

Interest Rate Risk and Credit Risk for Investments Held by Fiscal Agents

The following table lists the investment holdings of City issued bond transactions:

Cash and Investments Held by Fiscal Agents
(1998 Series A, B, and C COPs, 2000 Tax Allocation Bonds, 2010 Series A COPs, 2010 Revenue Bonds, and 2013 Revenue Bonds)

<u>Investment Type</u>	<u>Reported Amount</u>	<u>Maturity</u>	<u>Rating</u>
Money market mutual funds	\$ 7,067,033	Less than 1 year	AAA
Investment contracts:			
Westdeutsche Landesbank	<u>395,460</u>	9/1/2022	Not Rated
	<u>\$ 7,462,493</u>		

Investment Contracts with Fiscal Agents

The City has an investment contract held by trustees pledged to the payment or security of certain bonds. The investment contract represents monies invested with Westdeutsche Landesbank Girozentrale (WLG) out of New York City, New York, carried at cost. Pursuant to the Custody Agreement, WLG has posted collateral securities with the Custodian acting on behalf of the City. In the unlikely event of a payment default by WLG, the Custodian would liquidate the collateral securities, resulting in the City receiving 100% of its invested funds. The City receives semiannual interest payments each March 1 and September 1 at annual rates of 5.69% and 5.90%. The investment agreements expire September 1, 2022, at which time all unpaid principal will be remitted to the City. This investment is not insured.

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

Investment in State Investment Pool

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amounts based upon the City's pro rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

The total amount invested by all public agencies in LAIF as of June 30, 2016, was \$22.7 billion. LAIF is part of the California Pooled Money Investment Account (PMIA), which at June 30, 2016, had a balance of \$75.4 billion, of that amount, 2.81% was invested in medium-term and short-term structured notes and asset-backed securities. At June 30, 2016, these investments matured in an average of 167 days.

Fair Value Measurements

The City categorizes its fair value measurement within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the relative inputs used to measure the fair value of the investments. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the City has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Unobservable inputs reflect the City's own assumptions about the inputs market participants would use in pricing the asset (including assumptions about risk). Unobservable inputs are developed based on the best information available in the circumstances and may include the City's own data.

The asset's level within the hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

The determination of what constitutes observable requires judgment by the City's management. City management considers observable data to be that market data which is readily available, regularly distributed or updated, reliable, and verifiable, not proprietary, and provided by multiple independent sources that are actively involved in the relevant market.

The categorization of an investment within the hierarchy is based upon the relative observability of the inputs to its fair value measurement and does not necessarily correspond to City management's perceived risk of that investment.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

When available, quoted prices are used to determine fair value. When quoted prices in active markets are available, investments are classified within Level 1 of the fair value hierarchy. When quoted prices in active markets are not available, fair values are based on evaluated prices received by City's asset manager from third party service provider.

The following is a description of the recurring valuation methods and assumptions used by the City to estimate the fair value of its investments.

For a large portion of the City's portfolio, the City's asset manager applies their leveling methodology across all securities in a specific sector (i.e. U.S. Government Sponsored Agency Securities). Inputs to their pricing models are based on observable market inputs in active markets.

When valuing Level 3 securities, the inputs or methodology are not necessarily an indication of the risks associated with investing in those securities. Changes in valuation techniques may result in transfers into or out of an assigned level within the disclosure hierarchy.

(c) Interfund Receivables, Payables and Transfers

Due To and Due From

The composition of interfund balances as of June 30, 2016 is as follows:

Due To	Due From			Totals	Due from the City
	Child Development Special Revenue Fund	Nonmajor Governmental Funds	Internal Service Funds		Successor Agency Private-Purpose Trust Fund
General Fund	\$ 52,823	\$ 1,442,075	\$ 83,444	\$ 1,578,342	\$ 2,246
Totals	\$ 52,823	\$ 1,442,075	\$ 83,444	\$ 1,578,342	\$ 2,246

The interfund receivables and payables balances represent routine and temporary cash flow assistance.

Advances To and Advances From

The composition of interfund advances as of June 30, 2016 is as follows:

Advances From	Advances To		
	General Fund	Nonmajor Enterprise Funds	Totals
Water Enterprise Fund	\$ 1,413,952	\$ -	\$ 1,413,952
Sewer Enterprise Fund	605,980	-	\$ 605,980
Housing Authority Enterprise Fund	\$ -	\$ 800,000	\$ 800,000
Internal Service Funds	8,365,000	-	8,365,000
Totals	\$ 10,384,932	\$ 800,000	\$ 11,184,932

- On November 1, 2015, Utility Authority (Water and Sewer Enterprise Funds) entered into a promissory note with the City in the amount of \$2,000,000, at a simple interest rate of 1.5%, for assistance in funding the construction of a new civic center. Outstanding principal and all accrued interest under this note shall be paid on November 1, 2020. At June 30, 2016, the outstanding balance of the advance was \$2,019,932. The total accrued interest included in the balance is \$19,932.
- On July 1, 2003, the Housing Authority entered into a promissory note with the La Habra Mobile Home Lease Enterprise Fund in the amount of \$2,000,000 for necessary capital improvements at the two City owned Mobile Home parks. The repayment should be made from net rent and other revenues received by the Mobile Home Lease Enterprise Fund from its

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

operation of the Mobile Home parks, as they become available. The current interest rate is 0%. At June 30, 2016, the outstanding balance of the advance was \$800,000.

- On September 15, 1998, the Civic Improvement Authority issued the Certificates of Participation Series B and C in an aggregate amount of \$6,705,000. The certificates are payable from lease payments made by the General Fund to the Authority. The outstanding balance at June 30, 2016 is \$2,765,000.
- On December 10, 2015, the Authority issued the Lease Financing in the amount of \$5,600,000. The debt service payments are payable from lease payments made by the General Fund to the Authority. The outstanding balance at June 30, 2016 is \$5,600,000.

Interfund loans consist of loans as follows:

Loans to Successor Agency Private-Purpose Trust Fund	Loans due to City of La Habra
	Successor Agency Private-Purpose Trust Fund
General Fund	\$ 10,092,961
Nonmajor Governmental Funds	423,384
Totals	\$ 10,516,345

- As of June 30, 1992, the former Redevelopment Agency had borrowed an aggregate amount of \$5,700,000 million from the General Fund. From that date through September 1998, the balance of the advances, excluding unpaid interest of \$1,319,247, from the City totaled \$6,705,000, representing \$5,640,000 from the Series B Tax-Exempt Certificates and \$1,065,000 from the Series C Tax Certificates. On September 15, 1998, a loan agreement was entered into between the City and the former Redevelopment Agency whereby the former Redevelopment Agency would repay these advances in annual principal installments of between \$160,000 and \$455,000, plus interest of between 4.0% and 6.5%, maturing in 2022. In addition, any installment of principal or interest which was not paid when due would continue to accrue interest at 6.5% per annum. In October 2000, the agreement was amended to account for the former Redevelopment Agency's available cash flow, whereby the amount of the annual payments will be contingent upon the amount of the former Redevelopment Agency's available cash flow (i.e. the former Redevelopment Agency's ability to make scheduled payments). Outstanding amounts as of January 31, 2012, the date the former Redevelopment Agency was dissolved in accordance with California Assembly Bill X1 26 (AB X1 26), were transferred to the Successor Agency. At June 30, 2016, the outstanding balance of the advance was \$7,667,656. The total accrued interest included in the balance is \$2,244,176. See Note (3)(d) for further details regarding this loan.
- In August 2007, the General Fund advanced the former Redevelopment Agency \$2,000,000, at an interest rate of 9%, towards the purchase of a building and land. Outstanding amounts as of January 31, 2012, the date the former Redevelopment Agency was dissolved in accordance

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

with AB X1 26, were transferred to the Successor Agency. In addition, the interest on the remaining principal amount of the loan was recalculated from origination of the loan at a simple interest rate of 3% in accordance with SB 107. At June 30, 2016, the outstanding balance of the advance was \$2,425,305. The total accrued interest included in the balance was \$530,800.

