## Independent Auditor's Report

To the Board of Directors  
Santa Margarita/Dana Point Authority  
Rancho Santa Margarita, California

### Opinion

We have audited the financial statements of the Santa Margarita/Dana Point Authority (the Authority) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of June 30, 2023, and the changes in financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

The Authority's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**SANTA MARGARITA/DANA POINT AUTHORITY**  
**Management's Discussion and Analysis (Unaudited)**  
**For the Year Ended June 30, 2023**

This section of the Santa Margarita/Dana Point Authority's (Authority) annual financial report presents the Management's Discussion and Analysis (MD&A) of the Authority's financial performance during the fiscal year ended June 30, 2023 (FY 2023). The MD&A is to be read and considered in conjunction with the basic financial statements and accompanying notes.

**FY 2023 Financial Highlights**

- Total assets decreased \$4.3 million in FY 2023 due to a reduction in the amount due from Santa Margarita Water District (SMWD). The Authority made revenue and general obligation bond principal payments during FY 2023 totaling \$1.7 million and \$1.5 million, respectively.

**Overview of the Financial Statements**

The Authority is a self-supporting entity that follows enterprise fund accounting and presents its financial statements on the full accrual basis of accounting. This annual financial report consists of two parts – MD&A and the basic financial statements, including notes. The Authority's financial statements begin on page 7 of this document. The notes to the basic financial statements can be found beginning on page 11 and provide additional information that is essential to a full understanding of the data provided in the basic financial statements. The Authority's financial statements offer key, high-level financial information about the Authority's activities, comprised of the following main statements:

- **The Statement of Net Position** includes information on the Authority's assets and liabilities and deferred outflows and inflows of resources. Net Position is defined as the Authority's total assets plus deferred outflows of resources, less total liabilities, and deferred inflows of resources.
- **The Statement of Revenues, Expenses and Change in Net Position** shows changes in the Authority's net position based on its operating revenues and expenses during the fiscal year ended June 30, 2023.
- **The Statement of Cash Flows** provides the Authority's changes in cash resulting from operating activities and provides information on the sources and uses of the Authority's cash.

The Statement of Net Position, and the Statement of Revenues, Expenses and Change in Net Position provide a depiction of the Authority's financial standing.

**SANTA MARGARITA/DANA POINT AUTHORITY**  
**Management's Discussion and Analysis (Unaudited)**  
**For the Year Ended June 30, 2023**

**Statement of Net Position**

The activity of the Authority consists solely of collection of amounts due from SMWD and payment of debt, which are reported as operating revenues and expenses, resulting in no net position.

The Authority's total assets decreased \$4.3 million to \$92.9 million compared with the prior year due to payment from SMWD on the Authority's General Obligation bonds and Revenue bonds, decreasing the receivable due from SMWD.

The Authority's total liabilities decreased \$4.4 million to \$93.8 million compared with the prior year due to payments made during FY 2023 on the Authority's General Obligation bonds and Revenue bonds.

Deferred outflows of resources decreased by \$0.1 million to \$863 thousand compared to the prior year due to the amortization of deferred loss on defeasance of the Authority's General Obligation bonds.

Deferred inflows of resources decreased by \$6.2 thousand to \$28.5 thousand compared to the prior year due to the amortization of deferred gains on defeasance of the Authority's General Obligation bonds.

**Notes to the Basic Financial Statements**  
**For the Year Ended June 30, 2023**

**1. Organization and Summary of Significant Accounting Policies**

Organization

The Santa Margarita/Dana Point Authority (Authority) is a public entity created for the joint exercise of common powers pursuant to a Joint Exercise of Powers Agreement dated August 25, 1987, by and between the Santa Margarita Water District (SMWD) and the Dana Point Sanitary District (DPSD) (collectively, the Members) under the powers granted to such Members pursuant to Sections §6500 et seq., Title 1, Division 7 Chapter 5, Article 1 of the California Government Code. Effective January 1, 1999, DPSD was dissolved and the South Coast Water District (SCWD) became the successor entity.

The Authority was created for the primary purpose of selling bonds to finance the acquisition of capacity in the Jay B. Latham Wastewater Treatment Plant. Financing for the acquisition of such capacity is provided from the proceeds of the bonds and monies as provided by SCWD.

The powers and functions of the Authority are exercised by the Board of Directors, of which two Directors may be appointed by the Board of Directors of SMWD and three Directors may be appointed by the Board of Directors of SCWD. Currently, each Member appoints two Directors to serve on the Authority's Board of Directors. Each Director holds office until he/she is removed with or without cause, at the sole discretion of such legislative body. When a budget is necessary, a unanimous decision of the Authority's Board of Directors is required to approve the general budget and maintenance and operation budgets. Expenditures in excess of the approved budget must be approved by the Member affected by the requested budget change.

