**Board of Directors**  
El Toro Water District

Submitted for your review and consideration is the Comprehensive Annual Financial Report for the El Toro Water District (the "District"), for the fiscal year ended June 30, 2021 (FYE 2021). California law requires special purpose governments to publish a complete set of financial statements within 180 days of the close of each fiscal year. This Comprehensive Annual Financial Report is issued by the District to comply with this requirement and to enable elected officials, District residents, and all other stakeholders to gain a comprehensive understanding of the District's finances.

The financial statements included in this report depict the District's financial position and the changes in that financial position as of June 30, 2021. The Statements are presented in conformity with Generally Accepted Accounting Principles (GAAP) and have been audited in accordance with Generally Accepted Auditing Standards (GAAS) by a firm of licensed certified public accountants. Responsibility for the accuracy of the data presented, as well as the completeness and fairness of the presentation, including disclosures, rests with the El Toro Water District. The District believes the data presented is accurate in all material respects and is presented in a manner designed to fairly set forth the financial position and changes in financial position of the District. Incorporated into the financial statements are all disclosures necessary to enable the reader to gain a maximum understanding of the District's financial affairs.

The District's financial statements have been audited by CliftonLarsonAllen LLP, a firm of licensed certified public accountants experienced in auditing special purpose governments in California. The goal of the independent audit is to provide reasonable assurance that the financial statements of the District are free of material misstatements. The independent audit consisted of examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. Based on these audit procedures, the independent auditor concluded there was a reasonable basis for rendering an unmodified opinion that the District's financial statements for the fiscal year ended June 30, 2021 are fairly presented in accordance with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

Governmental Accounting Standards Board Statement Number 34 requires the District to provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of a Management Discussion and Analysis (MD&A). This transmittal letter is designed to complement the MD&A and should be read in conjunction with it. The MD&A is found immediately following the report of the independent auditors.

### **Profile of the El Toro Water District**

The El Toro Water District was formed in 1960 and serves approximately 47,900 residents of five municipalities located in southern Orange County. The District is a fully integrated water, sewer, and recycled water retail operation with a service area that includes all of the City of Laguna Woods and portions of the Cities of Aliso Viejo, Laguna Hills, Lake Forest, and Mission Viejo. The District's service area includes 5,430 acres or approximately 8.48 square miles.

The District is governed by a Board of Directors consisting of five board members who are elected by the registered voters within District boundaries. The Board of Directors establish policy and make decisions based on the District's mission, goals, and operations. The Board's policies are administered and implemented by the General Manager, who is appointed by the Board. Public elections are held every two years and Directors serve four-year staggered terms to ensure continuity.

The Board takes its responsibilities as sound fiscal stewards seriously. Every quarter the District has an Agreed Upon Procedure (AUP) performed by the District auditors to focus in detail on an aspect of internal controls. Each AUP focuses on different internal control risk areas. Additionally, the District prepares a full cost of service analysis each year to determine the fairness and adequacy of its rates for the next fiscal year.

The District is very proud to have been awarded the District of Distinction Award by the Special District Leadership Foundation in each accreditation cycle since 2007, a testament to the responsible leadership that has been a long-standing tradition at the District.

### **Significant Accomplishments during Fiscal Year 2021**

During the budget process, the District Board participates in a goal setting discussion for the purpose of establishing or redefining key goals and objectives for the forthcoming budget year. District Staff utilizes these budget goals and objectives to guide operations and spending during the budget year. The achievements in the 2021 fiscal year were a result of the goals and objectives established by the Board during the annual budget process and are described below:

#### General Accomplishments

- The District managed the transition of several senior staff members by recruiting qualified successors, including a Chief Financial Officer, a new position for the District, an Operations Superintendent, and an Engineering Manager.
- Like all of its peer agencies, the District had to adapt to the operational and safety protocols necessary to maintain the integrity and reliability of the water, wastewater and recycled water services amidst the COVID-19 pandemic.

### Financial Management

- Continued the District's commitment to superb financial management practices as demonstrated by the receipt of the Certificate of Achievement for Excellence in Financial Reporting for the FYE 2020 Comprehensive Annual Financial Report, a national recognition of the District's financial reporting by the Government Finance Officers Association (GFOA) of the United States.
- The District began the process of securing funding for the construction, replacement, or refurbishment of significant infrastructure and equipment by assessing various options for financing the projects.
- The District also continued its commitment to fiscal discipline by approving a budget for the 2021-2022 fiscal year that is balanced and includes funding for several significant capital projects.

### Infrastructure Improvements

- During fiscal year 2020-2021 the District successfully completed the Phase II Recycled Water Project. This project expanded access to the District's recycled water used for irrigation purposes to a larger number of residences in the City of Laguna Woods, thereby reducing the consumption of potable water and improving the utilization of the water tertiary treatment plant.
- The District also successfully completed several engineering design projects including the Aeration Basin Diffuser and Ocean Outfall Pump Station Emergency Generator replacements; these projects entered into construction phase during the 2020-2021 fiscal year.
- The District began several significant projects, including the reconstruction of the Oso Lift Station as well as the engineering design for the replacement of the Reservoir 6 Cover, the R-2 recoating project, and the Grit Chamber rehabilitation project.