- As authorized by State Assembly Bill (AB) 26 4x, the former Redevelopment Agency suspended its required 20% set-aside deposit of total annual tax increment into the Low and Moderate Income Housing Set-Aside (LMIH) fund for fiscal year 2010. These funds were used to pay the former Redevelopment Agency's required supplemental Education Revenue Augmentation Fund (SERAF) obligation to the County. On January 31, 2012, the dissolution date of the former Redevelopment Agency, outstanding payable amounts were transferred to the Successor Agency and the related receivable was transferred to the Housing Successor's Low-Moderate Income Housing Assets capital projects fund. The interest on the remaining principal amount of the loan was recalculated from origination of the loan at a simple interest rate of 3% in accordance with SB 107. At June 30, 2016, the outstanding balance of the advance was \$423,384, which included accrued interest of \$124,701.

Interfund Transfers

The composition of interfund transfers for the year ended June 30, 2016, is as follows:

Transfers Out	Transfers In						Total
	Other Capital Projects Fund	Nonmajor Governmental Funds	Water Enterprise Fund	Housing Authority Enterprise Fund	Nomajor Enterprise Funds	Internal Service Funds	
General Fund	\$ 10,701,916	\$ 98,971	\$ -	\$ -	\$ -	\$ 415,000	\$ 11,215,887
Other Capital Projects Fund	-	-	-	-	-	63,540	63,540
Nonmajor Governmental Funds	-	-	-	-	-	37,704	37,704
Water Enterprise Fund	-	-	-	-	76,254	85,000	161,254
Sewer Enterprise Fund	-	-	55,043	-	16,250	210,000	281,293
Refuse Enterprise Fund	-	-	134,067	-	5,000	-	139,067
Internal Service Funds	300,000	-	436,481	168,823	-	-	905,304
	<u>\$ 11,001,916</u>	<u>\$ 98,971</u>	<u>\$ 625,591</u>	<u>\$ 168,823</u>	<u>\$ 97,504</u>	<u>\$ 811,244</u>	<u>\$ 12,804,049</u>

Transfers are used to 1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and, 2) move receipts collected in debt service to other funds after debt service requirements have been met.

(e) Water Rights Stock

The Utility Authority currently imports approximately 60% of its water from two major suppliers: California Domestic Water Company (Cal Domestic) and the Metropolitan Water District (MWD). Since October 2008, the Utility Authority has been purchasing shares of water rights stock from Cal Domestic to secure the purchase of water at a discounted rate known as an “entitlement” rate each year from the Main San Gabriel Basin. The Utility Authority owns two classes of stock: Capital Stock and Class A Preferred Stock. Currently, a share of Capital Stock represents the right to purchase approximately 1.55 acre feet (AF) of water and a share of Class A Preferred Stock represents the right to purchase 0.76 AF of water. At June 30, 2016, the Utility Authority owned 2,334.25 shares of Capital Stock and 912.85 shares of Class A Preferred Stock. The Utility Authority has valued its water rights stock at approximately \$15.9 million, which represents cost and does not intend to sell its interest in Cal Domestic.

1. Governmental Activities

Energy Loan Agreement and Energy Capital Lease Agreement

During the fiscal year ended June 30, 2003, Chevron Energy Solutions Company (Chevron) conducted a study of the City's energy use. Based on that study, in March 2004 the City and Chevron Energy Solutions Company entered into a service contract whereby Chevron would construct and install approximately \$2.3 million of energy saving solutions for the City. These solutions include lighting, motors, tiller systems, air conditioners, controllers, and control systems in both City buildings and on other City property (i.e. parks and streets).

To pay for these solutions, the City entered into a \$1,080,000 loan agreement and a separate \$1,273,390 capital lease agreement for the acquisition of buildings and improvements. The loan agreement is due in 27 semiannual installments of \$52,927, payments beginning on December 22, 2005. The capital lease agreement calls for 62 quarterly payments ranging from \$22,581 to \$38,999, ending on November 11, 2019. The City remitted a total of \$105,854 and \$136,969 for principal and interest on the loan and capital lease, respectively, during the year ended June 30, 2016. The debt service schedules of the loan and lease are as follows:

Fiscal Year Ending June 30	Energy Loan		Energy Capital Lease	
	Principal	Interest	Principal	Interest
2017	\$ 96,938	\$ 8,916	\$ 122,689	\$ 19,523
2018	100,805	5,049	133,794	13,817
2019	51,899	1,028	145,573	7,600
2020	-	-	76,701	1,297
Totals	\$ 249,642	\$ 14,993	\$ 478,757	\$ 42,237

Notes Payable

The City has a note payable to the Lowell Joint School District that bears interest at 4.75% per annum and is secured by a deed of trust. The note payable calls for monthly payments of \$5,720, including interest, and expires in February 2020. The source of repayment is the General Fund. The outstanding balance at June 30, 2016 was \$230,552. The debt service payments of the notes are as follows:

Fiscal Year Ending June 30	Notes Payable	
	Principal	Interest
2017	\$ 58,958	\$ 9,679
2018	61,820	6,816

Totals	\$ 230,552	\$ 21,114

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

1998 Certificates of Participation, Series B and C

On September 15, 1998, the Civic Improvement Authority issued Certificates of Participation, Series B and C (Refunding Certificates) in an aggregate amount of \$6,705,000 with variable and fixed interest rates ranging from 4% to 6.5% to advance refund \$5,105,000 of outstanding 1992 Tax Allocation Revenue Bonds (Refunding Bonds), with interest rates ranging from 4.75% to 7.6%. The certificates mature in various annual amounts through September 1, 2022, and are payable from lease payments made by the City to the Authority as defined in the lease agreement. Lease payments are to be paid by the City in each rental period for and in consideration of the right to use and occupy the properties during each such period. Pledged lease payment received during the year ended June 30, 2016, was \$473,483 and was used against the total debt service payments of \$473,483. The outstanding balance at June 30, 2016 was \$2,765,000. The debt service schedules of the Certificates of Participation are as follows:

Fiscal Year Ending June 30	COPs Series B		COPs Series C

2015 Lease Financing

On December 10, 2015, the Civic Improvement Authority issued a \$5,600,000 10-year term Lease Financing with Bank of the West in connection with the renovation of a site and structures to replace the existing city hall. Principal is payable annually on each December 10, commencing December 10, 2017. Interest is payable semiannually on each June 10 and December 10, commencing June 10, 2016. Interest is payable at a variable rate equal to 70% of one, three or six month LIBOR rate plus 0.50% per annum as selected by the City. On and after December 10, 2017, the interest rate is equal to the prime rate. The outstanding balance at June 30, 2016 was \$5,600,000. The debt service schedules of the Lease Financing are as follows:

2010 Water Revenue Bonds, Series A and Series B

On December 1, 2010, the Utility Authority issued Water Revenue Bonds, Series A and B in an aggregate amount of \$19,675,000 with interest rates ranging from 2.00% to 7.55% to finance future capital improvements. The bonds mature in various annual amounts through November 2040 and are secured by a pledge of net income and revenues reported in the Water Enterprise Fund. Net revenue recognized during the year ended June 30, 2016, was \$4,590,463 against the total debt service payment of \$1,539,305. Principal is payable annually on each November 1, commencing November 1, 2011. Interest is payable semiannually on each May 1 and November 1, commencing May 1, 2011. The outstanding balance at June 30, 2016 was \$18,245,000.

