Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the business-type activities of Santiago Aqueduct Commission (the "Commission") as of and for the year June 30, 2023, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the business-type activities of the Commission, as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Commission and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The Commission's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Commission's ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Commission's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *management's discussion and analysis* be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Report on Summarized Comparative Information

We have previously audited the Commission's 2022 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated November 8, 2022. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2022 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 6, 2023 on our consideration of the Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following discussion and analysis of the financial performance of the Santiago Aqueduct Commission (SAC) provides an overview of SAC's financial activities for the fiscal year ended June 30, 2023. This section should be read in conjunction with the basic financial statements and notes to the basic financial statements, which follow this analysis.

Financial Highlights:

- Total assets exceeded total liabilities by \$1,294,004 (net position), representing \$1,211,421 investment in capital assets and \$82,583 in unrestricted for water services. This was a decrease of \$91,449 or 6.6 percent from the prior fiscal year net position of \$1,385,453.
- Total assets were \$1,341,386, a decrease of \$74,297 or 5.2 percent from the prior fiscal year. The decrease was due primarily to a \$194,357 decrease in cash and investment, partially offset by a \$116,983 increase in net capital assets and a \$3,077 increase in total receivables.
- Total liabilities were \$47,382, an increase of \$17,152 or 56.7 percent from the prior fiscal year. The increase was due primarily to a \$42,542 increase in landscape costs for the Baker Pipeline Reach 1U, partially offset by a \$12,642 decrease in capital project expenditures and a \$10,349 decrease in cathodic protection monitoring and maintenances costs.
- Total revenues decreased \$309 or 0.3 percent from \$101,431 in the prior fiscal year to \$101,122 in the current fiscal year. The decrease was due primarily to a \$6,855 decrease in other income and a \$1,525 decrease in member charges, offset by a \$3,411 increase in fair value of investments, a \$2,657 increase in interest income, and a \$1,973 increase in water surcharge.
- Total operating expenses were \$192,571, an increase of \$49,364 or 34.5 percent from the prior fiscal year. The increase was due primarily to a \$43,192 increase in landscape costs for the Baker Pipeline Reach 1U and a \$24,526 increase in depreciation expense, partially offset by a \$23,270 decrease in cathodic protection monitoring and maintenance costs.

A more detailed analysis about the overall SAC's financial position and operations is provided in the following sections.

Overview of the Financial Statements:

The basic financial statements of SAC consist of the financial statements (Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position and Statement of Cash Flows) and notes to the basic financial statements. The basic financial statements are prepared using the accrual basis of accounting.

Statement of Net Position depicts SAC's financial position at June 30, 2023 the end of SAC's fiscal year. The statement of net position shows all financial assets and liabilities of SAC. Net position represents the SAC's residual interest after liabilities are deducted from assets. Net position is displayed in two components: investment in capital assets and unrestricted net position for water services.

Statement of Revenues, Expenses and Changes in Net Position provides information on SAC's operations and can be used to determine whether SAC has recovered all its costs through operating and non-operating revenues.

Statement of Cash Flows provides information on SAC's cash receipts, cash payments and changes in cash resulting from operations and investments activities.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

Notes to the Basic Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Financial Analysis of SAC:

The following condensed schedules contain summary financial information extracted from the basic financial statements to assist general readers in evaluating SAC's overall financial position and results of operations as described in this Management's Discussion and Analysis (MD&A).

Financial Position Summary:

The Statement of Net Position reflects SAC's financial position as of June 30, 2023. The statement includes assets and liabilities. The net position represents SAC's net worth including, but not limited to contributions and investments in capital assets. A condensed summary of SAC's total net position at June 30 is set forth below:

Table 1 - Summary of Net Position

	2023	2022	Increase/(Decrease)	
			Amount	Percentage
Assets				
Current assets	\$ 129,965	\$ 321,245	\$ (191,280)	-59.5%
Noncurrent assets	1,211,421	1,094,438	116,983	10.7%
Total assets	<u>1,341,386</u>	<u>1,415,683</u>	<u>(74,297)</u>	<u>-5.2%</u>
Liabilities				
Current liabilities	47,382	30,230	17,152	56.7%
Total liabilities	<u>47,382</u>	<u>30,230</u>	<u>17,152</u>	<u>56.7%</u>
Net position				
Investment in capital assets	1,211,421	1,094,438	116,983	10.7%
Unrestricted for water services	82,583	291,015	(208,432)	-71.6%
Total net position	<u>\$ 1,294,004</u>	<u>\$ 1,385,453</u>	<u>\$ (91,449)</u>	<u>-6.6%</u>

