INDEPENDENT AUDITOR'S REPORT

Board of Directors Western Orange County Self-Funded Workers' Compensation Agency Costa Mesa, California

We have audited the accompanying financial statements of the Western Orange County Self-Funded Workers' Compensation Agency (the Agency) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the State Controller's *Minimum Audit Requirements for California Special Districts*, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Agency's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Western Orange County Self-Funded Workers' Compensation Agency as of June 30, 2014, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 7, and claims development information on pages 20 and 21, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Western Orange County Self-Funded Workers' Compensation Agency's basic financial statements. The accompanying schedules of premiums earned and results of operations by year since inception are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules of premiums earned and results of operations since inception is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 10, 2014, on our consideration of the Western Orange County Self-Funded Workers' Compensation Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Western Orange County Self-Funded Workers' Compensation Agency's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Since 1979, Western Orange County Self-Funded Workers' Compensation Agency (WOCS-FWCA), a self-insurance pool, has provided coverage to local educational agencies in California. WOCS-FWCA operates programs for workers' compensation. In addition to its programs, WOCS-FWCA provides claims administration and loss control training to its members.

WOCS-FWCA is governed by a four-member Board of Directors comprised of representatives from Brea Olinda Unified School District, Laguna Beach Unified School District, Ocean View School District, and Orange County Department of Education. From its members, the Board of Directors elects a President, Vice President, and Secretary-Treasurer.

The Secretary-Treasurer is responsible for the administration of policies as set forth by the pool's organizational documents, bylaws, and the Board of Directors.

DESCRIPTION OF BASIC FINANCIAL STATEMENTS

Individual program accounting is maintained in-house and is provided as supplemental information to the Statement of Net Position, Statement of Revenues, Expenses, and Changes in Net Position, and the Statement of Cash Flows. The Statement of Net Position provides information about the combined financial position of WOCS-FWCA as of June 30, 2014. The Statement of Revenues, Expenses, and Changes in Net Position reports the operations of WOCS-FWCA for the year ended June 30, 2014. The Statement of Cash Flows is presented on the direct method to reflect the operations of WOCS-FWCA for the year ended June 30, 2014, based strictly on the inflow and outflow of cash.

The footnotes provide information on unique accounting policies of WOCS-FWCA such as development of estimates of incurred but not reported liabilities and the provision for unallocated loss adjustment expenses. There were no significant accounting changes during the fiscal year.

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2014

CONDENSED FINANCIAL INFORMATION

Statement of Net Position For the Years Ended June 30, 2014 and 2013

	2014	2013
ASSETS Current assets	\$ 18,442,153	\$ 17,890,602
LIABILITIES		
Current liabilities	2,685,053	2,978,832
Unpaid claims and assessments	9,428,930	10,771,303
Total Liabilities	12,113,983	13,750,135
NET POSITION	\$ 6,328,170	\$ 4,140,467

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2014

Statement of Revenues, Expenses, and Changes in Net Position For the Years Ended June 30, 2014 and 2013

	2014	2013
Operating Revenue:		
Member contributions	\$ 3,639,434	\$ 3,577,967
Other income	76	366
Total Operating Revenue	3,639,510	3,578,333
Operating Expenses:		
Claims	2,174,292	2,792,006
Credit for claims and claim adjustment expense	(1,570,365)	(442,022)
Commercial excess insurance premiums	314,073	325,219
SELF assessment	5,532	191,771
Contract services/administrative expenses	462,211	388,082
Safety credit program	112,024	107,750
Total Operating Expenses	1,497,767	3,362,806
Nonoperating Revenue:		
Interest income	45,960	51,899
Change in Net Position	2,187,703	267,426
Total Net Position, Beginning of Year	4,140,467	3,873,041
Total Net Position, End of Year	\$ 6,328,170	\$ 4,140,467

ANALYSIS OF OVERALL FINANCIAL POSITION AND RESULTS OF OPERATIONS

While the assets of WOCS-FWCA increased by approximately \$551,000 from June 30, 2013 to June 30, 2014, net position increased \$2,188,000 for the same period.

The increase in current assets of approximately \$551,000 from June 30, 2013 to June 30, 2014, is due primarily to an increase in cash.

Total liabilities decreased by approximately \$1,636,000 from June 30, 2013 to June 30, 2014. The largest decrease in liabilities was due to a decrease in claims liabilities.

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2014

Member contributions for the workers' compensation program increased \$61,000 for the year ended June 30, 2014, primarily due to an increase in the manual rate for premium contributions. The decrease in operating expenses of the workers' compensation program was primarily due to decrease in loss reserves and claims adjustment.