2013 Water Revenue Bonds, Series A

On October 22, 2013, the Utility Authority issued \$20,210,000 of Water Revenue Bonds, Series 2013A and used the proceeds to 1) pay off the outstanding balance of the line of credit of \$11,931,781, 2) refund the Series 2003 Bonds (except the 2003 Bonds maturing on November 1, 2013 in the amount of \$180,000) in the amount of \$5,895,000, 3) finance additional improvements to the water system and, 4) pay the costs of issuance in connection with the issuance and sale of the Series 2013 Bonds. The bonds mature in various annual amounts through November 2043 and are secured by a pledge of net income and revenues reported in the Water Enterprise Fund. Net revenue recognized during the year ended June 30, 2016 was \$4,590,463 against the total debt service payment of \$1,343,325. Principal is payable annually on each November 1, commencing November 1, 2014. Interest is payable semiannually on each May 1 and November 1, commencing May 1, 2014 with interest rates ranging from 2.00% to 5.00%. The outstanding balance at June 30, 2016 was \$19,330,000.

The debt service schedules of the Water Revenue Bonds are as follows:

Fiscal Year Ending June 30	2010 Water Revenue Bonds		2013 Water Revenue Bonds	
	Principal	Interest*	Principal	Interest
2017	\$ 315,000	\$ 1,229,292	\$ 455,000	\$ 884,825
2018	330,000	1,217,180	465,000	868,700
2019	340,000	1,203,780	490,000	849,600
2020	355,000	1,189,880	505,000	832,225
2021	370,000	1,175,380	525,000	811,525
2022-2026	2,130,000	5,606,575	3,065,000	3,624,625
2027-2031	2,700,000	4,929,461	3,895,000	2,772,325
2032-2036	4,420,000	3,721,741	3,945,000	1,872,044
2037-2041	7,285,000	1,429,972	3,465,000	1,045,450
2042-2044	-	-	2,520,000	185,275
Subtotal	18,245,000	21,703,261	19,330,000	13,746,594
Unamortized premium	220,262	(220,262)	986,240	(986,240)
Total	<u>\$ 18,465,262</u>	<u>\$ 21,482,999</u>	<u>\$ 20,316,240</u>	<u>\$ 12,760,354</u>

* Interest is before the Federal subsidy for the 2010 Water Revenue Bonds, Series B. The total expected subsidy is \$7,187,367 through 2041.

3. Private-Purpose Trust Activities

1999 Refunding Special Tax Bonds

On July 1, 1999, the Community Facilities District of the Agency issued 1999 Special Tax Bonds (Refunding Bonds) in the amount of \$3,185,000 at interest rates ranging from 4.25% to 6% to advance refund \$3,250,000 of outstanding 1990 Special Tax Bonds (Refunded Bonds) with interest rates ranging from 7% to 7.75%. The bonds are secured primarily by a pledge of all special tax revenues levied on taxable real property with the District. Special tax revenues are defined as the special taxes levied by the former Redevelopment Agency within the District. In addition, the former Redevelopment Agency has committed, through an Owner Participation Agreement, to subsidize the special taxes payable on the Refunding Bonds with incremental property taxes. These revenues have been pledged until the year 2019, the final maturity date of the bonds. The total principal and interest remaining on the bonds is \$1,073,650. Special tax revenue recognized during the year ended June 30, 2016 was \$290,682 as against the total debt service payments of \$268,450. The outstanding balance at June 30, 2016 was \$955,000. The debt service schedules of the Special Tax Bonds are as follows:

Fiscal Year	1999 Special Tax Bonds	
Ending June 30	Principal	Interest
2017	\$ 220,000	\$ 50,700
2018	230,000	37,200
2019	245,000	22,950
2020	260,000	7,800
Totals	\$ 955,000	\$ 118,650

2000 Tax Allocation Bonds

On November 1, 2000, the former Redevelopment Agency issued Tax Allocation Bonds in an aggregate amount of \$8,000,000 with variable and fixed interest rates ranging from 4.5% to 5.875% to finance the Agency's redevelopment activities. The bonds mature in various annual amounts through October 1, 2032 and are secured and to be serviced from tax increment revenues of the former Redevelopment Agency. All tax increment revenues are the security for bonds. The total principal and interest remaining on the bonds is \$8,622,011 the approximate amount of revenue pledged. Pledged tax increment revenue recognized during the year ended June 30, 2016 was \$2,727,528 as against the total debt service payments of \$596,146. The outstanding balance at June 30, 2016 was \$5,580,000. The debt service schedules of the Tax Allocation Bonds are as follows:

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

Fiscal Year Ending June 30	2000 Tax Allocation Bonds	
	Principal	Interest
2017	\$ 270,000	\$ 316,434
2018	230,000	302,569
2019	240,000	289,409
2020	255,000	275,421
2021	290,000	259,744
2022-2026	1,690,000	1,019,894
2027-2031	1,740,000	526,987
2032-2033	865,000	51,553
Total	<u>\$ 5,580,000</u>	<u>\$ 3,042,011</u>

Notes Payable

On July 23, 2010, the former Redevelopment Agency purchased property from the Howard's Appliances, Inc. and issued a note payable in the amount of \$1,450,000. The note bears interest at 6.00% per annum and is secured by a deed of trust. The note payable calls for annual payments of \$193,176, including interest, and matures in June 2020. The outstanding balance at June 30, 2016 was \$592,965.

Fiscal Year Ending June 30	Notes Payable	
	Principal	Interest
2017	\$ 157,598	\$ 35,578
2018	167,053	26,122
2019	177,077	16,099
2020	91,237	5,474
Totals	<u>\$ 592,965</u>	<u>\$ 83,273</u>

Upon the dissolution of the former Redevelopment Agency on January 31, 2012, the outstanding balances of the former Redevelopment Agency's obligations were transferred to the Successor Agency. The future payments of these obligations are subject to the Recognized Obligation Payment Schedule (ROPS) review and approval process by the California Department of Finance (DOF).

(g) Fund Balances

Governmental funds report fund balance in classifications based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. Fund balance for government funds are made up of the following:

- Nonspendable Fund Balance – includes amounts that are (a) not in spendable form, or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example: inventories, prepaid amounts, and long-term notes receivable.