As shown in Table 1, SAC's total assets decreased \$74,297 or 5.2 percent during the current fiscal year. Total current assets were \$129,965, a decrease of \$191,280 or 59.5 percent from the prior fiscal year. Cash and investments decreased \$194,357 or 61.0 percent from \$318,572 in the prior fiscal year to \$124,215 in the current fiscal year. The decrease was due primarily to a \$146,715 decrease in capital cash for the construction of capital assets and \$51,714 in cash used by operating activities. Accounts receivable increased \$2,735 or 113.8 percent from \$2,404 in the prior fiscal year to \$5,139 in the current fiscal year. The increase in account receivables was due to an increase in water deliveries of 2,712.2 acre-feet (AF) from 2,478.4 AF at a \$0.97 operating surcharge rate in the prior fiscal year to 5,190.6 AF at a \$0.99 operating surcharge rate in the current fiscal year. Deliveries were lower in the prior fiscal year due to the shutdown of the Baker Pipeline in April and May 2022 for construction activities.

Noncurrent assets were \$1,211,421, an increase of \$116,983 or 10.7 percent from the prior fiscal year. The increase was due to \$146,715 of additional capital expenditures for the Baker Pipeline capital project in the current fiscal year, offset by \$29,732 current fiscal year depreciation of capital assets.

SAC's total liabilities were \$47,382, an increase of \$17,152 or 56.7 percent from \$30,230 in the prior fiscal year. The increase was due primarily to a \$42,542 increase in landscape costs for the Baker Pipeline Reach

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

1U, partially offset by a \$12,642 decrease in capital project expenditures and a \$10,349 decrease in cathodic protection monitoring and maintenances costs.

Net position at end of the current fiscal year was \$1,294,004 representing the excess of total assets over total liabilities. Net position decreased \$91,449 or 6.6 percent from \$1,385,453 in the prior fiscal year to \$1,294,004 in the current fiscal year. Net position consists of investment in capital assets of \$1,211,421 or 93.6 percent and an unrestricted net position for water services of \$82,583 or 6.4 percent.

Activities and Changes in Net Position:

The Statement of Revenues, Expenses and Changes in Net Position summarizes SAC's operations during the current fiscal year. A Summary of SAC's changes in net position for the fiscal years ended June 30 is included in Table 2 below:

Table 2 - Revenues, Expenses and Changes in Net Position

	2023	2022	Increase/(Decrease)	
			Amount	Percentage
Operating revenues				
Water surcharge	\$ 27,283	\$ 25,310	\$ 1,973	7.8%
Member charges	69,425	70,950	(1,525)	-2.1%
Total operating revenues	96,708	96,260	448	0.5%
Non-operating revenues	4,414	5,171	(757)	-14.6%
Total revenues	101,122	101,431	(309)	-0.3%
Operating expenses				
Contract labor	6,695	4,519	2,176	48.2%
Equipment usage	622	474	148	31.2%
Utilities	2,514	1,868	646	34.6%
Landscape	53,482	10,290	43,192	419.7%
Cathodic protection monitoring and maintenance	49,216	72,486	(23,270)	-32.1%
Telemetry alarm	1,759	2,120	(361)	-17.0%
General and administrative	48,551	46,244	2,307	5.0%
Depreciation expense	29,732	5,206	24,526	471.1%
Total operating expenses	192,571	143,207	49,364	34.5%
Income (loss) before capital contributions	(91,449)	(41,776)	(49,673)	118.9%
Capital Contributions				
Contributions from member agencies	-	1,001,872	(1,001,872)	-100.0%
Change in net position	(91,449)	960,096	(1,051,545)	-109.5%
Beginning net Position	1,385,453	425,357	960,096	225.7%
Ending net position	\$ 1,294,004	\$ 1,385,453	\$ (91,449)	-6.6%

Revenues:

As shown in Table 2, SAC's total revenues were \$101,122, a decrease of \$309 or 0.3 percent from the prior fiscal year. SAC's operating revenues increased \$448 or 0.5 percent. The increase was due primarily to a \$1,973 increase in water surcharge revenues. The surcharge rate increased from \$0.97 per acre foot in the prior fiscal year to \$0.99 per acre foot in the current fiscal year. Water deliveries increased 1,464.9 acre feet from 26,093.2 acre feet in the prior fiscal year to 27,558.1 acre feet in the current fiscal year. Deliveries were lower in the prior fiscal year due to the shutdown of the Baker Pipeline in April and May

MANAGEMENT’S DISCUSSION AND ANALYSIS (Continued)

2022 for construction activities. The member agencies charges to fund the current fiscal year’s maintenance expenses decreased \$1,525 due primarily to lower maintenance expenses.

SAC’s non-operating revenues decreased \$757 or 14.6 percent from the prior fiscal year. The decrease was due primarily to a \$6,855 decrease in insurance refund from Association of California Water Agency received in the prior fiscal year, offset by a \$3,441 increase in changes in fair value investments and a \$2,657 increase in interest income.