ANALYSIS OF SIGNIFICANT VARIATION BETWEEN ORIGINAL AND FINAL BUDGET AMOUNTS

Workers' Compensation Program For the Year Ended June 30, 2014

	Original Budget	Final Budget	Budget Variance	Actual	Budget/ Actual Variance
Revenue:					
Member contributions	\$ 3,734,136	\$ 3,734,136	0%	\$3,639,434	-3%
Interest income	76,071	76,071	0%	45,960	-40%
Other income			0%	76	0%
Total Revenue	3,810,207	3,810,207	0%	3,685,470	-3%
Expenditures:					
Claims	2,500,000	2,500,000	0%	2,174,292	13%
Provision for loss reserves	-	-	0%	(1,570,365)	0%
Claims processing	250,000	250,000	0%	246,350	1%
Excess insurance	360,000	360,000	0%	314,073	13%
SELF assessment	200,000	200,000	0%	5,532	97%
Administration	114,500	114,500	0%	215,861	-89%
Safety credits	112,024	112,024	0%	112,024	0%
Total Expenditures	3,536,524	3,536,524	0%	1,497,767	58%
Net Increase in Net Position	\$ 273,683	\$ 273,683	0%	\$2,187,703	

The difference between the actual versus final budget was primarily due to the budgeted amount for provision for loss reserves and claims adjustment expenses of \$1,570,000 which was not budgeted.

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2014

Workers' Compensation Program For the Year Ended June 30, 2013

	Original Budget	Final Budget	Budget Variance	Actual	Budget/ Actual Variance
Revenue:		-

The accompanying notes are an integral part of these financial statements.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Western Orange County Self-Funded Workers' Compensation Agency (the Agency) conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants.

A. Financial Reporting Entity

The Western Orange County Self-Funded Workers' Compensation Agency was formed and became operational on July 1, 1979, when the Brea Olinda Unified School District, Huntington Beach City School District, Laguna Beach Unified School District, and Ocean View School District joined together under the *California Government Code* to create a public agency. The Orange County Department of Education became a member of the Agency on July 1, 1980. Effective July 1, 2011, Huntington Beach City School District withdrew as a member of the Agency. The purpose of the Agency is to provide its members the necessary workers' compensation coverage as presented by the laws of the State of California.

The Agency functions as a pool for its respective members. Each member of the Agency shall be liable for its pro-rata share of all debts and liabilities of the Agency and it's pro-rata share of all debts and liabilities for workers' compensation claims against the Agency arising out of facts occurring while a member of the Agency. A member's pro-rata share shall be determined based upon that member's premium in proportion to the total premiums paid by all participating members in the Agency.

The annual deposit premium for each member is calculated based upon factors normally used to calculate annual insurance premiums. Prior years' premiums will be recalculated and adjusted until all claims are closed or until determined that sufficient facts are known so that no additional calculations should be made.

In the event of the dissolution of the Agency, the participating members would receive a pro-rata share of any fund equity or be liable for a pro-rata share of any debts and liabilities based upon the premiums and claims of such members.

The Agency includes all funds and account groups that are controlled by or dependent on the Agency's governing board for financial reporting purposes. The Agency has considered all potential component units in determining how to define the reporting entity, using criteria set forth in generally accepted accounting principles. The Agency determined that there are no potential component units that meet the criteria for inclusion within the reporting entity.

(A Joint Powers Authority)

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

B. Basis of Accounting

The accompanying financial statements are presented as a proprietary fund on the accrual basis of accounting in accordance with Governmental Generally Accepted Accounting Principles. Under the accrual basis, revenues and the related assets are recognized when earned, and expenses and related liabilities are recognized when the obligation is incurred. Operating revenues include member contributions net of any applicable rate credits. Operating expenses include the provision for claims and claims adjustment expenses, insurance premiums, premium rebates, and general and administrative expenses. All other revenues and expenses are considered non-operating.

Under Governmental Accounting Standards Board (GASB) Statement No. 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting, the Agency has elected to apply all applicable Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements. The Agency has elected not to apply FASB pronouncements issued after November 30, 1989, when preparing the financial statements.

C. Accounts Receivable

Accounts receivable generally includes investment earnings from deposits with the county treasury, member contributions and insurance recoveries. Management has analyzed these accounts and believes all amounts are fully collectible.

D. Budget and Budgetary Accounting

Annually, the Board of Directors adopts a budget that is subject to amendment throughout the year to give consideration to unanticipated revenue and expenses primarily resulting from events unknown at the time of budget adoption.

