Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the major fund of Irvine Child Care Project (the Authority), a California Joint Powers Authority, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of Irvine Child Care Project, as of June 30, 2014, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the supplementary information, such as management's discussion and analysis on pages 3 through 9 and the budgetary comparison information on page 24, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Irvine Child Care Project's basic financial statements. The supplementary information, presented on pages 24 through 30, and the audited attendance and fiscal reports as listed in the table of contents, is presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, presented on pages 27 and 30 and pages 33 and 34 has been audited by other independent auditors who noted no material weaknesses in their respective reports. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, in conformity with the CDE Audit Guide by the California Department of Education, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 14, 2014, on our consideration of Irvine Child Care Project's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Irvine Child Care Project's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014**

Introduction

The following discussion and analysis provides an overview of the financial position and activities of the Irvine Child Care Project (the Authority), a California Joint Powers Authority, for the year ended June 30, 2014. This discussion has been prepared by management and should be read in conjunction with the financial statements and notes thereto which follow this section.

The Management's Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in its Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, issued June 1999. Certain comparative information between the current and the prior year is required to be presented in the MD&A.

The Irvine Child Care Project was established on November 27, 1984, through a joint powers authority agreement entered into by the City of Irvine and the Irvine Unified School District.

The primary purpose of the Authority is to promote child care and child development opportunities utilizing several Irvine Unified School District sites by subleasing portable classrooms to non-profit groups that sponsor child care programs within the City.

Financial Highlights

This section provides an overview of the Authority's financial activities.

- Expenditures for the General Fund were \$39,840 more than revenues with overall revenue at \$1,826,759.

Statement of Net Position

The Statement of Net Position presents the assets and liabilities of the Authority as of the end of the fiscal year and is prepared using the accrual basis of accounting, which is similar to the accounting basis used by most private-sector organizations. The Statement of Net Position is a point of time financial statement whose purpose is to present to the readers a fiscal snapshot of the Authority. The Statement of Net Position presents end-of-year data concerning assets (current and noncurrent), liabilities (current and noncurrent), and net position (assets minus liabilities).

From the data presented, readers of the Statement of Net Position are able to determine the assets available to continue the operations of the Authority. Readers are also able to determine the amount owed by the Authority to vendors and employees. Finally, the Statement of Net Position provides a picture of the net position and the availability of those assets for expenditure.

The difference between total assets and total liabilities (net position) is one indicator of the current financial condition of the Authority, and the change in net position is an indicator of whether the overall financial condition has improved or worsened during the year. Assets and liabilities are generally measured using current values. One notable exception is capital assets, which are stated at historical cost less an allocation for depreciation expense.

IRVINE CHILD CARE PROJECT
(A California Joint Powers Authority)

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014

The Net Position is presented in three major categories. The first category provides the information in regards to equity amounts in property, plant, and equipment owned by the Authority. The second category provides information on amounts restricted for special purposes. The third category provides information on unrestricted net position that are available for obligations as may be approved by the Board.

The Statement of Net Position is summarized below:

	<u>2014</u>	<u>2013</u>	<u>% Change</u>
Assets			
Cash	\$ 1,916,245	\$ 1,768,419	8.4%

Total Net Position	<u>\$ 3,387,738</u>	<u>\$ 3,193,955</u>	<u>6.1%</u>

- Cash with the Authority is explained in the notes to the financial statements and is invested with the Orange County Treasury to maximize interest income.
- Accounts receivable are mainly amounts due from State and Federal government sources for the operation of the child development program.
- Accounts payable consist mainly of expenditures for services and supplies received prior to June 30, but not yet invoiced or paid.
- Net investment in capital assets reflects the difference between the assets of buildings and improvements and the associated debt.
- Unrestricted net position reflects the current undesignated amounts.

Statement of Activities

Changes in total net position are presented in the Statement of Activities. The purpose of this statement is to present the results of operations and includes revenues earned, whether received or not by the Authority, and the expenses incurred, whether paid or not by the Authority.

Expenses for Governmental Activities

- The activities of the Authority are fully supported by contract fees and grants and contributions.

Fund Financial Statements

More detailed information about the Authority's General Fund, not the Authority as a whole, is provided in the fund financial statements. Funds are accounting formats the Authority uses to keep track of specific sources of funding and expenditures in particular programs. Some funds are required by State law and other funds are established by the Authority to control and manage a variety of activities for particular purposes. Other funds may also address specific accounting requirements for certain revenue and expenditure classifications (such as Federal grants).