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

- **Restricted Fund Balance** – includes amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers.
- **Committed Fund Balance** – includes amounts that can only be used for the specific purposes determined by a formal action (i.e., resolution or ordinance) of the City’s highest level of decision-making authority, the City Council. Commitments may be changed or lifted only by the City taking the same formal action that imposed the constraint originally.
- **Assigned Fund Balance** – comprises amounts intended to be used by the City for specific purposes that are neither restricted nor committed. Intent is expressed by the City Council body by delegating the authority to assign amounts to be used for specific purposes.
- **Unassigned Fund Balance** – is the residual classification for the General Fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose. In other funds, the unassigned classification should be used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

When both restricted and unrestricted resources are available for an incurred expenditure, it is the City’s policy to spend restricted resources first then unrestricted resources, as necessary. When unrestricted resources are available for incurred expenditures, it is the City’s policy to use committed amounts first, followed by assigned amounts and then unassigned amounts.

Fund balances for all the major and nonmajor governmental funds as of June 30, 2016, were distributed as follows:

	General Fund	Child Development Special Revenue Fund	Other Capital Projects Fund	Other Nonmajor Funds	Total
Nonspendable:					
Prepaid items	\$ 29,734	\$ -	\$ -	\$ 9,000	\$ 38,734

(3) OTHER INFORMATION

(a) Pension Plan

1. Summary of Pension Related Items

The following table shows the aggregate total of pension related items.

	<u>Miscellaneous Plan</u>	<u>Safety Plans</u>	<u>Total</u>
Net pension liability	\$ 17,413,666	\$ 36,959,834	\$ 54,373,500
Deferred outflows of resources related to pension	2,378,096	2,950,460	5,328,556
Deferred inflows of resources related to pension	1,888,644	3,523,279	5,411,923
Pension expense	1,211,851	3,086,407	4,298,258

2. General Information about the Pension Plans

Plan Descriptions – All qualified permanent and probationary employees are eligible to participate in either (1) the City’s Miscellaneous Plan, an agent multiple-employer defined benefit pension plan administered by the California Public Employees’ Retirement System (CalPERS), which acts as a common investment and administrative agent for its participating member employers, or (2) the City’s Safety Plan, a cost-sharing multiple employer defined benefit pension plan administered by CalPERS. They may be collectively referred to as the “Plans” or individually as a “Plan”. Benefit provisions under the Plans are established by State statute and City’s resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Benefits Provided – CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 to 62 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five (5) years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees’ Retirement Law.

The Plans’ provisions and benefits in effect at June 30, 2016, are summarized as follows:

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

	Miscellaneous Plan

Monthly benefits, as a % of eligible compensation	3.00%	2.0% to 2.7%	2.0% to 2.7%
Required employee contribution rates	9.00%	9.00%	9.00%
Required employer contribution rates	51.860%	15.373%	11.923%

Employees Covered – At June 30, 2014 (valuation date), the following employees were covered by the benefit terms for each Plan:

	Misc	Safety Plans
Inactive employees or beneficiaries currently receiving benefits	258	176
Inactive employees entitled to but not yet receiving benefits	379	75
Active employees	248	67
Total	885	318

Contributions – Section 20814(c) of the California Public Employees’ Retirement Law (PERL) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS’ annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. Employer contribution rates may change if plan

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

contracts are amended. It is the responsibility of the employer to make necessary accounting adjustments to reflect the impact due to any Employer-Paid Member Contributions or situations where members are paying a portion of the employer contribution.

For the measurement period ended June 30, 2015, the contributions to Miscellaneous and Safety Plans and the average employer's contribution rate as a percentage of annual payroll were as follows:

Plan	Employer Contributions	Average Employer Contribution Rate (%)
Miscellaneous	\$ 1,690,812	12.72%
Safety	1,939,949	31.20%
Safety Tier II	59,786	17.77%
Safety PEPRA	59,209	9.80%
Total	\$ 3,749,756	

3. Net Pension Liability and Changes in Net Pension Liability

The net pension liability of each of the Plans is measured as of June 30, 2015, using the actuarial valuation as of June 30, 2014, rolled forward to June 30, 2015, using standard update procedures.

Miscellaneous Plan - The City's net pension liability for the Miscellaneous Plan is measured as the total pension liability, less the pension plan's fiduciary net position and is determined on the same basis as that used by the plan.

The following table shows the changes in the Net Pension Liability for the Miscellaneous Plan:

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

<u>Reporting Period</u>	<u>Increase (Decrease)</u>		
	<u>Total Pension Liability</u> <u>(a)</u>	<u>Plan Fiduciary Net Position</u> <u>(b)</u>	<u>Net Pension Liability/(Asset)</u> <u>(c) = (a) - (b)</u>
Balance at June 30, 2015	\$ 90,775,777	\$ 76,771,917	\$ 14,003,860
Changes in the year:

Net changes	<u>3,646,850</u>	<u>237,044</u>	<u>3,409,806</u>
Balance at June 30, 2016	<u>\$ 94,422,627</u>	<u>\$ 77,008,961</u>	<u>\$ 17,413,666</u>

Safety Plans – As of June 30, 2016, the City reported net pension liabilities of \$36,962,254, (\$926), and (\$1,494), for proportionate shares of the net pension liability of Safety Plan, Safety Tier II Plan, and Safety PEPRA Plan, respectively. The City’s net pension liability for each of the Safety Plans is measured as the proportionate share of the net pension liability. The City’s proportion of the net pension liability was based on a projection of the City’s long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined.

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

The City's proportionate share of the net pension liability for Safety Plans as of measurement period ended June 30, 2014 and 2015 was as follows:

<u>Measurement Date</u>	<u>Safety Plans</u>	
	<u>Amount</u>	<u>%</u>
Proportion - June 30, 2014	\$ 31,772,178	0.84704%
Proportion - June 30, 2015	36,959,834	0.89699%
Change - Increase (Decrease)	\$ 5,187,656	0.04995%

Actuarial Assumptions – For the measurement period ended June 30, 2014 valuation was rolled forward to determine the June 30, 2015 total pension liability, based on the following actuarial methods and assumptions:

Valuation Date	6/30/2014
Measurement Date	6/30/2015
Actuarial Cost Method	Entry-Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	7.65%
Inflation	2.75%
Projected Salary Increase	Varies by entry age and service
Investment Rate of Return	7.65% Net of Pension Plan Investment Expenses, includes inflation
Mortality Rate Table (1)	Derived using CalPERS' Membership Data for all Funds

(1) The mortality table used was developed based on CalPERS' specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB. For more details on this table, please refer to the 2014 experience study report.

All other actuarial assumptions used in the June 30, 2014, valuation were based on the results of an actuarial experience study for the period from 1997 to 2011, including updates to salary increase, mortality and retirement rates. The Experience Study report can be obtained at CalPERS' website under Forms and Publications.

Change of Assumptions – GASB 68, paragraph 68 states that the long-term expected rate of return should be determined net of pension plan investment expense but without reduction for pension plan administrative expense. The discount rate of 7.5% used for the June 30, 2014 measurement date was net of administrative expenses. The discount rate of 7.65% used for the June 30, 2015 measurement date is without reduction of pension plan administrative expense.

Discount Rate – The discount rate used to measure the total pension liability was 7.65%. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing of the plans, the tests revealed the assets would not run out. Therefore, the current 7.65% discount rate is appropriate and the use of the municipal bond rate calculation is not deemed necessary. The long-term expected

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

discount rate of 7.65% is applied to all plans in the Public Employees Retirement Fund. The stress test results are presented in a detailed report called “GASB Crossover Testing Report” that can be obtained at CalPERS’ website under the GASB 68 section.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds’ asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation.