### **Significant Future Initiatives**

The District is committed to providing high quality services to its customers while also maintaining the infrastructure necessary to providing its services. The challenge the District faces in the future is setting rates that are acceptable to its residents but provide sufficient resources to maintain current service levels and complete critical capital projects that are necessary to provide high quality services. The District's initiatives and significant projects in the forthcoming fiscal year are detailed below:

- One significant project that will be ongoing during the 2021-2022 fiscal year is the engineering design of the replacement of the R-6 Reservoir floating cover and liner. This will be a major construction project that will likely begin in the 2022-2023 fiscal year and will have a significant impact on the District's operations and will improve the overall status of the District's water system infrastructure once complete.
- Also in FYE 2022, the District will begin the engineering design for the demolition of the old water filtration plant and the construction of an emergency operations center for the Water Emergency Response Organization of Orange County (WEROC) and a vehicle and equipment storage facility for the District.
- In August of 2021, the District Board approved the purchase of an Enterprise Resource Planning software system to upgrade the business processes of the District from several non-integrated software systems to an integrated software solution. This project will be ongoing throughout FYE 2022.
- A significant project for the District that will occur during FYE 2022 will be the issuance of Certificates of Participation (COPs) to finance future capital projects

## **Financial Management**

### Internal Control Structure

District management is responsible for the establishment and maintenance of the internal control structure that ensures the assets of the District are protected from loss, theft or misuse. The internal control structure also ensures adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The District's internal control structure is designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived, and (2) the valuation of costs and benefits requires estimates and judgments by management.

### Budgetary Control

The District's Board of Directors annually adopts an operating and capital budget prior to the new fiscal year. The budget authorizes and provides the basis for reporting and control of financial operations and accountability for the District's enterprise operations and capital projects. The budget and reporting processes of the District are consistent with the accrual basis of accounting and financial reporting.

### Investment Policy

The Board of Directors annually reviews the investment policy to ensure it conforms to State law, District ordinances and resolutions, and prudent money management standards. The objectives of the Investment Policy are safety, liquidity and yield, in that order. District funds are invested in the State Treasurer's Local Agency Investment Fund (LAIF), California Asset Management Program (CAMP), U.S. treasury obligations, government sponsored entities securities, and institutional savings and checking accounts.

### Service Rates and District Revenues

District policy requires all revenues from user charges and surcharges that are generated from District customers must support all District operations including capital project funding. Accordingly, water and wastewater rates are reviewed annually to ensure they are sufficient to support the District's operations. Water and wastewater rates are user charges imposed on customers for services and are the primary component of the District's revenue. Water rates are composed of a commodity (usage) charge and a fixed (readiness-to-serve) charge.

### Audit and Financial Reporting

State Law and Bond covenants require the District to obtain an annual audit of its financial statements by an independent certified public accountant. The accounting firm of CliftonAllenLarson, LLP has conducted the audit of the District's financial statements. Their unqualified Independent Auditor's Report appears in the Financial Section.

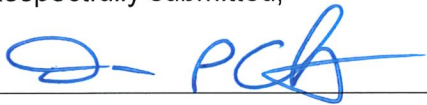

**Awards and Acknowledgements**

**Awards.** The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the El Toro Water District for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2020. The Certificate of Achievement is a prestigious award recognizing conformance with the highest standards for preparation of state and local government financial reports. To be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report (CAFR) whose contents conform to program standards, Generally Accepted Accounting Principles (GAAP), and applicable legal requirements. A Certificate of Achievement is valid for one year only. The El Toro Water District has received a Certificate of Achievement for three consecutive years.

**Acknowledgements.** Preparation of this report was accomplished by the combined efforts of District staff. We appreciate the dedicated efforts and professionalism that our staff members bring to the District. We would also like to thank the members of the Board of Directors for their continued support in the planning and implementation of the El Toro Water District's fiscal policies.

Respectfully submitted,

Dennis Cafferty  
General Manager

Jason Hayden  
Chief Financial Officer

## INDEPENDENT AUDITORS' REPORT

Board of Directors  
El Toro Water District  
Lake Forest, California

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the El Toro Water District (the District) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the District as of June 30, 2021, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Other Matters**

***Summarized Prior-Year Comparative Information***

The District's basic financial statements for the year ended June 30, 2020 were audited by White Nelson Diehl Evans LLP, whose practice became part of CliftonLarsonAllen LLP as of November 1, 2020, and whose report dated October 27, 2020, expressed an unmodified opinion on the respective financial statements of El Toro Water District from which the prior year summarized financial information was derived.

***Report on Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedule of changes in the total other post-employment benefit (OPEB) liability and related ratios identified as Required Supplementary Information (RSI) in the accompanying table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the RSI in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during the audit of the basic financial statements. We do not express an opinion or provide any assurance on the RSI because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Other Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The introductory section, schedule of revenue, schedule of expenses, and the statistical section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedule of revenue and schedule of expenses as of and for the year ended June 30, 2021, are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of revenue and schedule of expenses are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Board of Directors  
El Toro Water District

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2021, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**El Toro Water District  
Management's Discussion and Analysis (Unaudited)  
For the Year Ended June 30, 2021**

---

Management's Discussion and Analysis (MD&A) of activities and financial performance for the El Toro Water District (District) provides an introduction to the financial statements of the District for the fiscal year ended June 30, 2021 (FYE 2021). We encourage readers to consider the information presented in this document in conjunction with the basic financial statements and related notes, which follow the MD&A.

**Financial Highlights**

- In FYE 2021, the District's net position decreased \$1,885,656 (-3.01%), from \$62,739,280 as of June 30, 2020 to \$60,853,624 as of June 30, 2021, primarily due to depreciation expense and Other Post Employment Benefits (OPEB) charges.
- In FYE 2021, the District's operating revenues increased \$1,512,649 (6%), from \$25,197,330 during the year ended June 30, 2020 to \$26,709,979 during the year ended June 30, 2021. The increase in Operating Revenues was caused by increases in every category of Operating Revenues, with significant revenue increases occurring in Water Consumption Charges and Sewer Service Charges.
- In FYE 2021, the District's operating expenses, not including depreciation expense or OPEB Charges, increased \$1,160,151 or 5.24%, primarily due to increases in Source of Supply, Pumping Operations, Treatment Operations, and Transmission & Distribution. These increases were counterbalanced to some extent by decreases in Customer Service and Administration. Depreciation expense declined in FYE 2021 but OPEB Charges increased.
- In FYE 2021, the District's Non-operating Revenues declined significantly primarily due to a decrease in Investment Income of \$402,599. This was primarily caused by lower interest rates which negatively impacted the District's investments. Non-operating expenses declined modestly as Interest Expense for the District's outstanding debt declined in accordance with the amortization schedules for the various outstanding debt issuances.