**IRVINE CHILD CARE PROJECT
(A California Joint Powers Authority)**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014**

The Authority maintains only one class of funds:

Governmental funds: All of the Authority's basic services are included in governmental funds, which generally focus on how cash and other financial assets can readily be converted to cash flow (in and out) and the balances left at year-end that are available for expenditure in subsequent years. A detailed short-term view is provided by the governmental fund statements. These help determine whether there are more or fewer financial resources that can be spent in the near future for financing the Authority's programs. Because this information does not encompass the additional long-term focus of the Authority-wide statements, additional information is provided in the reconciliation provided after the governmental fund statements that explains the differences (or relationships).

Revenue Sources for Governmental Activities

- Interest income of \$6,107 is considered nonoperating revenue. Interest income was primarily generated by the cash invested in the Orange County Treasury.
- The Authority's largest operating expenses are primarily for community services. The Authority expended \$685,021 of the total General Fund budget on these programs.

General Fund Budget

During the fiscal year, the Board authorized revisions to the original budget to accommodate differences from the original budget to the actual expenditures of the Authority. A budgetary comparison schedule for the General Fund is presented below.

Variations between final budget amounts and actual results were a direct result of actions taken by the Board to reduce or defer expenditures and increase income during the fiscal year.

Variations between the original and final budget amounts were primarily created by carry over of funds and new funding for categorical programs. These amounts were unknown at the time the original budget was adopted.

	Adopted Budget July 1, 2013	Revised Budget	Actual Revenues/ Expenditures June 30, 2014	Differences
Total Revenues	\$ 1,756,223	\$ 1,826,759	\$ 1,826,759	\$ -

Capital Asset and Debt Administration

Capital Assets

GASB Statement No. 34 requires that governmental agencies account for fixed assets in the same way that private and public corporations do. This involves recognizing the value of the Authority's fixed assets, such as land, buildings, and equipment, in the fixed asset section of the Statement of Net Position. The Authority must now track annual and accumulated depreciation on major assets.

As of June 30, 2014, the Authority had \$6,024,187 invested in capital assets, primarily related to facilities and other capital improvements.

Note 4 to the financial statements provide additional information on capital assets. A summary of capital assets, net of depreciation, is presented below:

Site improvements	2014 610,492
Buildings and improvements	5,373,387
Equipment	40,308
Less: Accumulated depreciation	(3,185,600)
Net Capital Assets	\$ 2,838,587

Notes payable	<u><u>2014</u></u> <u>\$ 1,022,891</u>

General Fund Budget Information

The Authority's budget is prepared in accordance with California law and is based on the cash basis of accounting, utilizing cash receipts, disbursements, and encumbrances.

The Authority begins the budget process in February of each year to be completed by June 30. After updating of the forecast for changes in revenue and expenditure assumptions, the operating budget begins at the program level determining service, supply, and equipment requirements based on the projected contracts and program activities.

Factors Bearing on the Authority's Future

At the time these financial statements were prepared and audited, the only known circumstance that could significantly affect its financial health in the future would be the State's continuing economic decline and its impact on the State budget.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Irvine Child Care Project (the Authority), a California Joint Powers Authority, was established on November 27, 1984, through a joint powers authority agreement (the Agreement) entered into by the City of Irvine (the City) and the Irvine Unified School District (the District).

The primary purpose of the Authority is to promote child care and child development opportunities utilizing District sites by subleasing portable classrooms to non-profit groups that sponsor child care programs within the City.

The Authority is also allocated child care and child care related funds through the California Department of Education. The Authority subcontracts with an independent, non-profit organization to deliver subsidized child development services to District children. Certain supplemental financial information is included for the Authority and its subcontractor. The Authority pays the subcontractor at a rate of approximately \$34.38 per child per day of enrollment. The rate is the \$35.08 State maximum rate less an administrative fee of two percent, allowing for subsidized parent fees.

The Governing Board (the Board) of the Authority administers the Agreement and the Authority. The Authority is a public entity separate from the respective parties of the Agreement. The Board carries out the managerial and financial functions of the Authority and is responsible for all of its debts and obligations.

Basis of Presentation

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB), including Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, issued by the American Institutes of Certified Public Accountants.

The Authority's basic financial statements consist of government-wide financial statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the Authority as a whole. The Statement of Net Position presents the financial condition of the governmental activities of the Authority at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the Authority's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function.

**IRVINE CHILD CARE PROJECT
(A California Joint Powers Authority)**

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Authority. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the Authority.

Fund Financial Statements

During the year, the Authority segregates transactions related to certain Authority functions or activities in separate programs in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Authority at this more detailed level. The focus of governmental fund financial statements is on major funds.