The criteria used in determining the scope of the financial reporting entity is based on the provisions of Governmental Accounting and Financial Reporting Standards Codification 2100, *The Financial Reporting Entity*. The Authority is a special purpose government and there are no other activities or component units required to be included in its financial statements.

Basis of Accounting and Measurement Focus

The accounting policies of the Authority's basic financial statements conform to generally accepted accounting principles in the United States of America (GAAP) applicable to state and local government agencies using pronouncements issued by the Governmental Accounting Standards Board (GASB) and as such, the Authority reports its activities as an enterprise fund. The basic financial statements presented are reported using the economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they are earned, and expenses are recognized in the period incurred, regardless of when the related cash flows take place.

**SANTA MARGARITA/DANA POINT AUTHORITY**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2023**

**1. Organization and Summary of Significant Accounting Policies (Continued)**

The activity of the Authority consists solely of collection of amounts due from SMWD and payment of debt which are reported as operating revenues and expenses.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources, and disclosure of contingent assets, deferred outflows of resources, liabilities, and deferred inflows of resources, at the date of the financial statements, and the reported amounts for revenues and expenses for the reporting period. Actual results may differ from those estimates.

Due from Santa Margarita Water District

Amounts due are valued at the unpaid outstanding amount to be collected. There is no current allowance deemed necessary, as repayments are estimated to be paid.

Deferred Gain or Loss on Debt Defeasance

The advance refunding of certain bonds resulted in refunding gains or losses. Losses are included as deferred outflows of resources and gains are included as deferred inflows of resources on the accompanying Statement of Net Position and are amortized over the shorter of maturity of the refunding debt or the remaining maturity of the refunded debt using the effective interest method.

Income Taxes

As a governmental entity, the Authority is exempt from income taxation under provisions of the Internal Revenue Code and related state statutes; accordingly, no provision for income taxes has been provided in the financial statements.

Net Position

The financial statements utilize a net position presentation. Net position represents the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position is reported as restricted when there are limitations imposed on their use, either through Authority resolution or external restrictions imposed by outside parties for use for a specific purpose. There are no limitations on the use of net position at June 30, 2023.

When both the restricted and unrestricted components of net position are available, restricted resources are used first and then unrestricted resources are used to the extent necessary.

**2020 Revenue Bonds Series A**

In September 2020 the Authority issued \$53,895,000 of Water and Wastewater Revenue Bonds, Series 2020A (2020A Bonds). The proceeds of the bonds were used to finance the acquisition and construction of certain improvements to the SMWD's water and wastewater system, to prepay three State Water Resources Control Board contracts, and to pay costs incurred in connection with the issuance of the bonds. The 2020A Bonds have interest rates from 3.00% to 5.00% that mature annually on June 1 from 2021 to 2050. The final maturity date is June 1, 2050. The source of repayment of these bonds is from net revenues of SMWD's water and wastewater system, which consist of revenues remaining after the payment of operation and maintenance costs of SMWD's water and wastewater system. All net revenues are irrevocably pledged to the payment of these bonds.

Principal and interest payments on the 2020A Bonds are payable from and secured by a pledge of all amounts received from SMWD, in connection with the Authority's issuance of the 2020A Bonds and are discussed in further detail in SMWD's Annual Comprehensive Financial Report. As of June 30, 2023, the outstanding balance was \$48,840,000.

**2014 Refunding General Obligation Bonds Series A**

In July 2014, the Authority issued \$65,340,000 Refunding General Obligation Bonds 2014 Series A (Serial \$63,210,000 and term \$2,130,000) with interest rates from 3.00% to 5.00% that matures annually on August 1 from (serial) 2015 to 2029 and (term) ending in 2032. The proceeds of the bonds were used to refund the 2003 Series A and 2004 Series A bonds. The final maturity date remains the same, at August 1, 2032. The source of repayment of these bonds is special assessment tax revenues for debt service, which is secured by land.

Principal and interest payments on the 2014 Bonds are payable from and secured by a pledge of all amounts received from SMWD, in connection with the Authority's issuance of the 2014 SMWD Refunding Bonds and are discussed in further detail in the Santa Margarita Water District's Annual Comprehensive Financial Report. As of June 30, 2023, the outstanding balance was \$6,090,000.

**2017 Refunding General Obligation Bonds Series A**

In April 2017, the Authority issued \$29,375,000 Refunding General Obligation Bonds 2017 Series A with interest rates from 3.00% to 5.00% that matures annually on August 1 from 2019 to 2038. The proceeds of the bonds were used to partially refund the 2009 Series A bonds (Improvement District Nos. 2, 2A, 3, 3A, 4, 4A & 4B), which had an interest rate of 2.00% to 5.25%. The refunding resulted in the recognition of a deferred loss of \$1,584,493, which will be amortized over the remaining term of the bond. The final maturity date remains the same, at August 1, 2038. The source of repayment of these bonds is special assessment tax revenues for debt service, which is secured by land.