E. Statement of Cash Flows

For purposes of the Statement of Cash Flows, the Agency considers deposits with the County Treasury and cash in the claims revolving account to be cash equivalents.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

F. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

G. Claims Liabilities

The Agency establishes claims liabilities based on estimates of the ultimate cost of claims (including future claims administrative costs) that have been reported but not settled, and of claims that have been incurred but not reported. The length of time for which such costs must be estimated varies depending on the coverage involved. Estimated amounts of salvage and subrogation and excess insurance recoverable on unpaid claims are deducted from the liability for unpaid claims. Because actual claims costs depend on such complex factors as inflation, changes in doctrines of legal liability, and damage awards, the process used in computing claims liabilities does not necessarily result in an exact amount. Claims liabilities are computed periodically using a variety of actuarial and statistical techniques to produce current estimates that reflect recent settlements, claim frequency, and other economic and social factors. A provision for inflation in the calculation of estimated future claims costs is implicit in the calculation because reliance is placed both on actual historical data that reflect past inflation and on other factors that are considered to be appropriate modifiers of past experience. Adjustments to claims liabilities are charged or credited to expense in the periods in which they are made.

H. Excess Insurance

The Agency uses excess insurance agreements to reduce its exposure to large losses. Excess insurance permits recovery of a portion of losses from excess insurance carriers, although it does not discharge the primary liability of the Agency as direct insurer of the risks insured. The Agency does not report excess insurance risks as liabilities unless it is probable that those risks will not be covered by excess insurance carriers.

I. Income Taxes

The Agency's income is exempt from Federal and State income taxes under Internal Revenue Code Section 115 and the corresponding section of the California Revenue and Taxation Code.

(A Joint Powers Authority)

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

NOTE 2 - DEPOSITS AND INVESTMENTS

A. Summary of Deposits and Investments

Deposits and investments as of June 30, 2014, consist of the following:

Cash in revolving	\$ 400,000
Investments	17,995,657
Total Deposits and Investments	\$ 18,395,657

B. Policies and Practices

The Agency is authorized under *California Government Code* to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

C. Investment in County Treasury

The Agency is considered to be an involuntary participant in an external investment pool as the Agency is required to deposit all receipts and collections of monies with their County Treasurer (*Education Code* Section 41001). The fair value of the Agency's investment in the pool is reported in the accounting financial statements at amounts based upon the Agency's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

(A Joint Powers Authority)

NOTES TO FINANCIAL STATEMENTS **JUNE 30, 2014**

D. General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

	Maximum	Maximum	Maximum
Authorized	Remaining	Percentage	Investment
Investment Type	Maturity	of Portfolio	in One Issuer
Local Agency Bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None

Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

(A Joint Powers Authority)

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

E. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The Agency manages its exposure to interest rate risk by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Information about the sensitivity of the fair values of the Agency's investments to market interest rate fluctuation is provided by the following schedule that shows the distribution of the Agency's investment by maturity:

	Fair	Maturity
Investment Type	Value	Date
County Pool	\$ 17,977,625	Average 519 Days

F. Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by the *California Government Code*, the Agency's investment policy, or debt agreements, and the actual rating as of the year-end for each investment type.

	Fair	Minimum
Cash/Investment Type	 Value	Legal Rating
County Pool	\$ 17,977,625	*

^{*} Not required to be rated

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

G. Custodial Credit Risk - Deposits

This is the risk that in the event of a bank failure, the Agency's deposits may not be returned to it. The Agency does not have a policy for custodial credit risk for deposits. However, the *California Government Code* requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2014, the Agency's bank balance of \$67,853 was exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the name of the Agency.

NOTE 3 - ACCOUNTS RECEIVABLE

Accounts receivable at June 30, 2014, consisted of the following:

Member contributions	\$ 26,546
Interest income	6,308
Excess insurance recoveries	 13,642_
	\$ 46,496

NOTE 4 - ACCOUNTS PAYABLE

Accounts payable at June 30, 2014, consisted of the following:

Trust account reimbursement	\$ 152,742
County administration fee	1,042
Member contributions	121,248

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

NOTE 5 - UNPAID CLAIMS LIABILITIES

As discussed in Note 1, the Agency establishes a liability for both reported and unreported insured events, which includes estimates of both future payments of losses and related claim adjustment expenses. The following represents changes in those aggregate liabilities for the Agency during the years ended June 30, 2014 and 2013:

Claims liabilities at beginning of fiscal year	2014 \$ 10,689,135	2013 \$ 11,131,157
Incurred expenses related to:		
Insured events of the current fiscal year	2,378,881	2,227,540
Insured events of prior fiscal years	(1,774,954)	122,444
Total Incurred Expenses	603,927	2,349,984
Payments related to:		
Insured events of the current fiscal year	378,459	407,431
Insured events of prior fiscal years	1,795,833	2,384,575
Total Payments	2,174,292	2,792,006
Claims liabilities at end of fiscal year	\$ 9,118,770	\$ 10,689,135

The components of the unpaid claims and claim adjustment expenses as of June 30, 2014 and 2013, were as follows:

	2014	2013
Claims liability	\$ 9,118,770	\$ 10,689,135
Unallocated loss adjustment expenses	1,000,000_	1,000,000
	10,118,770	11,689,135
Current portion	(2,200,000)	(2,800,000)
Non-current portion	\$ 7,918,770	\$ 8,889,135

(A Joint Powers Authority)

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

NOTE 6 - PARTICIPATION IN PUBLIC ENTITY RISK POOL

The Agency is a member of Schools Excess Liability Fund (SELF) public entity risk pool. The relationship between the Agency and SELF is such that SELF is not a component unit of the Agency for financial reporting purposes.