**Required Financial Statements**

This annual report consists of a series of financial statements, including the Statement of Net Position; the Statement of Revenues, Expenses, and Changes in Net Position; and the Statement of Cash Flows. These Statements provide information about the activities and performance of the District and are prepared in accordance with the accrual basis of accounting, similar to the accounting methods used by private sector companies. Incorporated into the Statements are the Notes to the Financial Statements which provide detailed information about the accounting methods and estimates used to prepare the Statements. The report also includes other supplementary information that provides additional details about the El Toro Water District.

- The Statement of Net Position depicts the District's financial position as of June 30, 2021 and includes all of the assets and liabilities of the District. The Net Position of the District is the difference between its assets plus deferred outflows of resources and its liabilities and deferred inflows of resources. The Net Position of the District is classified into three components, net investment in capital assets, restricted, and unrestricted. The Statement of Net Position can be used to evaluate the District's capital structure and assess the liquidity and financial flexibility of the District.
- The Statement of Revenues, Expenses and Changes in Net Position accounts for all of the revenues and expenses of the District during the fiscal year ended June 30, 2021. The statement measures the financial result of the District's operations during the fiscal year and can be used to determine if the District has successfully recovered all of its costs through its rates and other charges.
- The final required financial statement is the Statement of Cash Flows, which provides information about changes in the District's cash balance during the reporting period. The Statement of Cash Flows reports cash receipts, cash payments and net changes in cash resulting from operating activities, non-

**El Toro Water District**  
**Management's Discussion and Analysis (Unaudited) (Continued)**  
**For the Year Ended June 30, 2021**

---

capital and related financing activities, capital and related financing activities, and investing activities. The Statement illustrates the sources of cash, the uses of cash, and the change in the cash balance during the reporting period.

- The Notes to the Financial Statements provide additional information that is essential to achieving a full understanding of the data provided in the financial statements.
- The required supplementary information provides information about the District's progress in funding its obligation to provide Other Post-Employment Benefits to employees.
- The other supplementary information section provides additional detail about the District's revenues and expenses for FYE 2020 and FYE 2021.

**Financial Analysis of the District**

The following pages present financial information in condensed schedules from the Statement of Net Position and the Statement of Changes in Revenues, Expenses, and Changes in Net Position.

These two statements report the District's Net Position and changes in the Net Position. The District's net position, the difference between its assets and liabilities is one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net position are an indicator of whether its financial health is improving or deteriorating. However, other non-financial factors such as changes in economic conditions, population growth, zoning and new or changed government legislation, such as changes in Federal and State water quality standards also need to be considered when assessing the District's financial position.

**El Toro Water District**  
**Management's Discussion and Analysis (Unaudited) (Continued)**  
**For the Year Ended June 30, 2021**

**Condensed Statement of Net Position**

Net Position is the primary indicator of the District's financial position. The Condensed Schedule of Net Position presented below provides an overview of the District's Net Position for fiscal years ended June 30 2019, 2020, and 2021 and illustrates the changes in the Net Position that occurred between the fiscal years. The District's total Net Position equaled \$60,853,624 at the end of FYE 2021 and \$62,739,280 at the end of FYE 2020. In FYE 2021, total assets and deferred outflows of resources increased \$218,601 (0.18%), total liabilities and deferred inflows increased \$2,104,257 (3.69%) and the result of these changes was a decrease of \$1,885,656 (-3.01%) in Net Position.

The largest portion of the District's net position (92% as of June 30, 2021) reflects the District's investment in capital assets (net of accumulated depreciation) less any related debt used to acquire those assets that remains outstanding. The District uses these capital assets to provide services to customers within the District's service area; consequently, these assets are not available for future spending.

At the end of FYE 2021, Restricted Net Position remained stable at \$2,273,045 and comprised 3.7% of Net Position. Restricted Net Position is legally obligated for debt service or capital projects.

At the end of FYE 2020 and FYE 2021, the District's Unrestricted Net Position equaled \$4,989,655 and \$2,472,175, respectively, a decrease of \$2,517,480 (-50.45%) during FYE 2021. This portion of Net Position is available to fund current operations in future years. The decrease in Unrestricted Net Position was caused by a combination of the significant OPEB Charges incurred in FYE 2021, reductions in long

**El Toro Water District**  
**Management's Discussion and Analysis (Unaudited) (Continued)**  
**For the Year Ended June 30, 2021**

As depicted in the chart below, total revenues for FYE 2021 increased \$1,166,383 (4.33%) when compared to revenues received in FYE 2020. The increase in revenues was the result of increases in Operating Revenues offset to some extent by a decrease in Non-operating Revenues. The primary causes of the increase in Operating Revenues were increases in Water Consumption Sales and Wastewater Service Charges. Both of these increases resulted from the increased sale of water as demand for water reverted to the average of years prior to FYE 2019 (water demand in FYE 2019 was below the long term average). As shown in the chart on the next page, the primary cause of the decrease in Non-operating Revenues in FYE 2021 was a significant decrease in Investment Income which was caused by the difficult investment environment for fixed income investments during FYE 2021.

<b>Total Revenues by Major Category</b>

**El Toro Water District**  
**Management's Discussion and Analysis (Unaudited) (Continued)**  
**For the Year Ended June 30, 2021**

In FYE 2021, Operating Expenses before OPEB Charges and Depreciation & Amortization increased 5.24%, from \$22,123,113 in FYE 2020 to \$23,283,264 in FYE 2021. The increase was caused by increases in Source of Supply, Pumping Operations, Treatment Operations, and Transmission & Distribution. These increases were offset to some extent by decreases in Customer Service and General & Administrative. OPEB Charges increased significantly (20.39%) but were somewhat offset by a decrease in Depreciation & Amortization expenses (-3%). Interest Expense decreased \$19,172 in accordance with the long term debt amortization schedules.