The fund financial statement expenditures are presented in a function-oriented format. The following is a brief description of the functions:

- Instruction - includes activities directly dealing with the interaction between teachers and students.
- Community services - includes activities that provide services to community participants other than students.
- Other outgo - includes activities that provide subsidies for child care fees to community participants.
- General administration - includes data processing services and all other general administration services.
- Plant services - includes activities of maintaining the physical plant. This also includes facilities acquisition and construction expenditures.

Fund Accounting

The accounting records of the Authority are organized on the basis of a major fund as follows:

- General Fund - The General Fund is the general operating fund to the Authority and accounts for all revenues and expenditures of the Authority. It is used to account for all resources over which the Board has discretionary control and in carrying on the operations of the Authority in accordance with the limitation of its bylaws and joint powers authority agreement.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing or measurement made, regardless of the measurement focus applied.

**IRVINE CHILD CARE PROJECT
(A California Joint Powers Authority)**

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year, or are expected to be collected soon enough thereafter, to be used to pay liabilities of the current fiscal year. Generally, available is defined as collectible within 45 or 60 days. Differences between the accrual and the modified basis of accounting arise in the recognition of revenue, the recording of unearned revenue, and the presentation of expenses versus expenditures.

Capital Assets

Generally, capital assets result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide Statement of Net Position, but are not reported in the fund financial statements.

Capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirement during the year. The Authority does not own any infrastructure as defined in GASB Statement No. 34. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All reported capital assets except for land and construction in progress are depreciated. Improvements are depreciated over the remaining useful life of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Buildings and improvements	20 years
Furniture and equipment	7 years

Fund Balances - Governmental Funds

As of June 30, 2014, fund balances of the governmental funds are classified as follows:

Nonspendable - amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact. The Authority currently does not have any nonspendable funds.

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments. The Authority currently does not have any restricted funds.

Committed - amounts that can be used only for specific purposes determined by a formal action of the Board of Directors. The Board of Directors is the highest level of decision-making authority for the Authority. Commitments may be established, modified, or rescinded only through resolutions or other action as approved by the Board of Directors. The Authority currently does not have any committed funds.

**IRVINE CHILD CARE PROJECT
(A California Joint Powers Authority)**

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

Assigned - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the Authority's adopted policy, only the Board of Directors or designee may assign amounts for specific purposes. The Authority currently does not have any assigned funds.

Unassigned - all other spendable amounts.

Spending Order Policy

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Authority considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Authority considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board of Directors has provided otherwise in its commitment or assignment actions.

Net Position

The net position represents the difference between assets and liabilities. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvements of those assets. Net position is reported as restricted when there are limitations imposed on their use through external restrictions imposed by donors, grantors, or laws or regulations of other governments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Budgets and Budgetary Accounting

An annual budget of the general operations of the Authority is adopted by the Board. The adopted budget is prepared on the modified accrual basis which is consistent with the basis of accounting used for financial reporting purposes. The budget may be revised by the Board during the year to give consideration to unanticipated revenues and expenditures. It is this final revised budget that is presented in the financial statements. Expenditures are budgeted based upon available fund resources. If expenditures exceed or are likely to exceed revenues, a Board-appointed internal auditor is required to notify the Board in writing. This report is made to the Board at a public meeting. The Board is required to respond, no later than 15 days after receipt of such a report, with its proposed actions or recommendations.

NOTE 2 - CASH IN COUNTY

Cash at June 30, 2014, consisted of \$1,916,245 in pooled funds held in the Orange County Treasury. The County pools the cash held in the Orange County Treasury with funds from public education agencies and is allowed to invest them as prescribed by the California Government Code. These pooled funds are carried at cost. The fair market value is \$1,917,027. The investment has an average weighted maturity of 519 days.

The Treasury Oversight Committee established in December 1995, which consists of the elected County Auditor-Controller, the County Executive Officer, the elected County Superintendent of Schools, one special district representative member, and one member from the public sector appointed by the Board, conducts Treasury oversight of the pool. The pool is not registered with the SEC.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Directors
Irvine Child Care Project
City of Irvine
One Civic Center Plaza
Irvine, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of Irvine Child Care Project (the Authority) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise Irvine Child Care Project's basic financial statements, and have issued our report thereon dated November 14, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Irvine Child Care Project's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Irvine Child Care Project's internal control. Accordingly, we do not express an opinion on the effectiveness of Irvine Child Care Project's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Irvine Child Care Project's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