Asset Class	Current Target Allocation	Real Return Years 1- 10 (a)	Real Return Years 11+ (b)
Global Equity	51.00%	5.25%	5.71%
Global Fixed Income	19.00%	0.99%	2.43%
Inflation Sensitive	6.00%	0.45%	3.36%
Private Equity	10.00%	6.83%	6.95%
Real Estate	10.00%	4.50%	5.13%
Infrastructure and Forestland	2.00%	4.50%	5.09%
Liquidity	2.00%	-0.55%	-1.05%

(a) An expected inflation of 2.5% used for this period.

(b) An expected inflation of 3.0% used for this period.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate – The following presents the net pension liability of each Plan, calculated using the discount rate for each Plan, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower or 1 percentage-point higher than the current rate:

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

<u>Plan</u>	<u>Discount Rate - 1% (6.65%)</u>	<u>Current Discount Rate (7.65%)</u>	<u>Discount Rate + 1% (8.65%)</u>
Miscellaneous	\$ 30,752,921	\$ 17,413,666	\$ 6,502,321
Safety Plans	56,255,232	36,959,834	21,137,962

Pension Plan Fiduciary Net Position – Detailed information about each pension plan’s fiduciary net position is available in the separately issued CalPERS financial reports.

4. Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended June 30, 2016, the City recognized pension expenses of \$1,211,851 and \$3,086,407 for Miscellaneous Plan and Safety Plans, respectively. At June 30, 2016, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Miscellaneous Plan</u>	
	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Pension contributions subsequent to measurement date	\$ 1,923,056	\$ -
Differences between expected and actual experience	455,040	-
Changes in assumptions	-	1,160,213
Net difference between projected and actual earnings on pension plan investments	-	728,431
Total	<u>\$ 2,378,096</u>	<u>\$ 1,888,644</u>

	<u>Safety Plans</u>	
	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Pension contributions subsequent to measurement date	\$ 2,950,460	\$ -
Differences between expected and actual experience	-	270,519
Changes in assumptions	-	1,244,214
Net difference between actual contributions paid by the employer and proportionate share of contributions	-	1,377,970
Net difference between projected and actual earnings on pension plan investments	-	630,576
Adjustment due to differences in proportions	-	-
Total	<u>\$ 2,950,460</u>	<u>\$ 3,523,279</u>

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

The City reported \$1,923,056 and \$2,950,460 for Miscellaneous Plan and Safety Plans, respectively, as deferred outflows of resources related to contributions subsequent to the measurement date which, will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year Ended June 30	Misc Plan Deferred Outflows/ (Inflows) of Resources	Safety Plan Deferred Outflows/ (Inflows) of Resources
2017	\$ (867,343)	\$ (1,512,346)
2018	(867,342)	(1,506,174)
2019	(514,755)	(1,278,827)
2020	815,836	774,068
Total	\$ (1,433,604)	\$ (3,523,279)

5. Payable to the Pension Plan

At June 30, 2016, the City reported payables of \$109,271 and \$74,715 for the outstanding amount of contributions to the pension Miscellaneous Plan and Safety Plans, respective, required for the year ended June 30, 2016.

(b) Postemployment Benefits

Plan Description

The City of La Habra Retiree Healthcare Plan (Plan) is a single-employer defined benefit postemployment healthcare plan administered by the City. The plan provides healthcare benefits to eligible retirees and their dependents. Benefit provisions are established and may be amended through agreements and memorandums of understanding between the City, its management employees, and unions representing City employees.

The City provides retiree medical benefits through the California Public Employees' Retirement System healthcare program (PEMHCA) administered by the CalPERS. The City contributes the PEMHCA minimum for eligible retirees and surviving spouses. The City additionally contributes \$200 monthly to two eligible Fire Union retirees until age 65. The City also provides full medical coverage for life under a special agreement to one annuitant and dependents. No dental, vision, or life insurance benefits are provided. As of June 30, 2014, the date of the most recent actuarial valuation available, plan membership consisted of 305 active participants and 243 retirees and beneficiaries, 74 of who are currently receiving benefits. Copies of the CalPERS' annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, CA 95814.

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

Funding Policy

There is no statutory requirement for the City to prefund its OPEB obligation. The City has currently chosen to fully fund the Annual Required Contribution (ARC). There are no employee contributions. The ARC is an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. The benefit payment of \$283,000 for fiscal year 2015-16 comprised of \$134,000 cash payment for retiree healthcare plan benefits and \$149,000 implied subsidy. Implied subsidy is the value of benefits retirees receive in excess of the premium paid, due to blending with active employees. In addition, during the fiscal year ended June 30, 2016, the City established an irrevocable trust with the California Employers' Retiree Benefit Trust Program (CERBT) and made a one-time contribution of \$1,000,000 to the CERBT to prefund the OPEB Trust Fund.

Annual OPEB Cost and Net OPEB Obligation

The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City's Net OPEB obligation:

Annual required contribution	\$	872,000
Interest on net OPEB obligation		206,000
Adjustment to annual required contribution		<u>(323,000)</u>
Annual OPEB cost (expense)		755,000
Contributions (benefit payments)		(283,000)
OPEB Trust Pre-Funding		<u>(1,000,000)</u>
Decrease in net OPEB obligation		(528,000)
Net OPEB obligation - beginning of year		<u>2,842,000</u>
Net OPEB obligation - end of year		<u><u>\$ 2,314,000</u></u>

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for fiscal years 2014 through 2016 are as follows:

Fiscal Year	Annual	Percentage of	Net OPEB
Ended	OPEB Cost	Annual OPEB	Obligation
Ended	OPEB Cost	Cost Contributed	Obligation
6/30/2016	\$ 755,000	169.9%	\$2,314,000
6/30/2015	952,000	29.8%	2,842,000
6/30/2014	589,000	22.2%	2,174,000

Funded Status and Funding Progress

The funded status of the plan as of June 30, 2014, the plan's most recent actuarial valuation date was as follows:

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

Actuarial accrued liability (AAL)	\$	6,004,000
Actuarial value of plan assets		-
Unfunded actuarial accrued liability (UAAL)		6,004,000
Fund ratio (actuarial value of plan assets/AAL)		0%
Covered payroll (active Plan members)		20,885,000
UAAL as a percentage of covered payroll		28.7%

Actuarial valuations of an ongoing plan involve estimates of the value of expected benefit payments and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumption

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the June 30, 2014, actuarial valuation, the entry age normal actuarial cost method was used. The actuarial assumptions included a 7.25% investment rate of return (net of administrative expenses), which is the expected long-term investment return on City investments, an annual healthcare cost trend rate of 7.0% to 7.2% initially, which varies by the Medicare eligibility, reduced by decrements to an ultimate rate of 5.0% after 4 years, a 3% general inflation assumption and an annual PEMHCA minimum increase rate of 4.5% after 2017. The UAAL is being amortized as a level percentage of projected payroll over a 30 year fixed (closed) period with 24 years remaining, as of June 30, 2014.