Total Net Liabilities	(38,118,462)	(35,951,509)	2,166,953	-5.68%	(33,940,160)	2,011,349	-5.59%	
Net Investments in Capital Assets	\$ 56,355,138	\$ 55,486,027	\$ (869,111)	-1.54%	\$ 56,108,404	\$ 622,377	1.12%	

At the end of fiscal years 2020 and 2021, the District's investment in capital assets amounted to \$55,486,027 and \$56,108,359 (net of accumulated depreciation), respectively. This investment in capital assets includes land, transmission and distribution systems, buildings, equipment, vehicles and construction-in-process (See Note 3 for further information). The increase in FYE 2021 was primarily caused by an increase in Non-depreciable assets as a significant amount was added to Construction in Progress in FYE 2021. During FYE 2021, the District was engaged in a significant infrastructure improvement project, the reconstruction of the Oso Lift Station, but the project was not quite complete at the end of the fiscal year. It was therefore included in Construction in Progress at the end of FYE 2021, it is anticipated this project will be complete in FYE 2022 and will be moved to Depreciable Assets at the end of that fiscal year.

See accompanying Notes to Basic Financial Statements.

**EL TORO WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Organization and Operations of the Reporting Entity**

El Toro Water District (the District) was organized in September 1960, under provisions of the California Water District Act (Sections 34000 et seq. of the Water Code of the state of California). The District is governed by a Board of Directors made up of five members elected by qualified voters in the District. The purpose of the District is to finance, construct, operate, and maintain a water and wastewater system to serve properties within the District's boundaries.

The criteria used in determining the scope of the financial reporting entity is based on the provisions of accounting principles generally accepted in the United States of America (U.S. GAAP). The District is the primary governmental unit based on the foundation of a separately elected governing board that is elected by the citizens in a general popular election. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. The District is financially accountable for a component that has substantively the same governing body as the District's governing body, and additionally, the primary government and the component unit have a financial benefit or burden relationship or (2) management (below the level of the elected officials) of the primary government has operational responsibility for the activities of the component unit.

The El Toro Water District Public Facilities Corporation (the Corporation) was organized on May 21, 1993, pursuant to the Non-Profit Public Benefit Corporation Law of the state of California (Title 1, Division 2, Part 2 of the California Corporation Code), solely for the purpose of providing financial assistance to the District. The Corporation, an entity legally separate from the District, is governed by substantially all the board members of the District. The Corporation is inactive at this time.

**B. Basic Financial Statements**

The basic financial statements are composed of the statements of net position, the statements of revenues, expenses, and changes in net position, the statements of cash flows, and the notes to the basic financial statements.

**C. Basis of Presentation**

The accounts of the District are that of an enterprise fund. An enterprise fund is a proprietary type fund used to account for operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

**EL TORO WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**D. Measurement Focus and Basis of Accounting**

Measurement focus is a term used to describe which transactions are recorded within the various financial statements. Basis of accounting refers to when transactions are recorded regardless of the measurement focus applied. The accompanying financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Under the economic measurement focus, all assets, deferred outflows of resources, liabilities, and deferred inflows of resources (whether current or noncurrent) associated with these activities are included on the statement of net position. The statement of revenues, expenses, and changes in net position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

**E. Cash and Cash Equivalents**

Substantially all the District's cash is invested in interest-bearing accounts. The District considers all highly liquid investments with a maturity of three months or less to be cash and cash equivalents.

**F. Investments and Investment Policy**

The District has adopted an investment policy directing the District's General Manager or Controller to invest, reinvest, sell, or exchange securities.

Investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in fair value that occur during a fiscal year are recognized as investment income reported for that fiscal year. Investment income includes interest earnings, changes in fair value, and any gains or losses realized upon the liquidation or sale of investments.

**G. Restricted Assets**

Amounts shown as restricted assets have been restricted by either debt indenture, by law, or contractual obligations to be used for specified purposes, such as servicing debt and/or construction of capital assets.

**H. Accounts Receivable**

The District extends credit to customers in the normal course of operations. Management deems all accounts receivable as collectible at year-end. Management evaluates all accounts receivable and if it is determined that they are uncollectible, they are written off as bad debt expense. A charge of \$18,672 was made to bad debt expense for the year ended June 30, 2021.

**EL TORO WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**I. Prepaid Items**

Certain payments to vendors reflect costs or deposits applicable to future accounting periods and are recorded as prepaid items in the basic financial statements.

**J. Materials and Supplies Inventory**

Materials and supplies inventory consist of expendable supplies and are valued at cost using first-in, first-out basis.

**K. Property Taxes**

The Orange County Assessor's office assesses all real and personal property within the county each year. The Orange County Tax Collector's office bills and collects the District's share of property taxes. The Orange County Auditor-Controller's office remits current and delinquent property tax collections to the District throughout the year. Property tax in California is levied in accordance with Article 13A of the State Constitution at 1% of countywide assessed valuations. Property taxes receivable at year-end are related to property taxes collected by the County of Orange that have not been credited to the District's cash balance as of June 30. The property tax calendar is as follows:

Lien Date	January 1
Levy Date	July 1
Due Dates	First Installment – November 10 Second Installment – February 10
Collection Dates	First Installment – December 11 Second Installment – April 11

**EL TORO WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**L. Capital Assets**

Capital assets acquired and/or constructed are capitalized at historical cost. District policy has set the capitalization threshold for reporting capital assets at \$5,000. Donated assets are recorded at acquisition value at the date of donation. Upon retirement or other disposition of capital assets, the cost and related accumulated depreciation are removed from the respective balances and any gains or losses are recognized.