Expenses:

As shown in Table 2, SAC’s operating expenses increased \$49,364 or 34.5 percent from \$143,207 in the prior fiscal year to \$192,571 in the current fiscal year. Contract labor and general and administrative expenses increased \$4,483 and contributed 28.7 percent of the total current fiscal year’s operating expenses. Landscape maintenance increased \$43,192 and contributed 27.8 percent of the total operating expenses. The increase was primarily due to a \$42,542 increase in landscape costs for the Baker Pipeline Reach 1U. Cathodic protection related expenses decreased \$23,270 and contributed 25.6 percent of the total operating expenses. Total other expenses increased \$433 and contributed 2.5 percent of the total operating expenses. Depreciation expenses increased \$24,526 and contributed 15.4 percent of the total operating expenses.

Capital Assets:

As shown in Table 3, SAC’s capital assets, net of depreciation consists of the following as of June 30:

Table 3 - Capital Assets, Net of Depreciation

	2023	2022	Increase/(Decrease)	
			Amount	Percentage
Meters	\$ 50,788	\$ 50,788	\$ -	0.0%
Bypass valve	63,609	63,609	-	0.0%
Vault covers	56,543	56,543	-	0.0%
Pipeline	1,203,641	1,056,926	146,715	13.9%
Less : accumulated depreciation	(163,160)	(133,428)	(29,732)	22.3%
Total	\$ 1,211,421	\$ 1,094,438	\$ 116,983	10.7%

Capital assets, net of depreciation increased \$116,983 or 10.7 percent in the current fiscal year. The construction of the Baker Pipeline capital project incurred \$146,715 which was transferred from Construction in Progress to Capital Assets during the current fiscal year. Accumulated depreciation increased by \$29,732 for depreciation expense in the current fiscal year. The increase was primarily due to depreciation of the Baker Pipeline capital assets. Additional information on SAC’s capital assets can be found in Note 3 of the Notes to the Basic Financial Statements.

Contacting the District’s Financial Management:

This financial report is designed to provide a general review of SAC’s finances. If you have questions about this report or need additional financial information, contact the Treasurer at the Santiago Aqueduct Commission, 15600 Sand Canyon Avenue, Irvine, California 92618-7500.

Santiago Aqueduct Commission

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

(1) Reporting Entity and Summary of Significant Accounting Policies

A. Organization and Operations of the Reporting Entity

The Santiago Aqueduct Commission (SAC) was formed in September 1961 as a multi-agency joint powers agency under the California Government Code section 6500. SAC was formed to finance, construct and maintain the Baker Pipeline designed to bring imported untreated water from the Metropolitan Water District of Southern California (MWD) to South Orange County. The Baker Pipeline was completed in 1962 and extended the MWD Santiago Lateral by 15 miles. SAC's member agencies include East Orange County Water District, Irvine Ranch Water District, Santa Margarita Water District, Trabuco County Water District, El Toro Water District and Moulton Niguel Water District.

B. Basic Financial Statements

The basic financial statements are comprised of the Statement of Net Position, the Statement of Revenues, Expenses and Changes in Net Position, the Statement of Cash Flows, and the Notes to the Basic Financial Statements.

C. Basis of Accounting and Measurement Focus

SAC's financial activities are accounted for as an enterprise fund. A fund is an accounting entity with a self-balancing set of accounts established to record the financial position and results of operations of a specific governmental activity. The activities of enterprise funds closely resemble those of ongoing businesses in which the purpose is to conserve and add to basic resources while meeting operating expenses from current revenues. Enterprise funds account for operations that provide services on a continuous basis and are substantially financed by revenues derived from surcharges and member charges. Revenues and expenses are recognized on the accrual basis. Revenues are recognized in the accounting period in which they are earned, and expenses are recognized in the period incurred, regardless of when the related cash flow takes place.

SAC's operating revenues and expenses generally result from providing pipeline capacity and operations and maintenance services to member agencies in connection with water operations. The principal operating revenues of SAC are member charges to cover operation and maintenance expenses. Operating expenses include operations and maintenance expenses associated with the pipeline, general and administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, SAC uses restricted resources and then unrestricted resources.

D. Cash and Investments

Cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash or so near to their maturity that they present insignificant risk of changes in value because of changes in interest rates and have an original maturity date of 12 months or less. Investments are reported at fair value.

Santiago Aqueduct Commission

Notes to the Basic Financial Statements, Continued

For the Fiscal Year Ended June 30, 2023

(1) Reporting Entity and Summary of Significant Accounting Policies (continued)

D. Cash and Investments (Continued)

Changes in fair value that occur during the fiscal year are recognized as an increase (decrease) in fair value of investments reported for that fiscal year. Interest income includes interest earnings on SAC's investments.

E. Accounts Receivable

SAC's accounts receivable is from its member agencies in the normal course of operations. Management has evaluated the accounts and believes they are collectible.