(c) Commitments and Contingencies

1. Self-Insurance

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and injuries to employees. The City established a self-insurance program, the Risk Management Fund, to account for and finance its uninsured risks of loss. Under this program, the Risk Management Fund provides coverage for up to a maximum of \$750,000 for each miscellaneous claim, \$1,000,000 for each safety workers' compensation claim, and \$300,000 for each general liability claim. The City purchases commercial insurance for claims in excess of coverage provided by the Risk Management Fund and for all other risks of loss. Settled claims have

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

not exceeded this commercial coverage in any of the past three years. All funds of the City participate in the program and make payments to the Risk Management Fund based on actuarial estimates of amounts needed to pay claims.

The fund establishes claims liabilities based on estimates of the ultimate cost of claims (including future claim adjustment expenses) that have been reported but not settled and of claims that have been incurred but not reported. The City has accrued for its anticipated liability with respect to claims filed and claims incurred but not reported to the City as of year end. The accruals are in the amounts of \$3,919,139 and \$601,126 for the workers' compensation claims and general liability claims, respectively, and are reported as accrued liabilities on the Statement of Net Position in the Risk Management Internal Services Fund.

A reconciliation of changes in aggregate liabilities for claims for the current fiscal year and the prior fiscal year is as follows:

	<u>Workers'</u> <u>Compensation</u>	<u>General</u> <u>Liability</u>
Amounts of accrued claims at June 30, 2014	1,955,081	831,500
Incurred claims, representing the total of a provision for events of the current fiscal year and any changes (increase or decrease) in the provision for events of prior fiscal years	898,862	13,581
Payments on claims attributable to events of both the current fiscal year and prior fiscal years	<u>(644,380)</u>	<u>(142,115)</u>
Amounts of accrued claims at June 30, 2015	2,209,563	702,966
Incurred claims, representing the total of a provision for events of the current fiscal year and any changes (increase or decrease) in the provision for events of prior fiscal years	2,269,071	405,748
Payments on claims attributable to events of both the current fiscal year and prior fiscal years	<u>(559,495)</u>	<u>(507,588)</u>
Amounts of accrued claims at June 30, 2016	<u>\$ 3,919,139</u>	<u>\$ 601,126</u>
Due within one year	\$ 803,833	\$ 228,524
Due in more than one year	<u>3,115,306</u>	<u>372,602</u>
	<u>\$ 3,919,139</u>	<u>\$ 601,126</u>

2. Litigation

There are several lawsuits pending against the City. According to the City's legal counsel, the outcome and eventual liability of the City, if any, in these cases is not known at this time. Management estimates that the potential claims against the City not covered by insurance or self-insurance reserves resulting from such litigation would not materially affect the financial statements of the City.

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

3. *Owner Participation Agreements*

The former Redevelopment Agency entered into several Owner Participation Agreements with various business owners within the City. Generally, these agreements required that the former Agency remit to these businesses a portion of the sales tax revenue generated by their operations. However, one agreement required the former Agency to remit a percentage of the incremental property tax revenue earned by the former Agency due to the increase in the assessed value of the business property in addition to a percentage of the sales tax revenue generated by their operations. Most of the agreements provide for limits of the amount of tax that can be remitted back to the business owner.

On February 1, 2012, the Successor Agency assumed all responsibilities under the agreement. Future payments towards the purchase, if any, are requested through the semi-annual Redevelopment Property Tax Trust Fund (RPTTF) distribution process. The remaining number of years under the Owner Participation Agreements range from 1 to 4 years and the Successor Agency remitted approximately \$385,555 during the year ended June 30, 2016.

4. *Contractual Commitments*

The City was involved in contractual agreements for construction in progress. As of June 30, 2016, the remaining estimated costs for the contractual agreements are approximately \$8,428,324.

5. *Pollution Remediation Obligation*

The City was named as a responsible party in the environmental remediation of a City-owned park. The property had been previously used as a refuse disposal site operated by the County of Orange, California (County), between 1949 and 1958. Prior to 1949, the park site was a burn dump operated by the City. As a result of these prior refuse disposal activities, several regulatory agencies have issued notices, orders and/or directives requiring the City to monitor methane gas emissions. In response to the regulatory agencies, the City has installed a methane monitoring system. The City estimates the cost to fully remediate the property to be \$2,800,000, which includes the preliminary design and construction of a permanent landfill “cap.”

The City anticipates spending approximately \$70,000 annually for an indeterminable period of time for environmental mitigation and monitoring obligations. Environmental monitoring costs relating to legal mandates such as regulatory agency orders, court orders or other affirmative legal obligations are included in the anticipated spending.

Measurement and Assumptions

The City measured the environmental liabilities for pollution remediation site using the Expected Cash Flow technique. The measurements are based on the current value of the outlays expected to be incurred. The cash flow scenarios include each component which can be reasonably estimated for outlays such as preliminary engineering and construction instead of ranges of all components. Reasonable estimates of ranges of possible cash flows are limited from a single scenario to a few scenarios. Data used to develop the cash flow scenarios is obtained City staff. Changes to estimates will be made when new information becomes available and/or benchmarks in the estimated outlay change, such as the following:

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

- Receipt of an administrative order.
- Participation, as a responsible party or a potentially responsible party, in the site assessment or investigation.
- Completion of a corrective measures feasibility study.
- Issuance of an authorization to proceed.
- Remediation design and implementation, through and including operation and maintenance and postremediation monitoring.
- Change in the remediation plan or operating conditions, including but not limited to type of equipment, facilities and services that will be used and price increases.
- Changes in technology.
- Changes in legal or regulatory requirements.

Recoveries

The City Council approved a settlement agreement with the County of Orange (County) on November 21, 2005, related to the remediation of the property. Under the terms of the settlement agreement, dated November 30, 2005, the County has paid \$4,995,000 for the full cost of remediation and to provide funding for future ongoing maintenance costs. The settlement relieves the County of any further remediation obligation related to the methane gas emissions and obligates the City as the responsible party to respond to current and future orders, notices and directives from regulatory agencies. As of June 30, 2016, the City has expensed \$1,518,949 related to monitoring activities. \$2,800,000 of the remaining cash balance is off-set by a pollution remediation liability and \$676,051 is restricted for future annual monitoring expenses that will be incurred.

(d) Successor Agency Trust for Assets of Former Redevelopment Agency

On December 29, 2011, the California Supreme Court upheld Assembly Bill X1 26 (“the Bill”) that provides for the dissolution of all redevelopment agencies in the State of California. This action impacted the reporting entity of the City of La Habra (City) that previously had reported a Redevelopment Agency within the reporting entity of the City as a blended component unit.

The Bill provides that upon dissolution of a Redevelopment Agency, either the city or another unit of local government will agree to serve as the “successor agency” to hold the assets until they are distributed to other units of state and local government. On January 12, 2012, the City Council elected to become the Successor Agency to the La Habra Redevelopment Agency (Successor Agency) in accordance with the Bill as part of the City resolution number 5508.

After enactment of the law, which occurred on June 28, 2011, redevelopment agencies in the State of California cannot enter into new projects, obligations or commitments. Subject to the control of a newly established oversight board, remaining assets can only be used to pay enforceable obligations in existence at the date of dissolution (including the completion of any unfinished projects that were subject to legally enforceable contractual commitments).

In future fiscal years, successor agencies will only be allocated revenue in the amount that is necessary to pay the estimated annual installment payments on enforceable obligations of the former Redevelopment Agency until all enforceable obligations of the prior Redevelopment Agency have been paid in full and all assets have been liquidated.