Depreciation is recorded on a straight-line basis over the estimated useful lives of the assets as follows:

Building	25 – 40 Years
Vehicles	5 – 25 Years
Office Furniture and Equipment	5 – 10 Years
Computer Software	5 – 10 Years
Land Improvements	12 – 50 Years
Water Facilities:	
Reservoir	100 Years
Transmission and Distribution	20 – 60 Years
Filtration Plant	30 – 40 Years
Other Plant and Equipment	5 – 15 Years
Sanitation Facilities:	
Collection and Transmission	15 – 50 Years
Treatment and Disposal Plant	15 – 30 Years
Other Plant and Equipment	5 – 15 years

**M. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to future periods and will not be recognized as an outflow of resources (expense) until that time. The District has the following items that qualify for reporting in this category:

- Deferred outflows related to other post-employment benefit (OPEB) for an amount equal to employer contributions made after the measurement date of the total OPEB liability.
- Deferred outflows related to OPEB for differences between expected and actual experiences. These amounts are amortized over a closed period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the plan.

**EL TORO WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**M. Deferred Outflows/Inflows of Resources (Continued)**

- Deferred outflows related to OPEB for changes of assumptions. These amounts are amortized over a closed period equal to the average of the expected remaining services lives of all employees that are provided with benefits through the plan.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. The District has the following items that qualify for reporting in this category:

- Deferred inflows related to OPEB for differences between expected and actual experiences. These amounts are amortized over a closed period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the plan.

**N. Compensated Absences**

The District's policy is to permit employees hired prior to July 1, 1997, to accumulate earned vacation for up to a total of 160 hours and employees hired after July 1, 1997, to accumulate earned vacation for up to a total of 240 hours. The District requires employees to take a minimum of 50% of the total hours accrued of vacation each calendar year. If the employee is still not able to reduce the total accrued vacation hours below the maximum, then the amounts exceeding the limit are paid out as part of the employee's current regular compensation at the calendar year end.

The District's sick leave policy is to permit employees to accumulate sick leave for up to a total of 960 hours. At the end of each calendar year, any amounts exceeding the limit will be transferred to vacation time for employees hired prior to July 1, 1997, using a factor of 5% times the number of complete years and capped at 100%. All hours over the maximum will be paid out at 50% to those hired after July 1, 1997, at the employee's current regular compensation rate.

**O. Net Position**

The financial statements utilize a net position presentation. Net position is categorized as follows:

**Net Investment in Capital Assets** – This amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt that is attributed to the acquisition, construction, or improvement of the assets.

**EL TORO WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**O. Net Position (Continued)**

**Restricted Net Position** – This component of net position consists of constraints placed on net position use through external constraints imposed by creditors, grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

**Unrestricted Net Position** – This amount is all net position that does not meet the definition of net investment in capital assets or restricted net position.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first and then unrestricted resources as they are needed.

**P. Water Sales and Sewer Services**

Water sales and sewer services are billed on a monthly cyclical basis; respective revenues are recognized when they are earned.

**Q. Capital Contributions**

Capital contributions represent cash and capital asset additions contributed to the District by property owners, granting agencies, or real estate developers desiring services that require capital expenditures or capacity commitment.

**R. Prior Year Data and Reclassifications**

Selected information regarding the prior year has been included in the accompanying financial statements. This information has been included for comparison purposes only and does not represent a complete presentation in accordance with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the District's prior-year financial statements from which this selected financial data was derived. Certain amounts in the June 30, 2020 balances have been reclassified for comparative purposes to conform to the presentation of the June 30, 2021 financial statements. There was no change in reported net income or net position related to these reclassifications.

**S. Use of Estimates**

The preparation of the basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. The assumptions also include disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net position during the reporting period. Actual results could differ from those estimates.

**EL TORO WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2021**

**NOTE 2 CASH AND INVESTMENTS**

**Cash and Investments**

At June 30, 2021, cash and investments were classified in the accompanying financial statements as follows:

Cash and Cash Equivalents	\$ 9,044,411
Investments	8,632,207
Restricted - Cash and Cash Equivalents	2,273,045
Total	<u>\$ 19,949,663</u>

At June 30, 2021, cash and investments consisted of the following:

Cash on Hand	\$ 700
Demand Deposits Held with Financial Institutions	3,117,467
Investments	16,831,496
Total	<u>\$ 19,949,663</u>

**Investments Authorized by the California Government Code and the District's Investment Policy**

The table below identifies the investment types that are authorized for the District by the California Government Code (or the District's investment policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the District's investment policy, where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk.

Authorized Investment Type	Maximum Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
State or Local Agency Bonds	5 Years	10%	None
U.S. Treasury Obligations	5 Years	None	None
Government-Sponsored Agency Securities	5 Years	None	None

**EL TORO WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2021**

**NOTE 2 CASH AND INVESTMENTS (CONTINUED)**

**Disclosures Relating to Interest Rate Risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the fair values of investments with longer maturities have greater sensitivity to changes in market interest rates. The District's investment policy follows the California Government Code as it relates to limits on investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates. The District has elected to use the segmented time distribution method of disclosure for the maturities of its investments as related to interest rate risk as noted in the table above.

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided by the following tables that show the distribution of the District's investments by maturity as of June 30, 2021.

Investment Type	Remaining Maturity (in Months)			Total
	12 Months or Less	13 to 24 Months	25 to 60 Months	
U.S. Treasury Obligations	\$ 508,125	\$ 3,666,242	\$ 1,584,141	\$ 5,758,508

**Disclosures Relating to Credit Risk**

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented in the following table are the minimum ratings required by (where applicable) the California Government Code, the District's investment policy, or debt agreements and the actual Moody's credit rating as of June 30, 2021, for each investment type.