SELF has budgeting and financial reporting requirements independent of member units and its financial statements are not presented in these financial statements; however, fund transactions between SELF and the Agency are included in these statements.

Entity Schools Excess Liability Fund (SELF)

Purpose Arranges for excess workers' compensation and liability insurance

Participants Various public educational agencies throughout California

Governing Board Representatives from each member district

Payments for the Current Year

\$ 188,770

Due to deficits incurred primarily in fiscal years 1989-1990 through 2004-2005, a deficit recoupment plan has been established whereby members have been assessed additional contributions. Repayment requirements for the Agency currently are scheduled as follows:

Estimated balance from prior year	\$ 1,882,168 (188,770)
Paid during the current year Adjustment to assessment	 5,532
radjuditions to approximent	1,698,930
Less: Current portion	 188,770
Non-current portion	 1,510,160

REQUIRED SUPPLEMENTARY INFORMATION

CLAIMS DEVELOPMENT INFORMATION FOR THE YEAR ENDED JUNE 30, 2014

The following table illustrates how the Agency's earned revenue (net of excess insurance) and investment income compare to related costs of loss (net of loss assumed by excess insurers) and other expenses assumed by the Agency as of the end of each of the past years. The rows of the table are defined as follows: (1) This line shows the total of each fiscal year's gross earned contribution revenue and investment revenue, contribution revenue ceded to excess insurers, and net earned contribution revenue and reported investment revenue. (2) This line shows each fiscal year's other operating costs of the Agency, including overhead and claims expense not allocable to individual claims. (3) This line shows the Agency's gross incurred claims and allocated claim adjustment expenses, claims assumed by excess insurers, and net incurred claims and allocated adjustment expenses (both paid and accrued) as originally reported at the end of the first year in which the event that triggered coverage under the contract occurred (called policy year). (4) This section of rows shows the cumulative net amounts paid as of the end of successive years for each policy year. (5) This line shows the latest re-estimated amount of claims assumed by excess insurers as of the end of the current year for each accident year. (6) This section of rows shows how each policy year's net incurred claims increased or decreased as of the end of successive years. (This annual re-estimation results from new information received on known claims, reevaluation of existing information on known claims, and emergence of new claims not previously known.) (7) This line compares the latest re-estimated net incurred claims amount to the amount originally established (line 3) and shows whether this latest estimate of net claims cost is greater or less than originally thought. As data for individual policy years mature, the correlation between original estimates and re-estimated amounts commonly is used to evaluate the accuracy of net incurred claims currently recognized in less mature policy years. The columns of the table show data for successive policy years.

SUPPLEMENTARY INFORMATION

WESTERN ORANGE COUNTY SELF-FUNDED WORKERS' COMPENSATION AGENCY (A Joint Powers Authority)

SCHEDULE OF PREMIUMS EARNED FOR THE YEAR ENDED JUNE 30, 2014

Each member of the Agency makes its contribution of premiums based on its actual payroll, times the latest Workers' Compensation Inspection Rating Bureau rate (\$1.71 per \$100 of payroll), times an experience modification factor, times a weight factor, for the respective school district. The experience modification factor and the weight factor are determined by the board.

The following schedule illustrates the calculation of the actual premiums for each member of the Agency for the current year:

School District	 Estimated Payroll from July 1 to June 30	I	Actual Payroll from July 1 to June 30	Rate	EMF [2]	Computed Premium	R	Premiums eceived at ac 30, 2014	Due at e 30, 2014
Brea Olinda	\$ 29,000,000	\$	28,641,472	1.71	1.057	\$ 517,686	\$	524,166	\$ (6,480)
Laguna Beach	25,380,140		26,109,558	1.71	1.099	490,674		476,966	13,708

INDEPENDENT AUDITOR'S REPORTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN

ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Western Orange County Self-Funded Workers' Compensation Agency Costa Mesa, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Western Orange County Self-Funded Workers' Compensation Agency (the Agency) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Western Orange County Self-Funded Workers' Compensation Agency's basic financial statements, and have issued our report thereon dated November 10, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Western Orange County Self-Funded Workers' Compensation Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Western Orange County Self-Funded Workers' Compensation Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Western Orange County Self-Funded Workers' Compensation Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Agency's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Western Orange County Self-Funded Workers' Compensation Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