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

The Bill directs the State Controller of the State of California to review the propriety of any transfers of assets between redevelopment agencies and other public bodies that occurred after January 1, 2011. If the public body that received such transfers is not contractually committed to a third party for the expenditure or encumbrance of those assets, the State Controller is required to order the available assets to be transferred to the public body designated as the successor agency by the Bill.

In accordance with the timeline set forth in the Bill (as modified by the California Supreme Court on December 29, 2011) all redevelopment agencies in the State of California were dissolved and ceased to operate as a legal entity as of February 1, 2012. After the date of dissolution, the assets and activities of the dissolved redevelopment agreement are reported in a fiduciary fund (private purpose trust fund) in the financial statements of the City.

(e) Prior Period Adjustments

The City recorded prior period adjustments to reduce due from other governments which was overstated by \$564,120 and increase cash and investments and accrued liabilities which were understated by \$1,351,180 and \$96,440, respectively in governmental funds and governmental activities as of June 30, 2015. The City restated net position of the governmental activities to reflect the increase in capital assets by \$5,487,137 as of June 30, 2015.

	General Fund	Other Capital Projects Capital Projects Fund	Measure M Special Revenue Fund	Traffic Safety Special Revenue Fund	Risk Management Internal Service Fund	Governmental Activities
Fund balance/ net position as of June 30, 2015, as previously reported	\$ 14,502,626	\$ 7,259,633	\$ 1,412,425	\$ 400,357	\$ 2,483,161	\$ 62,377,180

CITY OF LA HABRA, CALIFORNIA
Notes to Financial Statements (Continued)
June 30, 2016

The City recorded prior period adjustments to increase cash and investments which were understated by \$680,299 in enterprise funds and business-type activities as of June 30, 2015. The City also restated net position of the private-purpose trust fund to reflect the increase in land held for resale by \$2,500,000 and decrease in capital assets by \$5,487,137 as of June 30, 2015.

	Water Enterprise Fund	Housing Authority Enterprise Fund	Business-Type Activities	Private-Purpose Trust Fund
	<u> </u>	<u> </u>	<u> </u>	<u> </u>
Net position as of June 30, 2015, as previously reported	\$ 21,832,906	\$ 5,203,331	\$ 41,018,505	\$ (7,324,701)
Cash and investments	268,137	412,162	680,299	-
Land held for resale	-	-	-	2,500,000
Capital assets	<u>-</u>	<u>-</u>	<u>-</u>	<u>(5,487,137)</u>
Net position as of June 30, 2015, as restated	<u>\$ 22,101,043</u>	<u>\$ 5,615,493</u>	<u>\$ 41,698,804</u>	<u>\$ (10,311,838)</u>

(4) SUBSEQUENT EVENTS

In March 2015, The City and the Successor Agency filed a petition challenging the DOF’s decision to disallow Successor Agency’s obligations relating to the 1998 Certificates of Participation (COP) Loan as an enforceable obligation. On August 26, 2016, the City and the Successor Agency received a final trial court decision from the Superior Court of California that the DOF had abused its discretion in refusing to allow payments on the 1998 COP Loan. Subsequently on October 6, 2016, the DOF issued a revised determination letter complying with the County’s decision and approving the 1998 COP Loan Agreement as a valid enforceable obligation.

On September 27, 2016, the Successor Agency sold the real property located at 951 – 1001 East Imperial Highway to ICI Development Company, Inc for gross proceeds of \$2,720,000. A portion of the proceeds was spent on closing cost and paying off the note payable from Howard’s Applicances. The net proceeds received by the Successor Agency were \$2,271,772.

On December 22, 2016, the Successor Agency issued \$4,715,000 of Tax Allocation Refunding Bonds, Series 2016 and used the proceeds to refund the outstanding 2000 Tax Allocation Bonds.

CITY OF LA HABRA, CALIFORNIA
Note to Required Supplementary Information
June 30, 2016

(1) Budgets and Budgetary Accounting

Annual budgets are adopted on a substantially modified accrual basis of accounting for all governmental funds. All annual appropriations lapse at fiscal year end.

The appropriated budget is prepared by fund, function, and department. The government's department head, with approval of the Finance Director and City Manager, may make transfers of appropriations within a department. Transfers of appropriations between departments within a fund must be approved by the City Manager. Transfers between funds must be approved by the City Council; therefore, the legal level of budgetary control is at the fund level. The Council made several supplemental budgetary appropriations throughout the year. Certain types of transfers between funds are approved by the City Council in the budget resolution. The amounts of these transfers are typically unknown until the year end therefore not included in the final budget.

Encumbrances accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year end are reported as restricted, committed, or assigned fund balances and do not constitute expenditures or liabilities, because the commitments will be reappropriated and honored during the subsequent year.

(a) Excess of Expenditures Over Appropriations

Fund	Amount Over Budget
General Fund	\$ 358,334
Employment and Training Special Revenue Fund	33,987
Public Safety Augmentation Special Revenue Fund	11,264

(2) Explanation of Differences between Revenues, Expenditures, and Other Financing Sources (Uses) for Budgetary Funds on a Budgetary Basis and GAAP

Expenditures	General Fund
Actual amounts (budgetary basis) "expenditures" for the budgetary comparison schedules	\$ 38,828,076
Adjustments:	
Principal payment for Advances to Other Funds is reported as expenditure for budgetary purposes, but as a reduction of liability for GAAP reporting	(325,000)
Total expenditures for the General Fund on a GAAP basis of accounting	\$ 38,503,076

NONMAJOR GOVERNMENTAL FUNDS

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

State Gas Tax Fund

The State Gas Tax Fund accounts for revenue received as the City's share of state gasoline taxes and expenditures made for street maintenance and improvements. Revenue is subverted to the City under Sections 2105, 2106, 2107 and 2107.5 of the Streets and Highway Code. Expenditures are for street maintenance and engineering to the extent legally permitted, with the remainder allocated to construction projects.

Park and Capital Development Funds

These funds account for revenue derived from fees paid on all construction in the City pursuant to City Ordinance Nos. 950 and 1053. Expenditure of monies derived from residential construction is restricted to development and acquisition of parks and recreation facilities. Remaining resources are designated for capital projects to improve the community environment.

Air Quality Improvement Fund

This fund accounts for the implementation of Local Ordinance No. 14081 and California AB2766. Revenue consists of the City's pre-capita share of the new SCAQMD vehicle registration surcharge. Expenditures may be made only for mobile source emission reduction programs.

Law Enforcement Fund

The Law Enforcement Fund accounts for revenue received and expenditures made for the various federal, state, and local police grants such as asset seizure, Citizens' Option for Public Safety Program, etc.

Housing and Community Development Fund

The Housing and Community Development Fund accounts for revenue received and expenditures made for the community development and housing. As an entitlement jurisdiction, these activities are financed by grants received through the U.S. Department of Housing and Urban Development Block Grant Program.

Employment and Training Fund

This fund accounts for activities of various federal grant programs, including Workforce Investment Act, Temporary Aid to Needy Families and Welfare to Work. Under contract with the County of Orange, the City provided employment and training services to youth, adults and older workers in the northern part of Orange County and surrounding areas. The City has been an active provider of federally funded work-related services since 1972.

Measure M Special Revenue Fund

The Measure M Special Revenue Fund is used to account for financial resources to be used for various capital and street improvements.