Investment Type	Minimum Legal Rating	Total as of June 30, 2021	Not Rated	Moody's Rating			
				Aaa	Aa	A	P1
U.S. Treasury Obligations	N/A	\$ 5,758,508	\$ -	\$ 5,758,508	\$ -	\$ -	\$ -

**EL TORO WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2021**

**NOTE 2 CASH AND INVESTMENTS (CONTINUED)**

**Concentration of Credit Risk**

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code with the exception of banker's acceptances, commercial paper, and money market funds, which are limited to an investment in any one issuer of 5%, 5%, and 10%, respectively.

**Custodial Credit Risk**

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, the District will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, the District will not be able to recover the value of its investment or collateral securities that are in the possession of another party. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pools (such as the Local Agency Investment Fund (LAIF)).

The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure District deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

As of June 30, 2021, all of the District's deposits with financial institutions were covered by federal depository insurance limits or were held in collateralized accounts.

**Investment in State Investment Pool**

The District is a voluntary participant in LAIF that is regulated by California Government Code Section 16429 under the oversight of the California State Treasurer. The fair value of the District's investment in this pool is reported in the accompanying financial statements at amounts based upon the District's pro rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio).

**EL TORO WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2021**

**NOTE 2 CASH AND INVESTMENTS (CONTINUED)**

**Investment in California Asset Management Program**

The California Asset Management Program (CAMP) is a public joint powers authority that provides California public agencies with investment management services for surplus funds and comprehensive investment management, accounting, and arbitrage rebate calculation services for proceeds of tax-exempt financings. CAMP currently offers the cash reserve portfolio, a short-term investment portfolio, as a means for public agencies to invest these funds. Public agencies invest in the pool (participants) purchase shares of beneficial interest. Participants may also establish individual, professionally managed investment accounts (individual portfolios) by separate agreement with an investment advisor.

**Fair Value Measurements**

The District categorizes its fair value measurement within the fair value hierarchy established by U.S. GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are quoted prices for similar assets in active markets, and Level 3 inputs are significant unobservable inputs.

<b>June 30, 2021</b>	Quoted Prices Level 1	Observable Inputs Level 2	Unobservable Inputs Level 3	Total
U.S. Treasury Obligations	\$ -	\$ 5,758,508	\$ -	\$ 5,758,508
Government-Sponsored Entities

Total Loans Payable	<u>\$ 35,951,509</u>	<u>\$ -</u>	<u>\$ (2,197,763)</u>	<u>\$ 33,753,746</u>	<u>\$ 2,249,058</u>	<u>\$ 31,504,688</u>

**Main Extension Contracts**

Main extension contracts are payable to developers without interest. The payments are based on a percentage of revenue received from units served by the water main. The contracts must be repaid in not more than 25 years but may be paid off in advance at the option of the District. The outstanding balance at June 30, 2021 was \$6,180.

**State Revolving Fund Loan 2010 – Northline Lift Station Improvement Project**

In October 2010, the District entered into an agreement with the California State Water Resources Control Board (SWRCB) for a State Revolving Fund Loan (SRF Loan) in an amount of \$3,918,590 for the Northline Lift Station Improvement project. The loan carries an interest rate of 2.70% per annum. The loan is scheduled to mature in 2032. Principal and interest are payable annually at the interest rate of 2.70%.

Future annual debt service requirements on the loan are as follows:

Year Ending June 30,	Principal	Interest	Total
2022	\$ 192,571	\$ 65,575	\$ 258,146
2023	197,770	60,376	258,146

Total	<u>\$ 19,821,900</u>	<u>\$ 2,621,122</u>	<u>\$ 22,443,022</u>

**Baker Water Treatment Plant Agreement and Refinance Loan**

In December 2013, the District entered into the Baker Water Treatment Plant Agreement, along with five other public entities relating to the Baker treatment plant. In January 2014, the District entered into an installment sale agreement with the Irvine Ranch Water District (IRWD) for the purchase of the District's portion of rights, title, and interest to the capacity not-to-exceed amount of \$12,500,000.

In 2017, the District refinanced IRWD's installment sale agreement with a loan from a financial institution for \$9,715,035 with an interest rate of 3.10%. The loan is scheduled to mature in 2036. Principal and interest are payable annually at the interest rate of 3.10%.

Future annual debt service requirements on the loan are as follows:

<u>Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2022	\$ 432,855	\$ 251,407	\$ 684,262

**NOTE 6 DEFINED CONTRIBUTION AND DEFERRED COMPENSATION PLANS**

The District contributes to the El Toro Water District Retirement Savings Plan and Trust (the Plan), which is a qualified defined contribution pension plan under Section 401(k) of the Internal Revenue Code (IRC). The Plan is administered by the District. The District's Board of Directors has approved the funding of this benefit and may change the percentage as deemed necessary.

Additionally, the District offers a 457 deferred compensation plan. In accordance with GASB Statement No. 32, *Accounting and Financial Reporting/or Internal Revenue Code Section 457 Deferred Compensation Plans*, the District has little administrative involvement and does not perform the investing function for the Plan, and the assets and related liabilities are not presented in the accompanying financial statements in accordance with GASB Statement No. 32.

As of February 1, 2016, the District executed an amendment to the Plan authorizing the District (as employer) to match an amount equal to 75% of each participant's total contributions to either 401(k) or 457 plans, but no more than 10% of their annual compensation. However, the District's contributions can be deposited to the 401(k) plan only.

In addition, the District contributes an amount equal to 9% of compensation for a Plan year for all qualified participants regardless of whether they are an employee on the last day of the Plan year and regardless of whether they made any salary deferrals to the Plan. Employees are immediately vested in their employer contributions. District contributions to the 401(k) plan were \$972,682 as of June 30, 2021.

**EL TORO WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2021**

**NOTE 7 OTHER POST-EMPLOYMENT BENEFITS**

**Plan Description**

The District pays all or a portion of the cost of health insurance for retirees (including prescription drug benefits) under any group plan offered by the Association of California Water Agencies/Joint Powers Insurance Authority (ACWA/JPIA) Health Program, subject to certain restrictions as determined by the District. The District's plan is a single employer plan.