F. Capital Assets

Capital assets are valued at cost where historical records are available and at an estimated historical cost where no historical costs exist. SAC capitalizes all assets with a historical cost of at least \$5,000 and a useful life of at least three years. The cost of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized. Depreciation is recorded on a straight-line basis over the following estimated useful lives:

Meters	30 years
Valves	40 years
Vault Covers	40 years
Pipeline	40 years

G. Fair Value Measurements

Certain assets and liabilities are required to be reported at fair value. The fair value framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly and fair value is determined through the use of models or other valuation methodologies including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are inactive;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. These unobservable inputs reflect SAC's own assumptions about the inputs market participants would use in pricing the asset or liability (including assumptions about risk). These unobservable inputs are developed based on the best information available in the circumstances and may include the SAC's own data.

(1) Reporting Entity and Summary of Significant Accounting Policies (continued)

H. Net Position

The financial statements utilize a net position presentation. Net position is categorized as follows:

- **Net Investment in Capital Assets** – This component of net position consists of capital assets, net of accumulated depreciation reduced by any debt outstanding against the acquisition, construction or improvement of those assets.
- **Restricted Net Position** – This component of net position consists of constraints placed on net position use through external constraints imposed by creditors, grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- **Unrestricted Net Position** – This component of net position consists of net position that does not meet the definition of restricted or net investment in capital assets.

I. Use of Estimates

The preparation of the basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

J. Comparative Financial Statements and Reclassifications

The information included in the accompanying financial statements for the prior year has been presented for comparison purposes only and does not represent a complete presentation in accordance with generally accepted accounting principles. Certain amounts presented in the prior year financial statements have been reclassified in order to be consistent with the current year's presentation.

(2) Cash and Investments

Cash and investments as of June 30, 2023 consist of the following:

Deposits with financial institution	\$ 37,790
Local Agency Investment Fund	<u>86,425</u>
Total cash and investments	<u><u>\$ 124,215</u></u>

Investments Authorized by the California Government Code

The following table identifies the investment types that are authorized for SAC by the California Government Code. The table also identifies certain provisions of the California Government Code that address interest rate risk and concentration of credit risk. This table does not address investments of debt proceeds held by a bond trustee governed by the provisions of debt agreements of SAC, rather than the general provisions of the California Government Code.

<u>Authorized Investment type</u>	<u>Maximum Maturity</u>	<u>Maximum Percentage Allowed</u>	<u>Maximum Investment In One Issuer</u>
Local Agency Bonds	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker's Acceptances	180 days	40%	30%
Commercial Paper	270 days	25%	10%
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20% of base value	None
Medium-Term Notes	5 years	30%	None
Money Market Mutual Funds	N/A	20%	10%
Mortgage Pass-Through Securities	5 years	20%	None
Orange County Treasury Pool	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None

Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code requires that a financial institution secure deposit made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure public agency deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

Disclosure Relating to Credit Risk

Generally, credit risk is the risk that the issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized statistical rating organization.

(2) Cash and Investments (continued)

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value is to changes in market interest rates. The remaining maturity of SAC's LAIF investment is 12 months or less.

Investment in State Investment Pool

SAC is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of SAC's investment in this pool is reported in the accompanying financial statements at amounts based upon SAC'S pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. SAC categorizes its fair value investments within the fair value hierarchy established by generally accepted accounting principles. The LAIF investment is not subject to the fair value measurement classification.

(3) Capital Assets

Capital asset activity for the fiscal year ended June 30, 2023 is as follows:

	Balance at June 30, 2022	Additions	Deletions	Balance at June 30, 2023
Capital assets, being depreciated:				
Meters	\$ 50,788	\$ -	\$ -	\$ 50,788
Bypass valve	63,609	-	-	63,609
Vault covers	56,543	-	-	56,543
Pipeline	1,056,926	146,715	-	1,203,641
Sub-total	<u>1,227,866</u>	<u>146,715</u>	<u>-</u>	<u>1,374,581</u>
Less accumulated depreciation:				
Meters	(50,788)	-	-	(50,788)
Bypass valve	(42,938)	(1,589)	-	(44,527)
Vault covers	(37,500)	(1,414)	-	(38,914)
Pipeline	(2,202)	(26,729)	-	(28,931)
Sub-total	<u>(133,428)</u>	<u>(29,732)</u>	<u>-</u>	<u>(163,160)</u>
Total depreciable capital assets, net	1,094,438	116,983	-	1,211,421
Capital assets, non-depreciable:				
Construction in progress	-	146,715	(146,715)	-
Total capital assets, net	<u>\$ 1,094,438</u>	<u>\$ 263,698</u>	<u>\$ (146,715)</u>	<u>\$ 1,211,421</u>