Public Safety Augmentation Fund

The Public Safety Augmentation Fund accounts for the additional one-half cent sales tax to be used for public safety expenditures.

Other Federal Grants Fund

The Other Federal Grant Fund accounts for revenue received and expenditures made for the various miscellaneous federal grants.

Traffic Safety Fund

The Traffic Safety Fund is used to account for financial resources to be used for various traffic safety projects. Financing is provided through state grants and traffic offender fees.

Service Authority for Abandoned Vehicles

The Service Authority for Abandoned Vehicles Fund accounts for the Orange County Transportation Authority's allocation of funds collected from annual vehicle registration fees to be used for keeping the streets clear of vehicles that have been abandoned.

Debt Service Fund

Other Debt Service Fund

To account for the accumulation of resources for, and the payment of, indebtedness of the City, excluding debt accounted for as proprietary fund debt. The debt service is financed through general city revenue.

Capital Projects Funds

Low and Moderate Income Housing Assets Fund

The Low and Moderate Income Housing Assets Fund, also known as Housing Successor, accounts for the housing assets which represent the former 20% set-aside of the tax allocations to the former Redevelopment Agency. This fund has been created after the dissolution of the former Redevelopment Agency in February 2012 pursuant to the California Health and Safety Code Section 34176. This fund must be used for the purpose of increasing or improvement of the community's supply of low and moderate income housing.

NONMAJOR ENTERPRISE FUNDS

NONMAJOR ENTERPRISE FUNDS

Children's Museum Fund

The Children's Museum Fund accounts for all revenue, expenditures and related financial operations for this Enterprise Fund. The museum is one of a few museums in the nation devoted to children and is, therefore, of regional significance. Revenue is obtained from admissions, fund-raising activities by the Friends of the Museum and occasional state grants.

Mobile Home Lease Fund

The Mobile Home Lease Fund accounts all revenue and expense relating to the acquisition of two mobile from parks acquired by the City.

INTERNAL SERVICE FUNDS

INTERNAL SERVICE FUNDS

Fleet Management Fund

The Fleet Management Fund accounts for the financing of the fuel maintenance and operation of motor vehicles owned by the City. Departments using vehicles are charged an annual amount for fuel, maintenance and operation based on their actual experience.

Risk Management Fund

The Risk Management Fund accounts for claim settlements, administrative costs and the reserve trust fund established for future losses from liability suits; workers' compensation claims and medical, disability and rehabilitation payments; legal and administrative costs; and the reserve trust fund established for future losses from industrial injury. This self-insurance fund is financed by departmental premiums based on historical experience.

Information Technology Fund

The Information Technology Fund accounts for the provision of telephone and data technology services. The departments using these services are charged fees based on the number of telephones and computers assigned to each department.

Civic Improvement Authority Fund

The Civic Improvement Authority Fund accounts for all revenue and expenses of the separate legal entity as a joint powers agency by the City and the Housing Authority. Financing is mainly through the issuance of Certificates of Participation used for the acquisition of equipment to be leased to the City.

Fleet Replacement Fund

The Fleet Replacement Fund accounts for the financing of vehicles and similar types of equipment. The departments using these vehicles and equipment are charged a "rental fee" composed of depreciation calculated on straight-line basis plus an additional amount sufficient to finance the replacement of said vehicles and equipment.

Employee Benefits Fund

The Employee Benefits Fund accounts for short-term portion of employee benefits such as sick leave, vacation, and other paid leaves in the governmental activities. Revenues for this fund are derived from periodic funding from the General Fund.

Other Post Employment Benefit set-aside Fund

The Other Post Employment Benefit Set-Aside Fund accounts for money set aside to pay for future obligation relating to healthcare benefits of retirees. Revenues for this fund are derived from periodic charges to other departments based on the number of employees and periodic funding from the General Fund.

CITY OF LA HABRA, CALIFORNIA
Measure T Transaction and Use Tax: Use of Funds
Year Ended June 30, 2016

In November 2008, the voters of La Habra approved Measure T which established a ½ cent local transaction and use tax. The measure was approved as an undesignated “general” tax that would be used to help support the activities and operations of the City’s General Fund. As this is a general tax, it legally cannot be earmarked for any specific use by code or statute.

One method to determine how this revenue source has impacted General Fund operations is to compare the allocation of these revenues by a proportional share of General Fund expenditures by department. The following table details this breakdown based on the Measure T amended revenue budget for FY 15/16 and the proportional allocation of the General Fund amended expenditure budget by department.

Measure T Allocation Analysis by General Fund Department

Department	FY 15/16 GF Amended Budget Expenditures	% of Total GF Budgeted Expenditures	Proportional Allocation of Measure T Revenues
Police	\$16,764,442	43.9%	\$2,190,526
Fire	8,469,590	22.2%	1,106,679
Public Works	4,865,903	12.7%	635,803
Administration and Support	3,271,321	8.6%	427,447
Community Services	3,263,100	8.5%	426,373
Community Development	1,592,573	4.2%	208,094
Total	\$38,226,929	100.0%	\$4,994,922

This method of demonstrating the use of Measure T revenues is a fair representation based on the allocation of revenues to budgeted expenditures on a proportional basis. It is not possible to specifically identify the actual use of any undesignated General Fund revenue since those revenues are considered discretionary in nature.

STATISTICAL SECTION

CITY OF LA HABRA, CALIFORNIA
Comprehensive Annual Financial Report
For the Year Ended June 30, 2016

STATISTICAL SECTION

This section of the City of La Habra’s Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the city’s overall financial health.

Table of Contents

	<i>Page(s)</i>
Financial Trends	
<i>These schedules contain trend information to help the reader understand how the government’s financial performance and well-being have changed over time.</i>	150-159
Revenue Capacity	
<i>These schedules contain trend information to help the reader assess the government’s most significant current local revenue source, the property tax.</i>	163-167
Debt Capacity	
<i>These schedules contain present information to help the reader assess the affordability of the government’s current levels of outstanding debt and the government’s ability to issue additional debt in the future.</i>	170-179
Demographic and Economic Information	
<i>These schedules offer demographic and economic indicators to help the reader understand the environment within which the government’s financial activities take place.</i>	182-183
Operating Information	
<i>These schedules contain service and infrastructure data to help the reader understand how the information in the government’s financial report relates to the services the government provides and the activities it performs.</i>	186-192

Sources: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year.

(1) Other property includes recreational, institutional, vacant and miscellaneous property.

(2) Tax-exempt property is excluded from the total taxable assessed value.

NOTE.

In 1978, the voters of the State of California passed Proposition 13 which limited property taxes to a total maximum rate of 1% based upon the assessed value of the property being taxed. Each year, the assessed value of property may be increased by an "inflation factor" (limited to a maximum increase of 2%). With few exceptions, property is only reassessed at the time that it is sold to a new owner. At that point, the new assessed value is reassessed at the purchase price of the property sold. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitations described above.

General bonded debt is debt payable with governmental fund resources and general obligation bonds recorded in enterprise funds (of which, the City has none).

- (1) Assessed value has been used because the actual value of taxable property is not readily available in the State of California.
- (2) For fiscal year ended June 30, 2012, outstanding long-term debts of La Habra RDA were transferred to the Successor Agency on February 1, 2012, as a result of dissolution of Redevelopment Agencies in California.