**Benefits**

The District offers post-employment medical benefits to retired employees who satisfy the eligibility rules. Certain spouses and surviving spouses are also eligible to receive benefits. Retirees may enroll in any medical plan available through the District's ACWA/JPIA Health Program. The contribution requirements of eligible retired employees and the District are established and may be amended by the Board of Directors.

**Employees Covered**

At the June 30, 2020, measurement date, the following current and former employees were covered by the benefit terms:

Inactive Employees or Beneficiaries Currently Receiving Benefits	22	
Active Employees	59	
Total	<table style="width: 100%; border-collapse: collapse;"> <tr> <td style="border-top: 1px solid black; border-bottom: 3px double black;">81</td> </tr> </table>	81
81		

**Actuarial Assumptions**

The total OPEB liability, measured as of June 30, 2020, was determined using the following actuarial assumptions:

Valuation Date	June 30, 2020.
Measurement Date	June 30, 2020
Actuarial Assumptions:	
Discount Rate	2.21%
Projected Salary Increase	3% per year
Inflation	2.75% per year
Mortality, Retirement, Disability, Termination	CalPERS 1997-2015 Experience Study (2% @ 55 rates for Tiers 1-3, modified rates for Tier 4
Mortality Improvement	Mortality projected fully generational with Scale MP-2020
Medical Trend	
Non-Medicare	7% for 2022, decreasing to 4% in 2076
Medicare (Non-Kaiser)	6.1% for 2022, decreasing to 4% in 2076
Medicare (Kaiser)	5% for 2022, decreasing to 4% in 2076
Healthcare Participation at Retirement	
Actives	95% Tiers 1-3, 90% Tier 4
Retirees	100%
Spouse Healthcare Participation at Retirement	
Spouse Currently Covered	100% Tiers 1-3, 50% Tier 4
Spouse not Currently Covered	0%
Medical Plan Election at Retirement	Same as currently elected

**EL TORO WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2021**

**NOTE 7 OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)**

**Contribution**

The obligation of the District to contribute to the plan is established and may be amended by the Board of Directors. The contribution required to be made is based on a pay-as-you-go basis (i.e., as medical insurance premiums become due) and an implied subsidy determined by an actuary. For the year ended June 30, 2021, the District made payments of \$280,577 for premiums and the implied subsidy was \$30,548, thereby resulting in payments of \$311,125.

**Discount Rate**

The discount rate used to measure the 2020 total OPEB liability was 2.21%. This discount rate is the Bond Buyer 20-Bond GO index.

**Sensitivity of the Total OPEB Liability to Changes in the Discount Rate**

The following presents the total OPEB liability of the District, as well as what the total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate for the measurement period ended June 30, 2020:

	1% Decrease (1.21%)	Discount Rate (2.21%)	1% Increase (3.31%)
Total OPEB Liability at June 30, 2020	\$ 22,705,271	\$ 19,149,868	\$ 16,337,176

**Sensitivity of the Total OPEB Liability to Changes in Healthcare Cost Trend Rates**

The following presents the total OPEB liability of the District, as well as what the total OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage point lower or one percentage point higher than the current rates for the measurement period ended June 30, 2020:

	1% Decrease	Healthcare Cost Trend Rates (a)	1% Increase
Total OPEB Liability at June 30, 2020	\$ 16,064,425	\$ 19,149,868	\$ 23,103,282

- (a) Non-Medicare - 7% for 2022, decreasing to 4% in 2076
- Medicare (Non-Kaiser) - 6.1% for 2024, decreasing to 4% in 2076
- Medicare (Kaiser) - 5% for 2022, decreasing to 4% in 2076

**EL TORO WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2021**

**NOTE 7 OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)**

**Change in Total OPEB Liability**

A summary of change in total OPEB liability for the measurement date June 30, 2020, is as follows:

Balance at June 30, 2019 (Measurement Date)	\$ 16,843,879
Changes in the Year:	
Service Cost	468,321
Interest on the Total OPEB Liability	600,602
Differences Between Actual and Expected Experience	(1,334,563)
Changes in Assumptions	2,875,924
Benefit Payments	<u>(304,295)</u>
Net Changes	<u>2,305,989</u>
Balance at June 30, 2020 (Measurement Date)	<u><u>\$ 19,149,868</u></u>

**OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB**

For the year ended June 30, 2021, OPEB expense in the amount of \$1,926,591 is included in the accompanying statement of revenues, expenses and changes in net position. For the year ended June 30, 2021, the District reported deferred outflows or inflows of resources related to OPEB due to the initial valuation of OPEB under GASB Statement No. 75 as follows:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
OPEB Contributions Subsequent to Measurement Date	\$ 311,125	\$ -
Differences Between Actual and Expected Experience	564,234	(1,143,911)
Change in Assumptions	<u>4,593,749</u>	<u>-</u>
Total	<u><u>\$ 5,469,108</u></u>	<u><u>\$ (1,143,911)</u></u>

The \$311,125 reported as deferred outflows of resources related to OPEB resulting from the District's contributions subsequent to the measurement date during the year ended June 30, 2020, will be recognized as a reduction of the total OPEB liability in the year ending June 30, 2022.

**EL TORO WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2021**

**NOTE 7 OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)**

**OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB  
(Continued)**

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB for measurement period June 30, 2020, are recognized as OPEB expense as follows:

<u>Year Ending June 30,</u>	<u>Amount</u>
2022	\$ 857,668
2023	857,668
2024	857,668
2025	857,666
2026	350,207
Thereafter	233,195

**Change of Assumptions**

The following assumptions were changed from the June 30, 2018 actuarial valuation to the June 30, 2020 actuarial valuation: (1) mortality improvement scale was updated from Scale MP-2018 to Scale MP-2020, (2) discount rate was updated from 3.50% to 2.21% and (3) healthcare trend changed from 7.50% non-Medicare and 6.50% Medicare to 7.00% non-Medicare and 6.1% Medicare (non-Kaiser) and 5% Medicare (Kaiser).

**NOTE 8 NET POSITION**

Net investment in capital assets at June 30, 2021, consisted of the following:

Capital Assets - Not Being Depreciated	\$ 10,515,919
Capital Assets, Net - Being Depreciated	79,532,645
Loans Payable - Current	(2,249,058)
Loans Payable - Noncurrent	(31,504,688)
Retention	(101,805)
Accounts Payable for Construction Projects	(84,609)
Net Investment in Capital Assets	<u>\$ 56,108,404</u>

**NOTE 9 RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District is a member of the ACWA/JPIA, an intergovernmental risk-sharing joint powers authority created to provide self-insurance programs for California water agencies. The purpose of the ACWA/JPIA is to arrange and administer programs of self-insured losses and to purchase excess insurance coverage. At June 30, 2021, the District participated in the liability and property programs of the ACWA/JPIA as follows:

**EL TORO WATER DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2021**

**NOTE 9 RISK MANAGEMENT (CONTINUED)**

In addition to the above, the District also has the following insurance coverage:

- General and auto liability and public officials' and employees' errors and omissions: The JPIA pools for the first \$5 million. The JPIA purchases additional excess coverage layers: \$55 million per occurrence for general, auto, and public officials' liability, which increases the limits on the insurance coverage noted above. Additionally, there are lower limits related to terrorism (\$5 million), communicable disease (\$10 million), subsidence (\$35 million), lead (\$35 million), and mold (\$35 million).
- Employee dishonesty coverage of up to \$3,000,000 with a \$1,000 deductible per loss, includes public employee dishonesty, forgery or alteration, and use of computer to transfer covered property coverage.
- Property loss coverage for boiler and machinery is up to \$100,000,000 with a \$25,000 deductible except for turbine or power generation equipment which is \$50,000. Coverage for earthquakes is up to \$2,500,000 in program aggregate, with a deductible of 5% of the total insurable value which is \$50,874,753. Coverage for floods is up to \$25,000,000, with a deductible of \$100,000. Real property has a deductible of \$1,000; the ACWA/JPIA is self-insured for up to \$100,000; excess insurance has been purchased.
- For underground storage tank pollution liability, the District is insured for up to \$3,000,000 with a \$10,000 deductible; the ACWA/JPIA is self-insured for up to \$500,000; excess insurance coverage has been purchased to cover losses up to \$3,000,000.
- Dam failure liability coverage of up to \$9,000,000 million per occurrence; the ACWA/JPIA is self-insured up to \$1,000,000; excess insurance coverage has been purchased.
- Workers' compensation insurance for up to California statutory limits for all work-related injuries/illnesses covered by California law. The ACWA/JPIA is self-insured for up to \$2.0 million; excess insurance coverage has been purchased with a \$4,000,000 aggregate limit.
- Cyber security coverage is \$5,000,000 per occurrence and \$5,000,000 in aggregate with a deductible up to \$50,000 per occurrence based on annual revenues.
- Fiduciary liability coverage of up to \$3,000,000 with a deductible of \$5,000 for claims resulting from a breach in fiduciary duty associated with its retirement pension plan.

Settled claims have not exceeded any of the coverage amounts, and there were no reductions in the District's insurance coverage during the year ended June 30, 2021. Liabilities are recorded when it is probable that a loss has been incurred, and the amount of the loss can be reasonably estimated net of the respective insurance coverage.

Liabilities include an amount for claims that have been incurred but not reported (IBNR). There were no IBNR claims payable as of June 30, 2021.

**EL TORO WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2021**

**NOTE 10 COMMITMENTS AND CONTINGENCIES**

**Construction Contracts**

The District has a variety of agreements with private parties relating to the installation, improvement, or modification of water and wastewater facilities and distribution systems within its service area. The financing of such construction contracts is being provided primarily from the District's replacement reserves and capital contributions. As of June 30, 2021, the District had engineering design and construction commitments of approximately \$556,000.

**Litigation**

In the ordinary course of operations, the District is subject to claims and litigation from outside parties. After consultation with legal counsel, the District believes the ultimate outcome of such matters, if any, will not materially affect its financial condition.

(1) Refund to Golden Rain Foundation the Sinking fund balance in connection with the agreement that ETWD to provide Disinfected Tertiary Recycled Water for irrigation within the Laguna Woods Village Golf Course.

(2) In FY 13/14 the District created a separate line item for cell tower rental income. In the prior years this revenue was included with other non-operating revenues.

(3) Starting with FY 16/17 expenses included the Baker Water Treatment Plant loan interests with Texas Capital.

(4) The decrease/increase in Unrestricted due to the implementation of GASB Statement No. 75 in recording OPEB liability.

(5) Investment Earnings increase was resulted from higher interests rate earned on short-term LAIF and CAMP investments.

(6) The increase was attributed to a refund from South Orange County Waste Water Authority (SOCWA).

**Note:** See Schedule 2 "Operating Revenue by Source" for information regarding water revenues.

\*The District has inter-connections with Moulton Niguel Water District, Irvine Ranch Water District, and Santa Margarita Water District. Water is purchased from one of the three agencies in the case of repairs or upgrades to the District's infrastructure, which would necessitate a temporary alternate source of water.

\*\*The Baker Water Treatment Plant (WTP) is a joint regional project by five South Orange County water districts, located in the City of Lake Forest, provides 28.1 million gallons per day (mgd) of drinking water. The District has the capacity right of 3.2 mgd.

2021	26	275	583.58	1.60

**Notes:**

MG - Millions of Gallons

MGD - Millions of Gallons per Day

(1) The increase in Recycled Connections was a result of Recycled Water Project to transition irrigation customers to recycled water.

(2) The increase in Miles of Recycled Pipe was due to the completion of The Phase II Recycled Water Distribution System Expansion Project.
